## FISHING SEASON TO OPEN MAY 15

Fishing season in Klamath county will open April 15 this year instead of May 15. Wm. McNealy told members of the Klamath Sportsmen's association at a special meeting in the chamber of commerce last night. The meeting was called to hear a report from McNealy, who recently attended the meeting at Portland of the State Sportsmen's association, on game questions pertaining to Klamath county.

If the supreme court at the present time, there is a case pending which, when it is decided, will determine whether or not the state game commission has the power to change the opening or closing dates of fishing or deer season over the head of a law enacted in the state legislature.

If the game commission is found to be exceeding its authority, the opening of the Klamath fishing season will automatically revert to April 15 as the game commission changed the opening date from April 15 to May 15 at the request of the local sportsmen.

On the other hand, if the game commission is upheld, the opening date will be changed to April 15, according to unofficial information received by McNealy from the state game commission in Portland last week.

According to Marion Barnes, who attended the meeting of the state game wardens in Portland last week, the recommendation of a 40-day deer season did not meet with favor. Most of the wardens were in favor of a 30-day season.

The reclaiming of breeding grounds on Tule lake was discussed. The local association advocates the diking off of all agricultural land and then letting in water to the remainder of the lake bottom. A report was made on an investigation concerning the number of birds that made the lake their breeding grounds. The report showed that 40,000 birds breed there each year.

## HENLEY SCHOOL NOW ACCREDITED

When J. A. Churchill, state superintendent of public instruction in Oregon, arrived in Klamath Falls, last Friday evening, one of the things he planned on doing was to inspect Henley school with a view of placing it on the list of standard high schools of the state. Saturday afternoon he motored to Henley school and after inspection placed it on the accredited list. Students graduating from the Henley high school will now be admitted to the universities without being required to take entrance examinations.

### STRIKE LITTLE FELT IN IRELAND

DUBLIN, Feb. 26.—The English railway strike has had little effect on Ireland. Mail trains are running almost on the usual schedule with only trifling delays and the traffic in livestock has not been interrupted. The strike may affect the coal supplies of Belfast if it continues.

### DANZIG OPPOSES WAR DEPOT SITE

GENEVA, Feb. 26.—The free city of Danzig, which is under control of the League of Nations, has protested to the league against the site picked by the Polish government for a war depot. The site is too near the city and likely to endanger life in the event of explosions, declares the protest.

**INTERESTING TRIP**  
The pioneer spirit inspired Mr. and Mrs. Leslie Rogers and Mr. and Mrs. C. H. Underwood Sunday and on the strength of optimistic information derived from a trapper, the party started out for the Lake of the Woods early Sunday morning. To attempt such a trip at this time of the year has been unheard of in the past but the party forged on and arrived at a point six miles this side of the lake before they were forced to turn back because of snow. "We proceeded along on fairly good roads until we reached a canyon," Rogers said. "Then we struck four or five inches of snow. It was easy walking on the snow as there was a thick crust but when the heavy automobile attempted to get through, the crust would not sustain the weight and no progress could be made."
