

REGULATIONS OF CHARGES EXPLAINED

(Continued From Front Page) to be later announced and prior to the time limit as named in that section; that is, January 1, 1925.

Procedure Outlined. "Every person who desires to obtain an extension under section 1 of this act must file a written request therefor in the office of the project Chief Clerk. The request must state the kind of charges owing; that is, construction, operation, and maintenance, or water rental, the length of the extension desired (limited, of course, by the provisions of the section to not beyond March 1, 1927), and, briefly, the conditions and circumstances that make such extension necessary. No set form of application will be required as a basis for relief under this section, but the project Chief Clerk may find it advisable to prepare and distribute mimeographed copies of the three necessary requirements as stated above.

The board of directors of the Local Water Users' Association or irrigation district will be requested to take action on requests for relief. Following recommendation by such board the application will be considered by the Chief Clerk in connection with such data as are available in his office, notably other relief applications by the same party and data touching the general conditions of the unit in question and the division of the project involved, and render decision thereon either denying or allowing the relief sought.

Application Explained. "In cases where the Chief Clerk fully approves the request of the applicant, his decision shall be final in all other cases the application shall be referred to the Director of Finance at Denver for consideration. In the absence of an appeal, decision of the Director will be final. Appeal will lie from the Director's decision to the Commissioner and from the Commissioner's decision to the Secretary of the Interior. "Extension of time may likewise be granted to a legally organized group of water users such as an irrigation district or a water users' association. Application for such extension must comply with the same requirements laid down for the individual and such application will be submitted with appropriate recommendations by the Chief Clerk through the Director of Finance to the Commissioner for action."

al in any other cases the application shall be referred to the Director of Finance at Denver for consideration. In the absence of an appeal, decision of the Director will be final. Appeal will lie from the Director's decision to the Commissioner and from the Commissioner's decision to the Secretary of the Interior. "Extension of time may likewise be granted to a legally organized group of water users such as an irrigation district or a water users' association. Application for such extension must comply with the same requirements laid down for the individual and such application will be submitted with appropriate recommendations by the Chief Clerk through the Director of Finance to the Commissioner for action."

JAPAN BUILT CRAFT FOR WAR DEFECTIVE

TOKIO, June 11.—Japanese naval authorities are anxious about the performances of some of their newest light cruisers, which are being launched at the rate of two a year by domestic shipyards. Newspaper reports of defects are substantially confirmed by well informed experts. The light cruiser Tama, 5,500 tons, developed engine trouble recently during her trials, it is understood, and a few days previously the smaller cruiser Yubare showed similar defects in her trials.

QUART OF WATER CLEANS KIDNEYS

Take a Little Salts if Your Back Hurts, or Bladder Is Troubling You

No man or woman can make a mistake by flushing the kidneys occasionally, says a well-known authority. Eating too much rich food creates acids, which excite the kidneys. They become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood. Then we get sick. Rheumatism, headaches, liver troubles, nervousness, dizziness, sleeplessness and urinary disorders often come from sluggish kidneys. The moment you feel a dull ache in the kidneys, or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, begin drinking a quart of water each day, also get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast, and in a few days your kidneys may act fine.

This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to flush and stimulate the kidneys; also to help neutralize the acids in the system, so they no longer cause irritation, thus often relieving bladder weakness. Jad Salts is inexpensive; makes a delightful effervescent lithia-water drink which everyone should take now and then to help keep the kidneys clean and active and the blood pure, thereby often avoiding serious kidney complication. By all means have your physician examine your kidneys at least twice a year.—Adv.

"Name the Man" One of Season's Strong Dramas

Pine Tree Theater Will Show Cosmopolitan's Latest Special Feature.

A forceful story by Sir Hall Caine, and an all-star cast which includes Conrad Nagel, Mae Busch, Hobart Bosworth, Patsy Ruth Miller and Creighton Hale, combine to make noteworthy Victor Seastrom's first American production, "Name the Man!", which comes tomorrow to the Pine Tree theater.

"Name the Man!" is from the celebrated English novelist's recent best seller, "The Master of Man." It tells the striking story of a young judge whose first act of office is to pass judgment on a girl he himself wronged.

The courtroom scene, which is one of the intensely dramatic incidents in the story, calls for some of the greatest emotional and dramatic acting which has ever reached the American screen — with a man-human, erring, whose deep and lasting affection for one girl is pitted in combat with his pledge to duty which calls him to say "you must die!" to a frail, sweet girl who owes her downfall to him, her judge.

By starting now, and studying three hours every night, you may be able to decide where to spend your vacation this summer.

RED PEPPER FOR RHEUMATIC PAIN

Red Pepper Rub takes the "ouch" from sore, stiff, aching joints. It cannot hurt you, and it certainly stops that old rheumatism torture at once.

When you are suffering so you can hardly get around, just try Red Pepper Rub and you will have the quickest relief known. Nothing has such concentrated, penetrating heat as red peppers. Just as soon as you apply Red Pepper Rub you will feel the tingling heat. In three minutes it warms the sore spots through and through. Pain and soreness are gone.

Ask any good druggist for a jar of Rowles Red Pepper Rub. Be sure to get the genuine, with the name Rowles on each package. Adv.

DANCE at Malin Saturday, June 14, 1924 Good time for everyone Music by Malin Malin Orchestra The same old Orchestra that played last winter

Better Cooking

Friends of your own with electric ranges will tell you that electric cooking with controlled heat gives better results, and does it more cheaply.

Hundreds and hundreds of our subscribers revelling in this modern clean way of house-keeping, have no untidy wood or coal fires to tend—and say it would be cheap at twice the actual cost.

Let us convince you of how surprisingly low the average bill runs—from the current monthly statements in our books.

Ask about the special combined rates for cooking and lighting at our local office. See the electric ranges today at your electrical dealer's. You can get one on easy payments to be installed immediately.
