

INDICTMENTS IN OIL CASE FOUND

Grand Jury Makes Return Against, Fall, Dohney and Sinclair

WASHINGTON, June 30.—Criminal indictments were returned by the federal grand jury today against Albert B. Fall, former secretary of the interior, Harry F. Sinclair, and E. L. Dohney, Sr., oil operators, and E. L. Dohney, Jr., as an outgrowth of the leasing of the naval oil reserves.

Four indictments were returned. The first named Fall, Dohney, Sr., and Dohney Jr., charging them with conspiracy to defraud the government in connection with leasing the California reserves. On the second Fall and Sinclair are accused of conspiring to defraud in connection with the Teapot Dome lease. The third charged Fall with accepting \$100,000 for using his official influence in the California leases on behalf of Dohney, Sr. The two Dohneys in the fourth indictment are charged with inducing Fall by an unlawful payment of \$100,000 to take an unlawful action.

"Eleventh Hour" Now at Liberty Theatre Here

Thrills Galore in Picture Showing Tonight at Local Play House.

A rushing tornado of whirling action that moves as swiftly as the speeding seconds! Briefly, that describes the production, "The Eleventh Hour," which began a two day run at the Liberty theatre last night. Charles Jones goes through a lifetime of adventure within less than two days counted on the calendar. He had need of all his iron muscle and nerve to do the stunts required of him in his high-geared melodrama. Submarines, airplanes, speed boats, roaring lions, pirates and high explosives are elements in the fast-moving plot. Nor did the producer forget the charming feminine side of the photoplay. Shirley Mason, dainty as ever, is seen as a talented society girl, whose ability as a dancer and whose attractiveness in a variety of rich costumes, added considerably to the evenings enjoyment. Of course, there are some people who say they do not like pictures with heaps of action and thrills. But if they were in the audience last night they probably changed their minds. Last showing at 9:15 tonight.

OBITUARY

ALICE WALDRON
After a long illness, Mrs. Alice Waldron died yesterday morning at 3:30 a. m. in the Central school where she lives with her son-in-law who is janitor of the school. Mrs. Waldron was 63 years of age and had been a resident of this city for 18 years, part of which time she was engaged in the dressmaking business. She is survived by two daughters, Mrs. Madge Coan of Klamath Falls and Mrs. Maude Faus of Merrill. Funeral services will be held tomorrow morning at 10:30 from Whitlock's chapel, the Rev. C. C. Bulet of Merrill presiding. Interment will take place at the Odd Fellows cemetery.

VIRGINIA RHODES
After an illness of two weeks, Miss Virginia Rhodes age 45, died yesterday morning at her home in Pelican city. She has been a resident of this county for the past year and a half, and has been an invalid since birth. She was born in Morgan county Alabama and is survived by her father, five brothers, two sisters. Funeral services were held yesterday afternoon from Whitlock's chapel, the Rev. A. F. Simons, presiding.

PETITION ON ROAD FILED WITH COURT

Forty residents of Chiloquin and the Sprague river valley have petitioned the county court to appropriate funds for the improvement of the county road from Chiloquin to Beatty which follows along the north side of the Sprague river. The road petition states is in very poor condition and is a source of annoyance to not only the residents who use the road daily but also tourists which are becoming more numerous.

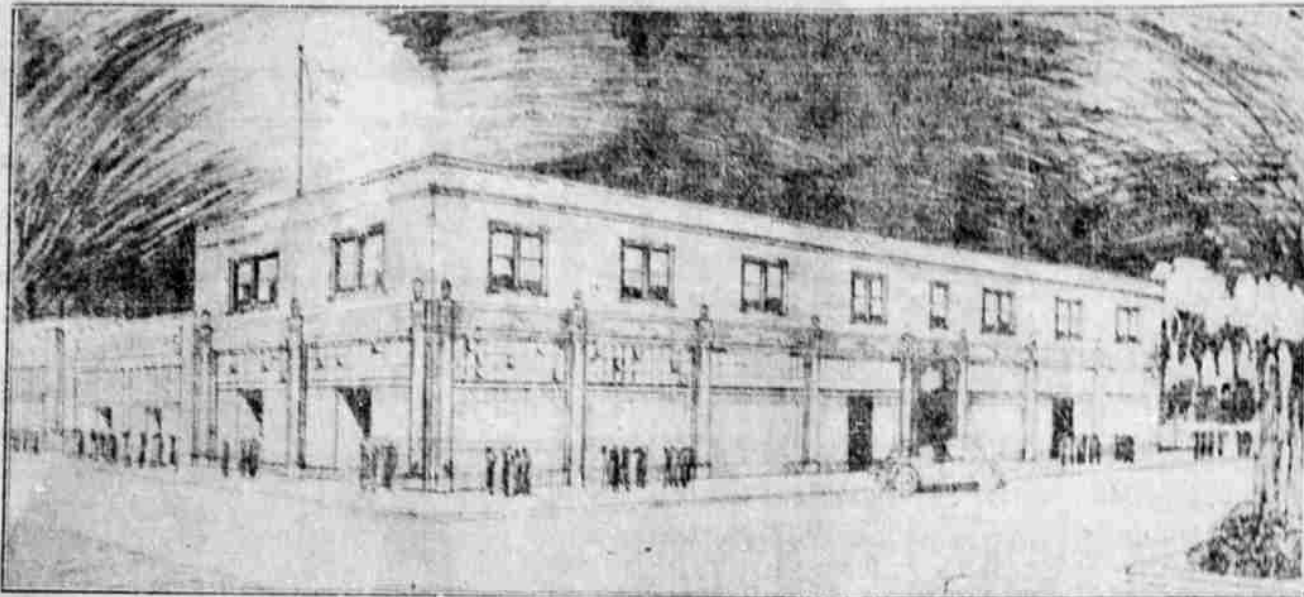

TULE FIRE CAUSES HEAVY SMOKE FOGS

Smoke from a Tule fire that has been burning off and on for several weeks, caused many a new comer to make inquiries of the location of the forest fire. The haze fire was located at the north end of Agency lake and a steady north wind yesterday blew the smoke down into the Klamath basin country, partially obliterating the usual clear perspective of the mountains of the Cascade range.

Hope is a light diet, but stimulating.

NEW MAIN STREET BUSINESS BLOCK

Architects sketch of the Hopka building to be erected at the northwest corner of Main and Eighth streets. The building to contain three stores on the ground floor and 16 offices on the second floor will cost approximately \$30,000. Starting of construction work will be under way at once.

Frederick S. Harrison, architect of the W. F. Hopka Building, states that work has been commenced and the building will be rushed to completion. The general contract has been let to R. E. Wattenburg, who will place the concrete foundation reinforcing steel, structural steel and all carpenter work. The brick work and setting of architectural terra cotta will be done by Harry Dally, brick contractors.

All the heating, plumbing work and sheet metal will be furnished by the Lorenz Company. The interior plastering and cement work will be done by White and Ewing, plastering contractors. Mr. Harrison states that the terra cotta, which is being manufactured by Gladding, McBean Co., of Lincoln, Calif., will be on the job in a couple of weeks. The structural steel has been ordered and is on the way.

The architecture calls for a beautiful distinctive type of modified Spanish Renaissance style and the effect with a special brick of variegated colors laid up in Flemish bond with a half inch white point. The terra cotta which is highly ornamental in character will be of a glazed polychrome finish which a special color to harmonize and blend with the face brick work.

Mr. Harrison is delighted to say that under the store fronts there will be a special burnt blue tile which will rival Klamath Falls Crater Lake blue. Mr. William G. Wales, resident engineer for the building, representing Mr. Harrison, will be on the work to completion. It is expected the building will be ready for occupancy by the first week in November.

PLANS MADE ON LAND IRRIGATION

(Continued From Page One.)
ment of expert agricultural and economic advice to the farmers, including an outline of a practical plan of procedure.

Improvement Planned.
Improvement of general conditions.—Recommendations shall be made as to each project on the matter of improving general project conditions, as distinguished from individual conditions, through the establishment of creameries, sugar-beet factories, etc.

Ultimate Losses.—This subject shall be exhaustively reported, and clear and convincing showings made thereon. The full assets and liabilities of each project shall be carefully set out in detail. The subject shall be treated both from a purely legal standpoint, and from an equitable standpoint.

Transfer of operation and maintenance.—The feasibility of transferring to the water users in the near future, the operation and maintenance of each project, or division of a project, shall be discussed in the report.

Recommendations.—There shall be attached to the report on each project recommendations as to what action should be taken to bring the project to a prosperous and successful condition.

LUMBER MARKET IS SHOWING INCREASE

One hundred and twenty-five mills reporting to West Coast Lumberman's Association for the week ending June 21st, manufactured 29,565,184 feet of lumber; sold 27,293,932 feet; shipped 25,596,508 feet.

New business was 8 per cent above production. Shipments were 2 per cent below new business.

Fifty per cent of all new business taken during the week was for future water delivery. This amounted to 48,726,581 feet, of which 22,706,232 feet was for domestic cargo delivery; and 25,292,349 feet export. New business by rail amounted to 1,449 cars.

Forty-three per cent of the week's lumber shipments moved by water. This amounted to 40,968,657 feet, of which 32,105,306 feet moved coastwise and intercoastal; and 8,863,351 feet overseas. Rail shipments totaled 11,651 cars.

The second crop of straw lids will be ripe soon.

Trouble with knocking around the world is it knocks you around instead.

FALL FROM BRIDGE RESULTS IN DEATH

PORTLAND, June 30.—Gilbert Goldstrom, 25, was thrown or jumped from the Burnside bridge early today. His body was found in the river, both legs broken. He had left home with a considerable sum of money and watch. Both were missing. Officials expressed the belief of suicide and thought his legs were broken by hitting the edge of rock.

94 DEAD IN STORM THAT SWEEPS OHIO

CLEVELAND, June 30.—Ninety-four persons are known dead in Ohio, as the result of a storm Saturday. Dead at Lorain number seventy. Although the loss of life is not so great as at first reported the property loss is estimated at \$20,000,000.

People who think too much of themselves do not think enough.

INCOME TAX FUNDS ASKED FROM STATE

SALEM, June 30.—The state emergency board is urging here today to pass upon the application of the state income tax department for a deficiency appropriation of \$21,000 to meet the current expenses of the department.

The board allowed \$14,665 of the \$21,000 deficiency asked by state income tax department, topping off \$6,335 for traveling and incidental expenses and including \$1750 for special legal services. The hearing was marked by a tilt when Senator Jap Upton and J. N. Smith questioned the board's right to employ attorneys outside of the state legal department.

The Faithful Heart: Would you mind ordering me to move on, constable? I'm wet through, and she may be hours yet.

They do not shake hands at all in China, and not enough in America.
