PINE TREE HAS GREAT SHOW

The Pine Tree scored another success with the crowds yesterday with the showing of Belasco's great stage play, "The Girl of The Golden West," a First National production, which will be shown for the last time tonight. J. Warren Kerrigan the popular film star has the role of the gay-romantic bandit of the early '49 days and Sylvia Braemer plays the part of the girl. This is the greatest part of her career and she handles the role splendidly. The settings are beautiful and the characters are true to early period of '49. It is evident that Director Carey spared neither time nor expense in making "The Girl of The Golden West," a thoroughly great picture. The California of '49 is revealed; the rustic Polka saloon with its cosmopolitan crowd, the covered wagon, the miner panning for gold, the medicine man with his high silk hat, all pass before your eyes in this great drama. Added to the production is a beautiful scenic background, which seems to revive all the romance of the early days. A clever comedy and the News reels rounded out an excellent show.

Gas On Stomach Made Her Nervous

For 12 years Mrs. Cook had gas on the stomach and was nervous and short of breath. Finally she took simple glycerine, buckthorn bark, etc., as mixed in Adlerika, and it did her a world of good. Most medicines act only on lower bowel but Adlerika acts on BOTH upper and lower bowel and brings out all gases and poisons. Helps any case of gas on the stomach in TEN minutes.—Whitman Drug Co.—Adv.

STAR THE 27 FEATURE CAR
Taking the "Guess" Out of Automobile Buying
In the past most cars have been bought blindfolded.
Paint, sidewalk reputation and glib salesmanship sold cars—and sold is the word—as many a motorist secretly acknowledges.
Today the man who buys a car wants facts—definite facts, comparative facts, proven facts—and he is entitled to them.
Proof?—Walk into any Star Dealer and just say: "27 feature reasons," and you will be in for the most instructive and profitable half hour you ever spent.
Facts? Yes—27 and more, and every one of vital interest to the man whose motor purchase has heretofore been largely a matter of guess work.
Built to this ideal—the Lowest Priced High Grade Car in the world—The Star Car—with its characteristic handsome lines, its distinctive radiator design—plus its 27 feature reasons—is the logical buy for the man of modest income, whose motor investment must pay satisfaction dividends.
Today—step into a Star Show Room—and a Star dealer will quickly show you how most of the "guess" in automobile buying is eliminated in purchasing a Star Car.
