

DEMOCRATS TO PREPARE ARENA

Madison Square Garden Is Being Made Ready For Conclave

NEW YORK, June 13.—The vast amphitheater of Madison Square Garden is reverberating with the clamor of an army of workmen and a corps of architects, who invaded the historic old structure to dress it up for the National Democratic Convention beginning June 24.

The Democratic party will be in possession of the Garden until July 15 under the terms of the Executive Committee's lease with Tex Rickard. Day and night, from now until convention time, the metamorphosis of the picturesque place will continue. Then, immediately the delegates finish their nomination and adjourn, will begin the laborious process of converting the Garden into its old self again.

The whole job, on which it originally was intended to spend about \$40,000, will cost approximately \$50,000, according to George F. Mara, director of convention arrangements. First, plans for alterations have been elaborated to include the installation of thousands of more comfortable seats than the Garden boasted, the erection of speakers' and press platforms which will cover the entire arena, the installation of new ventilating systems, and a thousand-and-one jobs that will add to the beauty and comfort of accommodations.

Building To Go.
This probably will be the Garden's farewell bow to the public as an auditorium for political sessions on such a grand scale, for it recently was announced that it soon would be raised so that a towering commercial structure could be erected on the site.

To the Democratic convention delegate and visitor Madison Square Garden will present the appearance of a huge oval basket with flat bottom and terraced sides. The speakers' platform, with seats for 353 delegates, will push out from the long side of the oval, facing south.

Platforms for the press will flank the speakers' stand, on a level 3 feet and 4 inches below it and extending right and left almost to the far ends of the oval. There will be seats for 850 news reporters and editors.

Then, directly in front of the speakers' stand, but 7 feet 3 inches below it, will be arrayed the ranks of delegates, with alternates flanking them to right and left at the same level.

Overhanging the bottom of the bowl will be the boxes, seating six to ten persons, which will be given over to those who have contributed to the party or local citizens' convention fund. Above them will stretch tier after tier of seats, extending away up to the Garden roof, for governors, congressmen, public officials, notables and party workers who fall within the "visitors" classification.

There will be 12,200 seats in all, arranged in sections with wide aisles which will make for easy exit and a minimum of work for ushers. New York City's share of the visitors' places will be 2,500.

SELECTION OF DAWES LAST CONCLAVE ACT

(Continued From Front Page)
He has been spending the week at Marietta his birth place and boyhood home. Celebrating his fortieth university graduation from Marietta college with other surviving class members. He added nothing to the brief statement that he accepted the nomination.

Career Is Varied.
Few men in America won distinction in the variety of endeavors which occupied General Charles G.

Only a Private!

Boys never will understand why Babe Ruth (right) of home-run fame was made only a private in the 10th Field Artillery of New York. Here he is with John J. Pershing who is a general despite the fact he never made a home run.

Dawes. Founder and long directing head of one of Chicago's large banking institutions, he also was prominent for his services in the world war, and as a lawyer, author and an active figure in the councils of the Republican party since the "gold" campaign of 1896.

When called to testify before a committee of the House of Representatives investigating the conduct of the war, in February, 1921, he further distinguished himself as a witness extraordinary.

General Dawes was born in Marietta, Ohio, August 27, 1865. His father was General Rufus R. Dawes, commander of the famous Iron Brigade of Wisconsin in the war between the states, who was cited for distinguished service in the battle of Gettysburg.

Following his graduation from Marietta College, he entered the Cincinnati Law School, where, at 21, he took his LL.B. in 1888.

In 1917-1919 he served in France, most of the time as chairman of the general purchasing board, which handled the supplies for the American forces. In 1921-1922 he served as the first Director of the Budget in the administration of President Harding. In the two latter posts his battle cry was coordination, and in both he carried the day—in France with a unified system of supply for the allied armies, and in America with a central bureau of control for governmental expeditions.

Ralph Williams, of Oregon was re-elected today vice chairman of the Republican national committee.

MARIETTA, Ohio, June 13.—Dawes in his first public address since his nomination today told 5000 neighbors and friends he gratefully accepted the nomination and would do his best.

COURT DISMISSES MOTOR LAW CASES

Charges of violating traffic regulations against three tourists who were not apprised of the traffic regulations in Klamath Falls, were dismissed by Police Judge Lem L. Gaghagen this morning. The three men were Mr. Woodcock, William F. Turner and J. G. Darling.

Jo Wilson and K. Chiloquin were each fined \$20 for being intoxicated. E. V. Peasley who was arrested last night on a charge of intoxication was released from custody on payment of a \$20 cash bail.

WORLD FLIERS NOW AWAIT COMMANDER

HONGKONG, June 13.—Lieutenants Leigh Wade and Eric Nelson with the mechanics who completed the flight from Halphong Wednesday are waiting at Tourane, French Indo-China, for Lieutenant Lowell H. Smith, who was forced down between Hue and Tourane. Smith has ordered a new motor to be sent at once from Saigon.

MUSCLE SHOALS IS PROJECT THAT HAS YEARS OF HISTORY

SHEPHERD, Ala., June 13.—While the development of Muscle Shoals is but a recent project in the minds of most people of the United States, the history of intent to develop this vast potential power dates back a century, according to records under observation here.

The first act of Congress with reference to the Shoals was passed when Congress gave its consent to the operation of an act passed by the Alabama legislature on December 30, 1823, to improve navigation in the Coosa river, in the center of the state, and to aid in connecting it with the Tennessee river in the north.

The company formed under these acts by Congress and the legislature was unable to sell its stock and on May 23, 1828, Congress passed another act ceding 200,000 acres of

land in north Alabama to the state so the shoals could be improved. An amendment to this latter act passed June 23, 1836, permitted the state to sell this land for less than \$1.50 per acre, which was the minimum price then allowed by federal statutes. It is said some of the land sold for as low as 25 cents an acre.

BANDIT BANDS ATTACK TRAIN

Registered Mail Is Taken In Raid Made Near Chicago

CHICAGO, June 12.—Authorities of several counties are watching all roads today for a trace of the four automobile loads of bandits, who robbed a Chicago, Milwaukee, and St. Paul express and mail train last night, carrying away registered mail estimated not exceeding \$100,000 in value. Officers found a pair of goggles and a blood pool near the robbery scene, confirming a report that one of the robbers was wounded. The robbers overcame the mail crew and guards by breaking the car windows and throwing in chlorine gas bombs.

CRAYER CASE GOES TO THE GRAND JURY

Owing to the fact that the grand jury was in session, the case of Dr. R. B. Craver, charged with performing an illegal operation on Mrs. Lula Johnson which, a coroner's jury adjudged caused her death, did not come before Justice of the Peace R. A. Emmitt in Justice court as originally planned. Instead the case was taken directly to the grand jury and witnesses examined by that body.
