## MALIN TRIMS KLAMATH HIGH

MALIN, May 8.—(Special)—On a slow game, replete with errors on the part of the visiting team, the Klamath Falls high school baseball team was defeated by the Malin high school team on the Malin field by a score of 13 to 3.

The Malin boys took the lead early in the game and at no time were they in any danger. The Klamath Falls boys came to Malin expecting an easy victory, and were a little upset to find that we had a real team here. They dropped the ball when they should have had easy outs, and threw it away when they were not otherwise booting it around the field.

Ivan Ottoman pitching for the Malin boys, whiffed numerous batters,

while all of the Malin boys seemed to have their batting eye and hit the ball so hard and frequently that Klamath Falls found it necessary to use three different pitchers in an effort to check the inflow of scores.

## CLASSIC MARATHON RACE IS CROWN OF ATHLETIC PROWESS

NEW YORK, May 9.—A silver cup donated by an enthusiastic French man to a runner able to negotiate the marathon distance "without drying up a result," was responsible for the revival of this classic event, considered today the feature of the Olympic Games and the crowning exhibition of athletic prowess.

The marathon, 42 kilometers or 26 miles 385 yards, takes its name from the site of the ancient battle of that name, and its distance that over which the runner with news of victory travelled to waiting Athens.

M. Michel Breal, a young Frenchman, advanced the plan to put such a race on the program when Baron Pierre de Coubertin first suggested the revival of the Olympic Games.

The first race, held at the 1896 games at Athens, was won by a Greek shepherd named Spiridon Louys, who fasted for two days and spent the nights after his triumph in

prayer before holy pictures. Astounding talks of human endurance have been told about athletes who have won honors in this long grind. In Antwerp in 1920, Hannu Kotchmalnet, a Finn, won first honors in the Olympic record time of 2 hours, 33 minutes, 35 4-5 seconds, crossing the finish line 13 1-2 seconds ahead of J. Loerman of Estonia. Four minutes behind Loerman came a young Italian, A. Valerio, who, upon crossing the finish, turned about and applauded the spectators by turning a double somersault to prove his physical condition. A. Brees, a Belgian, followed the Italian to the tape and then made an extra lap of the big track carrying a shield with his national colors.
