KLAMATH FALLS, OREGON, MONDAY, JUNE 9, 1924.

PRICE, FIVE CENTS

REPUBLICAN HOSTS GATHERING FOR CONVENTION

Six Hundred Indian Voters Are Gained By Klamath County

KLAMATH BACKS NEW MOVEMENT OF PROTECTION

First steps in the organization of a public movement to curtail the forest fire danger in Oregon have been taken by the Klamath county chamber of commerce with the formation of the "Stop Forest Fires" association, an organization of citizens that will co-operate in every way to use care to prevent fire in the timber areas and also assist in the "safety first" movement as it applies to forests.

The promoters of the organization here hope that the movement will become state-wide and that similar organizations will be formed at other Oregon cities. The new association movement has the strong endorsement of the forest department and the Forest Protective associations.

W. O. Smith has been named chairman of the association and Linn P. Sabin, secretary.

Plan is Submitted. Details of the organization plan that will be submitted to various state bodies have been outlined. An effort will be made to have Governor Walter Pierce declare a "Stop Forest Fires" day from June 23 to July 7, throughout the state.

"The object of the association is to impress upon the minds of the people the present danger to the Oregon forests and the probability that the coming summer will undoubtedly be one of the worst in point of menace from timber fires than for several years past," the association officers state.

"We earnestly hope that this association movement will be taken up throughout the state and that a concerted endeavor will be made to protect the Oregon forests from the results of man-caused fires," is the announcement.

Objectives Outlined. The following outline of the objectives of the association has been announced:

1. Organize a central committee in each town of 1000 or over in the state. This central committee should include one representative from such organizations as: American Legion, Kiwanis, Rotary, Sportsmen, Forest Protective Association, each of newspapers, Mayor, County Judge, President Ministerial association, Chamber of Commerce, Lions, Hospitality clubs, Scout Master, etc.
2. Newspapers will be glad to give proper publicity to the campaign and every effort should be especially made to line up the state papers 100 per cent.
3. Make appeal to the Governor to have June 23 to July 7, throughout the state known as Protect Our Forests from Fire Weeks.
4. Send letters to every chamber of commerce, Rotary, Kiwanis, Lions, Hospitality club, Ministerial association, Legion Post, Sportsmen's association, Forest Protective association, County Court, newspaper, in the state outlining the campaign and impress on them the seriousness of making the two weeks really worth while.
5. Take up with George Cecil, District Forester of the U. S. Forest Service in Portland, and with State Forester Elliott the necessity of them taking the lead in putting the campaign over.
6. Also get all the lumber associations active in the cause.
7. Write all Boy Scout troops, and Campfire girls asking them to sponsor the signing up of memberships during the campaign and have prizes offered to the boy or girl signing the largest number.

It is suggested that first prize in each town with a central committee should be, \$10.00; second prize, \$5.00; third prize \$3.00; fourth prize, \$1.00; fifth prize, \$1.00.

Kintergarten Plan Is Urged by Local Body

Campaign in State Movement Will Be Held in City and County

Mrs. Bert Thomas, chairman of the publicity work of Klamath County in the proposed Kintergarten measure, will speak at the meeting of the Women's Library club next Friday on the necessity and value of kindergartens in school districts. An act for the establishment of kindergartens in the state of Oregon—mandatory upon petition—is to be brought before the legislature to vote upon in the near future. Mrs. Thomas will talk at clubs, interview legislators, and give the act as much publicity as Klamath County as is possible.

Section 1 of the act reads—The School Board or Board of Education of any school district of the first class in the State of Oregon is hereby authorized and empowered to, and shall upon petition of parents or guardians of twenty-five or more children between the ages of four and six years of age, establish and maintain a kindergarten, provided that the petitioners reside within the section or neighborhood ordinarily served by the school in connection with which such kindergarten is desired. (Optional with School Boards or Boards of Education in districts other than the first class.)

Law Is Explained. When a kindergarten shall have been established as heretofore provided, it shall constitute a part of the common public schools of the district and the cost of establishing and maintaining such a kindergarten shall be paid from the general fund of the district. California has 550 public kindergartens, Washington has 37 public kindergartens, and Oregon has only 4, all of which are established in Portland.

After the provisions of the act become law, departments may be established for the training of kindergarten teachers in the Normal schools of the state, and no person shall be allowed to teach in a kindergarten school who has not completed a two years' course in kindergarten training and received a certificate from a recognized kindergarten training school approved by the state superintendent of Public Instruction.

Kindergartens would do away with the waste of time primary teachers are now required to give their pupils in kindergarten work, as the years preceding grammar school age would have been given over to kindergarten training, is the announcement.

When kindergartens have proved of such value in other states, surely they would benefit Oregon in the same manner, those here supporting the movement state.

SEVEN PRISONERS APPEAR AND PLEAD

Seven prisoners, indicted by the grand jury, who were arraigned Saturday entered their pleas before Judge A. L. Leavitt in circuit court at 2:30 this afternoon. Six of the seven plead not guilty to the charges against them. They were Charles Hazard, larceny; D. Richards, larceny; Perry Cross, larceny; Earl A. Terry, using an automobile without authority; Harry Price, an unnatural crime, Charles Wallace, failure to support.

C. H. Bush entered a plea of guilty to a charge of forgery and will be sentenced Tuesday morning at 10 o'clock. H. J. Dennis and Sidney Therault both charged with larceny were to have heard to their charges shortly after 3 today.

COURT HOLDS LAWS FOR LIQUOR VALID

WASHINGTON, June 9.—The Willis-Campbell Law prohibiting the sale or importation of intoxicating malt liquor for medicinal purposes was today declared valid and constitutional by the supreme court.

KLAMATH WINS VOTE POWER BY NEW U. S. LAW

President's Signature Adds Materially to County's Rank in State

Granting of citizenship to every American-born Indian, as provided in the bill signed by President Calvin Coolidge on Saturday, adds an estimated six hundred voters to the great register of Klamath County.

This means that the Klamath voting strength is given a jump ahead probably equal to a sudden acquisition of 2400 new inhabitants, and that the county takes a new rank within the state. It also means a new factor in both state and local politics, more particularly local, for it is an accepted fact that with the right to vote in his possession, the Indian as a class will not fail to cast the polls.

The number of Indians given citizenship by the new legislation is approximately 125,000. There are 200,000 Indians who have already been made citizens by various acts passed by congress in the past. The law just signed by the president lets down the bars and includes every Indian born within the territorial limits of the United States.

The bill providing citizenship for Indians as originally introduced and passed by the house of representatives authorized the secretary of the interior in his discretion to issue certificates of citizenship to Indians who made application for them. It was amended in the senate to grant citizenship outright to all non-citizen Indians and this amendment was finally adopted by the house. President Coolidge signed the legislation as amended.

CHILOQUIN STORE ENTERED AND CASH TAKEN FROM PLACE

Burglarizing of the store of the Klamath Supply company at Chiliquin some time Sunday night was reported here today by Curtis C. Hedrick, proprietor. Ten dollars is missing from one of the cash registers and about \$100 worth of blankets was also taken.

An attempt was made to open the safe but this was unsuccessful, and an attempt to open one of the cash registers also failed. The place was entered by forcing open a window, the store owner states.

The tools used in working on the safe were found in the Williamson river this morning near the bridge at Chiliquin. It is believed that the tools were thrown there following the burglary of the store.

CITY LIBRARY WILL STOP CIRCULATION

No books for circulation will be issued by the Klamath Falls city library for a period of two weeks starting today, is the announcement of the librarian. Due to the scarlet fever now prevalent here this decision was made. Although the fever cases are not many, it was thought best to curtail the book circulation for a short time. All those who are now holding books from the library are asked to return them, is the request made.

REALTY OFFICES TO CHANGE OWNERSHIP

In a deal completed late this morning, Sam Tyrrel and H. A. Jewett, purchased all interest in the Red Star Realty company from Fred Garich and Jack Wenzandy. The new owners took possession of the offices of the company at once.

Garich sold his interest in the realty company to devote all his time to the Altamont park that he purchased last week.

BOY SERIOUSLY WOUNDED WHEN BROTHER FIRES

Indian Lad Brought Here And Reported to Be Near Death

Beatty John, Indian boy, 17 years of age, is in a dangerous condition at the Klamath Valley hospital as the result of a gunshot wound in the head alleged to have been caused by his brother Perry John, 19, late Saturday afternoon.

The case is under investigation and tomorrow Dudley Overton, peace officer, will leave for the Sycan valley, about six miles east of Beatty, where the boys reside with their parents.

Although the parents of the boys state that the shooting was accidental, Overton reports that the injured boy here made a statement to the effect that his brother Perry, shot him following an altercation that they had at their home. Beatty John, according to Overton, stated that he struck his brother and that the latter ran and obtained a .22 calibre revolver with which he did the shooting.

Whether or not the shooting was accidental or with intent to kill will not be known by hospital authorities or the sheriff's office until after the investigation.

Hospital authorities state that the bullet entered the left eye and piercing the upper left half of the brain, followed a course to the rear skull, where coming off, imbedded itself in the brain.

John was brought to Klamath Falls Saturday night by Dr. Hough, government physician on the reservation.

ANOTHER WOMAN IN HOLD UP CARRYING BABE IN HER ARMS

LITTLE VALLEY, N. Y., June 9.—A woman carrying a small infant in one arm, flourishing a revolver with the other hand, today, helped hold up a restaurant at Dayton, accompanied by two men, the woman backed the waitresses and patrons into a corner. The trio then rifled the cash register and escaped in an automobile.

GOVERNOR WALTON LOSES IN COURTS

WASHINGTON, June 9.—The impeachment of former Governor John C. Walton of Oklahoma by the legislature of that state, is not subject to review by the courts the supreme court held today.

HOW EVENING HERALD SPECIAL NUMBER WILL BE CIRCULATED

Effective Mailing List Assured Through Plan Adopted; Chamber of Commerce Asks Title of Edition Include Official Slogan of County, "An Empire Awakening"

The question has been asked how an effective mailing list giving promise of attracting new people and new capital into this community, can be obtained for the coming feature edition of THE EVENING HERALD.

The plan developed assures a maximum result in benefits and is almost a guarantee that every copy leaving the city outside of the regular circulation channels, will fall into the hands of potential settlers. In brief the outline of the plan follows:

1. Within a few days the HERALD will commence daily the publication of a blank form on which any of the newspaper's 2500 and more subscribers will be asked to write the names and addresses of friends and relatives in other parts who are known to have their eyes in this direction. This form is to be mailed to the Feature Number editor, who will file the same and see to it that a copy of the edition reaches every address given.
2. All inquiries coming to the Chamber of Commerce of this city—and there are many arriving daily—will be served with a copy as will also those who have made inquiry since the first of the year.
3. Arrangements are being made with the state chamber of commerce, the railroads serving this state and other organizations into whose hands settlers' inquiries fall, to secure late lists of those asking about this section.
4. Through the Chamber of Commerce copies will be sent to hundreds of chambers throughout the middle west with a request that the same be hung on their reading files.
5. This newspaper will run a series of ads in leading middle west publications offering copies of the edition free upon request.

It can be readily seen that with a distribution program as extensive as above, thousands of possible homeseekers and investors will gain a direct contact with a down-to-the-minute story of this wonderful region.

The Chamber of Commerce has requested that to the name "KNOW KLAMATH COUNTY" adopted for the special number, be changed to include the slogan, "An Empire Awakening." This request has gladly been complied with and the heading will so appear.

"An Empire Awakening" is the official slogan of the local civic organization.

NEGOTIATIONS ARE STARTED AND MORE BUILDING PLANNED

Negotiations are under way for the purchase of two lots on Main street between Fifth and Sixth streets by H. E. Peltz from Mrs. Henry Bolvin and Charles Swingle. Mr. Peltz, it is understood, is planning on erecting a three-story building on the property. The first floor will be used for stores and the two upper floors for business suites.

The deal will probably be closed on Mr. Peltz's return from Corvallis. Mr. Swingle has already commenced excavation on the lot for a business building when Mr. Peltz opened negotiations. Construction of the building will cost in the neighborhood of \$100,000.

SELECTION FOR SECOND PLACE NOW BIG ISSUE

Oregon Delegation to Fight to Name Lowden as Vice-President

CLEVELAND, June 9.—The convention swirl is running at high tide and vice presidential candidates are being carried about in currents without landing anywhere. The platform builders are holding a preliminary conference and the platform begins to take shape. Lowden boomers believed he could not eliminate himself by his declaration that he did not want the vice presidency. Ralph E. Williams, vice chairman of the national committee and committeeman from Oregon, declared an effort would be made to nominate Lowden. Among other possibilities being discussed are Charles G. Dawes, Albert J. Beveridge, Judge William S. Kenyon, Imperial Wizard Evans of the Ku Klux Klan declared for Senator Watson of Indiana. Denial later was made that Watson was a Klan candidate.

Williams declared the Oregon delegation was pledged to Lowden and there was "resentment throughout the northwest" at the attempt he asserted that was being made to get the former Illinois Governor out of the field. Misleading reports that the Illinois delegates were divided as to Lowden's availability for the vice presidency, Williams said, had much to do with Lowden's decision not to be a candidate.

CLEVELAND, June 9.—Official Washington's representation was heavily reinforced today when Postmaster General New was added to the cabinet group, already on hand for the Republican national convention, and Speaker Gillett, Senator Lodge, and various other congressional leaders came in by one train, while Senator Cummins, president pro tem of the senate, and Representative Longworth, Republican house leader, arrived by another.

Active opposition to the Anti-Klan plank in the Republican platform by the Klan was pressed today by announcement that Imperial Wizard Evans would arrive today for a conference with leaders. Prominent Klansmen are quartered at two hotels.

CLEVELAND, June 9.—Republican insurgents acting through the Wisconsin delegation, will ask the Republican national convention to condemn formally the official acts of Harry M. Daugherty as attorney general and Albert B. Fall, as secretary of the interior. An official copy of the insurgent platform was made public today by Senator Robert M. La Follette, Jr. The insurgents also would have the president summon congress in extraordinary session July 7, for emergency farm relief legislative, to provide funds for the soldier bonus, and for legislation extending the time of payment to farmers on government reclamation projects, which failed to pass before adjournment of Congress, Saturday.

CLEVELAND, June 9.—Charles B. Warren of Detroit, chairman of the resolutions committee, said he had been strengthened in the belief, as a result of conferences today with republican regulars on the world court plank that the issue could be adjusted in a way that would permit the convention to endorse the court idea and at the same time bring the party and the president's policy into harmonious accord. A light wine and beer plank will be submitted by Strassburger of Pennsylvania, delegate at large.

LAW DOCKET TO BE SLATED TOMORROW

Announcement was made by Circuit Judge A. L. Leavitt this afternoon that the law docket and criminal docket would be called Tuesday afternoon at 2:30 o'clock. All pending cases will be set for trial on the docket at that time, is the report.
