ALL WORN OUT?

So Was Mr. McKee, Who Tells His Experience

Are you tired all the time; work-out night and day? Does your back ache as if it would break? Do you suffer dizziness, headaches, rheumatic twinges or distressing urinary disorders? You have good cause, then, to be alarmed about your kidneys. Do as many folks in this locality recommend. Use Doan's Pills—a stimulant diuretic to the kidneys. This typical case is convincing:

F. E. McKee, Jacksonville, Ore., says: "I had a dull aching through my back and I couldn't do any stopping or lifting. My kidneys acted irregularly, too. I used Doan's Pills and they soon freed me of all the trouble and made my back well and strong."

The above is not an isolated case. Mr. McKee is only one of many in this vicinity who have gratefully endorsed Doan's. If your back aches, if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S PILLS, the same that Mr. McKee had. 50 cents at all dealers.
