

# PROTEST MADE AGAINST BOUT

## Church Meetings Ask That Indiana Governor Stop Match

GRAND RAPIDS, Mich., May 28.—The Presbyterian general assembly today adopted a resolution asking the governor of Indiana to prevent the Gibbons-Carpenter fight at Michigan City, Saturday.

SPRINGFIELD, Mass., May 28.—The Methodist Episcopal general conference today voted to protest to the governor of Indiana against the Carpenter-Gibbons fight.

## ALUMNI CAMPAIGN OF UNIVERSITY IS MEETING SUCCESS

(Special to The Herald)  
PORTLAND, May 28.—Alumni of the University of Oregon more than doubled their previous subscriptions to the alumni fund of the gift campaign over the week end. Additional subscriptions of \$79,180 announced yesterday, bring the gifts from graduates and former students of the University who live in Portland to a total of \$156,852.  
"Interest in the alumni campaign in Portland is steadily increasing," said F. H. Young, city chairman, who presided at an alumni luncheon in the Multnomah hotel, "and we are going to keep on working until every graduate and former student in the city has had a chance to contribute. An especially gratifying feature of the campaign is the response of persons who attend summer sessions or took work in the extension department. Many of them are joining wholeheartedly in the movement." The alumni welcomed Dr. Esther Hohl Lovejoy, of the class of '94, who, as president of the American Women's Hospital association, has just been awarded the ribbon of the Legion of Honor by the French government in recognition of her service in France during the war. "Those of you who are working among the alumni are discovering what I found out during the war," she said. "I used to think I could not ask anyone for money, but during and since the war, more than two million dollars has come to our hospital association, most of which I myself raised. We alumni will never make the university of Oregon great unless we work to get things for her just as hard as we work to get things for ourselves. We can't build buildings with wishes. We must work and give, and when we have done our part of the job, the private citizens of Oregon will follow our example."

## NEW YORK POLICE PLAN CAREFULLY FOR CONVENTION

NEW YORK, May 28.—Every bureau of the New York police and fire departments, with the exception of marine, rum and harbor patrols, will contribute units for the protection of life and property and the regulation of traffic during the Democratic national convention in June.

Under a system drafted by Police Commissioner Enright, Madison Square Garden, the adjacent park, where thousands of non-delegates are expected to hear the convention proceedings by radio, and the surrounding district for blocks in each direction, are to become almost a restricted area during the convention period.

This system will be put into effect without adding a single man to the existing force of 15,000. "Given time to make our plans," the Commissioner told Stanley J. Quinn, directing vice president of the local non-partisan National Convention Committee of 500, "we can cope with 200,000 visitors without calling for reinforcements. In fact, it will be easier for us to maintain order and avoid traffic congestion for this convention than it often is to perform such duties at the scene of a championship prize fight, a world's series of baseball, a big fire, a spectacular accident, a sensational crime, a demonstrative political mass meeting, or on any occasion when comparatively small crowds gather spontaneously."

Each of the numerous entrances to Madison Square Garden will be closely guarded, underground as well as at street level. Streets leading to the auditorium will be roped off for two or more blocks so that only such traffic, vehicle and foot, as is identified with the convention can pass through the lines.

Uniformed police and plainclothes men will be scattered among seat-holders at the Garden, throughout Madison Square Park and over all that section, on the lookout for ticket scalpers, panhandlers, gamblers, swindlers, pickpockets and such products of the underworld as pry upon humanity whenever it gathers in large numbers.

## INTRODUCING RIN-TIN-TIN TO KLAMATH

## KLAMATH SEEN AS MECCA FOR MOVIES

(Continued From Page One)  
possession of his sweetheart and his timber holdings. The last fade out shows the hero and heroine in a canoe with their little children and Rin-tin-tin enjoying the privilege of their Oregon home—the river being none other than our own Klamath River.  
First of Series.  
This picture is the first of twenty productions to be filmed by Warner Bros. this year, and it will be released in about four months. The public will remember Rin-tin-tin as he appeared in his last picture, "Where the North Begins," and which Mr. Poole states will be played at the Liberty Theater here next Saturday. By bringing Rin-tin-tin into this locality and making the first moving picture to be shot in this district it will bring the desirability of this location before the eyes of other producers, and open up a new field of industry for Klamath Falls. Mr. Duncan states that there is a demand for good clean Western pictures in the motion picture world, that the public is tired of sex pictures and hokum, and producers are searching for new locale, as California has been used until every hill and river is familiar to the theater goer.

## DISABLED VETS TO MEET AT SPOKANE

SPOKANE, Wash., May 28.—More than three hundred delegates, representing eight cities of the state are expected to attend the annual state convention of the Disabled American Veterans, which opens here Thursday for a three day session, May 29 to 31.  
Business sessions will be conducted mornings and afternoons on Thursday and Saturday according to the program announced by committees in charge, with election of officers scheduled for the latter day.  
Friday, Memorial day, will be devoted almost entirely to memorial exercises, it was announced. Services will be conducted at local cemeteries and the graves of soldiers will be decorated. Representatives of the convention will enter the Memorial day parade and later in the afternoon will attend a dinner given by the Federation of Women's clubs.  
Numerous speakers will appear on the program during the three day session.  
Robert K. Yandell of Spokane is president of the state organization; L. F. McGee, Spokane, adjutant; F. E. Butler, Spokane, treasurer, and Fred B. Knapp, Seattle, senior vice-commander.

## EFFORTS ARE MADE TO CURB EPIZOOTIC

LOS ANGELES, May 28.—The Federal and State quarantine officers have undertaken to prevent the wholesale infection in the southern part of the county of Los Angeles by securing the consent of owners of herds that have come in contact with infected animals, and have become exposed, to kill and bury such animals, so that an outbreak among them will not occur, thus causing further spread of the foot and mouth disease.  
This accounts for a large number of cattle being reported destroyed yesterday; there are several thousand dairy cows located in the section east of Compton, and to the Orange county line, and south of Downey road.  
In many instances only a barbed wire fence separates them, and in such cases it is almost impossible to prevent the disease spreading except by "backfiring."  
The past few days the weather has been cool and cloudy which does not help any; a few days of hot sunshine which we usually have at this time of the year would aid materially to clear up the infected premises.

# LAFOLLETTE MOVE PETITIONS HERE

Believing that the time has arrived when a call to service should be presented to Senator Robert M. LaFollette of Wisconsin with headquarters in Chicago is assuming the responsibility of circulating petitions asking him to lead an independent Progressive movement to re-establish honest and representative government in this country. They confidently believe that this will demonstrate to Senator LaFollette the existence of a wide-spread demand that he lead such a movement and at the appropriate time these petitions will be presented to him by that committee. If you have similar sentiments we ask you to call on C. J. Briler Store, 438 Main and sign these petitions.  
These petitions are informal. No legal qualifications are necessary. Any citizen, either man or woman who desires may sign. —(Political Advertisement.) M 28

## INTEREST SHOWN IN PROGRAM OF GALLI CURCI AT MEDFORD

The Galli Curci concert at the Medford Armory Saturday evening, May 31st will undoubtedly attract a record crowd.  
Galli Curci is a world figure and is acclaimed every where by the press and public as being the greatest soprano of this century. Music lovers of Klamath Falls are availing themselves of this opportunity of hearing this great singer.  
The Armory is a large building with perfect acoustics and capable of seating an audience of three thousand people, so that all who come may be assured of a good seat.  
Phone or write Andrew Bros., Medford Pharmacy for seat reservations.

## KANSAS CITY WILL WELCOME SHRINERS

KANSAS CITY, May 28.—Lavish preparations for the 101st year of Shriners, expected to sweep into Kansas City for the Fifteenth Imperial Session of the Noble Order of the Mystic Shrine, June 2-5, are being made by the nobles of Ararat Temple here. "Hang Your Hat with Ararat" is the slogan broadcast, which the convention committee expects to be taken advantage of by 35,000 wearers of the fox.  
More than \$300,000 is being expended on decorations, entertainments and features. Between 80 and 90 temples will send their uniformed bodies.  
"Pullman cities" will be set up in the railroad yards to house delegations coming on their own special trains. City water and electric lights will be installed, and restaurant and dining car service will be provided conveniently close to the cars. Kansas City hotel men and hundreds of private home owners will care for others.  
Sixty-five thousand Shrine convention camel trail markers have been erected along 5,000 miles of highway. They may be seen from Winnipeg to New Orleans and from Los Angeles to Washington, D. C.  
Local radio stations announce their entire facilities will be turned over to the Shriners. Shrine banquets, glee clubs and other entertainers will broadcast for practically three days and nights.

## NOTICE

I will be absent from Klamath Falls from May 24, to June 4. Address Erwin Dietsche, M. D., Hotel Chancellor, San Francisco, California. M. 23—J. 3
