

Pacific Coast News In Brief

MOTORISTS URGED TO PROTEST TAXES

SAN FRANCISCO, Cal.—The California State Automobile association is seeking the signatures of automobile owners to a petition protesting calling upon congress to take immediate action in removing taxes on automobile ownership and operation.

U. C. REGISTRATIONS SHOW LARGE GAIN

BERKELEY, Cal.—During the period of registration from January 12 to February 13, the office of the controller of the University of California collected \$259,835 in fees and deposits from undergraduate and graduate students. This is \$5000 in excess of the amount collected from the same source in the spring of 1920.

WILD SURF HALTS SEARCH FOR CANNON

SEASIDE, Ore.—A wild surf for the past week has seriously interfered with Jim Burk's plans for investigating decking which his drills have encountered at a depth of 15 feet in the sands of Cannon Beach. Following a near fatal termination of the search for the Shark's brass cannon, when high running waves engulfed Jim and his helpers as they endeavored to sink a small cofferdam on the site of their find, all operations have been called off until March 1.

REDWOOD HIGHWAY HAS AD CAMPAIGN SLATED

GRANTS PASS, Ore.—There will be no lack of advertising for the Redwood highway this summer. Counties, cities, companies and individuals along that route have united in one big advertising campaign, to be carried on for a three-year term by the use of large sign boards placed at the main roads leading to the highway. These will be scattered throughout Oregon and California and will call attention to the wonderful scenic advantages of the Redwood highway.

DESCHUTES SPORTSMEN WORK FOR FISH STEPS

BEND, Ore.—The Deschutes Rod and Gun club, with members in all parts of Deschutes county, at a special meeting went on record as favoring the installation of fish ladders at Sherar's fall on the lower Deschutes, opening up the river to the salmon of the Columbia. The secretary of the county organization has been instructed to communicate with the state fish commission in hopes of having immediate action taken on the matter.

TRIAL OF FRED H. MILLS CONTINUED

The trial of Fred H. Mills, local attorney, who pleaded not guilty to a charge of drunkenness in police court Wednesday morning, has been continued till a later date due to the inability of City Attorney J. C. Cartman, through press of business, to prosecute the case. The case was to have been tried before a jury yesterday afternoon at 2 o'clock.

After first pleading not guilty to a drunkenness charge, Joe Nixon changed his mind and yesterday morning entered a plea of guilty. He was fined \$25 by Police Judge Gaghagen. Dan Gleason was fined \$20 on the same charge.

Frank Martin was fined \$3 after pleading guilty to speeding and having improper license plates.

PIONEER'S CACHE FOUND.

VENTURA, Cal., Feb. 20.—Fortune smiled faintly on F. W. Barron, an indigent ex-Canadian soldier, when he was cutting down an old pepper tree near here recently. As the tree fell he noticed a knot hole in one of the upper branches with a piece of decayed wood nailed across it. Pulling off the board, he caused a piece of old burlap to drop and with it a roll of bills. Barron found \$50, mostly of \$1 denomination and all of 1841 date.

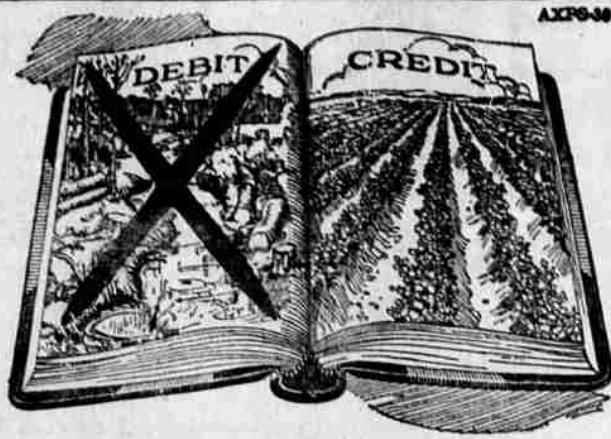

TOURISTS TO HAVE GUIDES IN TURKEY

CONSTANTINOPLE, Feb. 21.—The tourist companies having announced that many American travelers are due to visit Constantinople this spring, the local Turkish authorities gave shrewd consideration to the impressions these foreigners might carry away of Turkey and the

result, it has been decided to have Americans with Turkish guides in the city, thus breaking an old tradition. Never in the past have

Turks acted in this capacity; the work always has been done by non-Moslems. The guide service is to be without cost, so it is said, and as only Turks will be employed, there will be no danger of aliens spreading unfavorable reports of the coun-

try and the people. It is estimated that some 3,000 Americans will visit the Turkish capital this spring, on the many tourist steamers that have placed Constantinople on their itinerary.

Stump Acres Earn No Money

UNCLEARED land will "eat its head off" in taxes and in the loss of crops you could produce on it. Stumps don't earn anything—they're "squatters" and should be replaced with crops.

The lower cost of clearing land with Pacific Stumping is shown by the increase in the number of ranchers in this neighborhood who are using it today. It shoots, stick for stick, with any standard stumping powder, but you get one-half more acres for your dollar. Pacific Stumping does the job right—more land cleared at less expense. And Pacific Stumping does not freeze or give a headache from handling.

We can give you complete explosives service. Our stocks include Pacific Stumping and other du Pont dynamites for use on the farm. Let us figure on your requirements.
