

# Pacific Coast News In Brief

**INDIAN WOMAN, 107, DIES AT WHITE SWAN**  
**WHITE SWAN, Wash.**—Mrs. Katie Porter, better known as Mrs. McKay, aged 107 years, one of the best known and respected members of the Yakima Indians, has just been buried here. She came with her family to the reservation in 1855 when the government made the treaty with the Yakimas, and has lived near here continuously since.

**CONVICT OPENS SAFE FOR DISTRICT ATTORNEY**  
**WEAVERVILLE, Cal.**—A convict sent over from the Greenhorn State highway camp in Shasta county opened District Attorney C. A. Paulsen's safe for him Saturday.

**ANGLERS PRAISE NECANICUM FISH**  
**ASTORIA, Ore.**—Oregon state game commission is strongly in favor of closing the Necanicum river to all commercial fishing in order to build up that stream as a great sporting attraction. It has been indicated to Clatsop county sportsmen by game department officials.

**McNARY AFTER VETS' HOSPITAL IN PORTLAND**  
**PORTLAND, Ore.**—United States Senator C. L. McNary is carrying the fight for a veterans' hospital in Portland before the finance committee of the senate in face of the opposition of Director Hines of the Veterans' bureau, according to a telegram received from him today by the chamber of commerce.

**WILL COMPLETE REDWOOD ROUTE**  
**GRANTS PASS, Ore.**—The last portion of the Redwood highway not already under contract will be placed under construction this summer, according to word brought to Grants Pass. The only part of the road not being built at the present time lies from the end of the MacVicar, Logan and Hall contract, two miles the other side of the California line, to George Washington flat, a distance of 11 miles.

It is understood that the bids will be opened on May 1. This is a federal contract, with California assisting. The letting of that contract will

remove the last obstacle to Oregon's compliance with her promise of road work on the Redwood highway.  
 A government location party last week started out by pack train to revise the location of the highway on the summit.

**LEARNING BRINGS DRAIN ON RACE**  
**SAN FRANCISCO, Cal.**—Higher education is more devastating than war, through the prevalence of small families among the "highly intelligent" class, which tends toward the extinction of "better endowed stock" and so to the destruction of civilization, declared Dr. S. J. Holmes, professor of zoology of the University of California, in a lecture on "The Trend of the Race," at the Academy of Science here.

### SECRETARY WAIVED PAYMENT OF CHARGES

Due to a typographical error, the telegram of Secretary Fall to the directors of the Klamath Irrigation district, published in The Herald, February 25, read, "report that the United States will waive authority is unwarranted," when it should have read waive "payment." In the first part of the account, however, the word "payment" was used. This is called to the attention of water users to prevent any misunderstanding.

### WORLD CHANGED BY ADVENT OF AUTO

**DETROIT, Feb. 27.**—A political paradox looms ahead of the presidential primary in this state

on April 7, with the possibility of Coolidge being the choice of the Republicans of the state and Henry Ford, whose "I am for Coolidge" proved a political sensation recently, being the Democratic choice.

A few days before Ford said: "I will not be a candidate against him on any ticket, whatsoever," Ford petitions, circulated throughout the state were presented to the secretary of state as the candidate for the regular Democratic preferential choice. Having got this far, the Democratic leaders came to an abrupt halt with Ford's announcement that he was for Coolidge.

But they could not withdraw the name, as the law specifically states that only the candidate himself has this right, once the petitions are presented and accepted. To date, Ford has not withdrawn his name, and has given no intimation that he intends to. Thus the democratic backers of Ford found themselves in the unenviable position of having agitated and consummated the candidacy of a man whose expressed sympathies are all with the op-

position.  
 While President Coolidge has been named as the preference of Governor Alex J. Grovesbeck and Bert D. Cady, chairman of the Republican state committee, United States Senator Hiram W. Johnson has whipped an organization into shape, named his county and state managers, established his headquarters and named Michigan as a battle ground by making one of his first campaign speeches here. Johnson supporters recall that Michigan expressed its presidential preference for the California Senator in 1920 and they say that that favorable sentiment still exists.  
 A significant point in connection with Michigan's state politics is the almost lack of early discussion of issues. The Teapot Dome disclosures created somewhat of a furor in Michigan political circles, mainly because they involved Edwin Denby, secretary of the navy, a Detroitite. The reaction in the case of Denby has been somewhat of a slotting out of political lines in going to the navy secretary's defense.

### NATIONS REVISE HOURS OF LABOR

**GENEVA, Feb. 27.**—Official statements issued recently by the International Labor bureau showed the tendency in various countries to revise the hours of labor. It was noted that in Belgium a bill has been introduced to amend the existing eight-hour law limiting the restriction to actual hours of actual work.  
 In Germany, it is pointed out, the eight-hour day remains in principle, but provision is made for exceptions, and in some industries, notably in the Ruhr, a prolongation of hours of work is already in operation or on the point of acceptance, despite some opposition by the workers. In

Denmark, the question of slightly increasing the hours of work is being discussed.  
 On the other hand, says the labor office, word comes from Bulgaria that the government is gradually extending the application of the eight-hour law.

Dr. Mallett announces he will be back in Klamath Falls and in his office to receive patients Wednesday a.m. February 27th, 1924.
