

Pacific Coast News In Brief

OWEN MOORE, ACTOR, SUFFERS POISONING.

LOS ANGELES—Owen Moore, motion picture actor, was in the Good Samaritan hospital here last night suffering from blood poisoning which set in his right arm Saturday, his manager announced. The arm was injured in an automobile accident two weeks ago.

THEY WILL HAVE 80 DAYS IN THIS MONTH

SEATTLE, Wash.—More than 350 passengers who arrived here on the steamship President Madison, will live 80 days in February this year, a phenomenon seldom experienced by travelers.

The reason for the 80 days in this month is due to the fact that the vessel crossed the 180th meridian on February 1st and in a leap year. In order to balance time, one day of the period spent in crossing the Pacific ocean eastward is repeated, permitting the passengers to enjoy two days having the same date, February 1st.

BAKER COUNTY WOOL SOLD AT 40 CENTS.

BAKER, Ore.—All the wools stored in Baker county, approximately 600,000 pounds, was sold today to J. Koshland & Co. of Boston. The price was 40c a pound with the exception of the Charles Colton clip, which brought 42c. The sale was made through William Pollman, local banker. The wool will be shipped at once to Portland and from there through the canal to Boston.

DUNSMUIR BRAKEMAN HAS 30-FOOT FALL

YREKA, Calif.—A. A. Williams, brakeman of Dunsmuir, walked along the Clear creek bridge Thursday night peering under his freight car to locate a defective pair of brake shoes. It was dark and Williams had to bend over to get a good look. Finding the trouble, he edged sideways to get a better look, and stepped off the trestle and plunged 30 feet to the rocky creek bottom. He fell on his head and nearly broke his hip. For a time Williams believed his leg was broken, but examination revealed that he was only bruised and shaken up. His head was uninjured.

FEATHER RIVER MILLS TO START WORK SOON

OROVILLE, Cal.—With a free movement of lumber under way, mills in the Feather River canyon are preparing for 1934 operations, and the present intention of most of the companies now is to start cutting on March 15.

The Swoyne Lumber company of this city will start logging the middle of this month unless unforeseen weather conditions prohibit. The mill here will start on March 15.

Hutchinson Lumber company officials of this city could not state yesterday when their mill will start.

SALEM PLUMBERS TO GET \$8 PER DAY

SALEM, Ore.—A wage scale of \$8 per day, granted to Salem plumbers by the board of arbitration selected to settle differences existing between master and employing plumbers here, represents a compromise between the old scale and the demands of the master plumbers, who were asking \$8.50 per day. The new scale announced Tuesday is to be retroactive to January 1, last, when the old contracts expired.

ATTORNEY-GENERAL TO BE CANDIDATE.

SALEM, Ore.—L. H. Van Winkle, attorney-general, has let it be known that he will be a candidate for reelection, entering the lists for the republican nomination in the May primaries. Van Winkle was appointed to his present position by Governor Olcott upon the resignation of Geo. M. Brown, and was elected in 1920. So far no other candidate has appeared.

LONG-BELL PAY BIG PRICE FOR TIMBER

LONGVIEW, Wash.—The Long-Bell Lumber company purchased the timber on section 16, township 10 north, range 3 west, Tuesday, at a price of \$185,144, the largest price ever received by the state for timber on a single section of land. The county cruise showed 43,000,000 feet.

FLAG INCIDENT MAY CAUSE AMBASSADOR TO RESIGN OFFICE

BERLIN, Feb. 8.—The foreign office refuses to discuss reports of Ambassador Widefeldt's resignation as a result of the Washington flag incident, but it seems clearly the government's intention is to shift the responsibility to the ambassador.

Residents of the Panama canal zone must have permits to maintain gardens.

BOTULISM: A DEADLY FOOD POISON

BY THE OREGON STATE BOARD OF HEALTH.

Botulism is a deadly food poison. The name botulism has lost its original significance which was sausage poisoning. It was thought that the germ that produces the poison causing botulism would grow only in sausage, but it is now known that it will grow in ham, cottage cheese, string beans, corn, asparagus and ripe olives.

Botulism is a rare disease but is more common in Europe than in America. In a period of 22 years there were 150 people ill and 111 died of the disease, among approximately 100,000,000 people. Therefore it cannot be compared in magnitude to tuberculosis or syphilis. Botulism is the cause of forage poisoning in horses and of lumberneck in chickens and turkeys.

There has been a marked increase in the number of recorded outbreaks of botulism in the United States within the past few years. The present outbreak in Albany is the only one in the history of Oregon and in the number of cases and rate of fatality is one of the greatest in this country.

The bacillus botulinus grows only when deprived of air and at room temperature. It produces the botulinus toxin. The botulinus toxin is the only one of the true toxins that is poisonous when taken by mouth. It is exceedingly poisonous. A 250-

FIRPO BOOSTER FOR ARGENTINE

BUENOS AIRES, Feb. 7.—That Luis Angel Firpo, who was defeated by Jack Dempsey for the world's heavyweight title, has done more than any other man to make Argentina known to the American public, is the opinion of many persons recently returned from the United States. They tell extraordinary stories of the vague ideas the average American citizen still possesses about conditions and customs prevailing in the land of the pretendes to the world championship in boxing.

Firpo himself has declared that on several occasions he was asked, while in the United States, if he arrayed himself in feathers when he was at home and if it was true that raw meat was the staple article of diet of Argentina's millions. Questions such as if he had taken part in many battles with Indians, as to whether bands of bloodthirsty bandits roamed around the city of Buenos Aires, and if travelers herded together for mutual protection when setting forth upon long journeys, were fired at Argentina's boxing champion by enterprising American newspapermen. It is stated, while other travelers declare many Americans are still firmly convinced that after battle, the Argentine invari-

Anyone Else?
Desiring to supply their wants in cretonnes and curtainings should do so now while the 20% discount is still on. Several hundred patterns to select from. Largest stock in Klamath Falls.

Try This Recipe for Carnation Coconut Fudge

3 cups sugar 1/4 teaspoon cream of tartar
1/2 cup Carnation 1 teaspoon vanilla
1/2 cup water 1/2 cup shredded coconut

Boil together the sugar, Carnation, water and cream of tartar, until a soft ball is formed when a little of the mixture is dropped in cold water. Cool without stirring, then beat until creamy. When the candy begins to stiffen, add vanilla and coconut. Spread on buttered plate or waxed paper and cut in squares. Send for free book of 100 tested recipes.
