trip to the north.

Girl of the Limberlost

Is Liberty Attraction

"A Girl of the Limberlost," the attraction at the Liberty theater, is a picture that is an inspiring story of He worth while. Adapted from the novel by Gene Stratton-Porter, it brings to the screen all the riches and beauty of this widely read out-of-doors romance.

The scenes of the book made famous by the word painting of the authoress are now revealed on the screen, interwoven with a romance whose pathos and tender seutiment will make the picture as well remembered as the original book story.

Romance and beauty supplemented

by artistic setings, photography that is delightfully beautiful, and players who are admirably chosen for their parts and who do everything that could be desired with the roles assigned to them—all of these things combine to make "A Girl of the Lim-berloat" a picture that is worth go-

ing to see. "A Girl of the Limberiost" which opened its local engagement at the Liberty theater last evening will continus there for today, also
