Indians To Experiment—
According to Fred A. Baker, superintendent of the Indian reservation at Klamath Agency, the Indians of the section are highly interested in the production of sugar beets and have asked for permission to experiment with their growth. Baker was exceedingly pleased with the attitude taken by the Indians and will portion off the land for the Indians to experiment. If the industry is at all prolific it may mean a new field of activity for the reservation men, said Baker.

COLLINS' BODY TO BE REMOVED

(Continued from Page One)

Surgeons went into the pit early today to attempt to amputate Collins' feet, but were unable to reach him. The body was almost covered with dirt and rock which must be removed before a medical examination can be made.

With the consent of the Collins family, physicians will amputate one or both feet, when the hole has been made large enough for physicians to enter.

Autopsy Ordered
It was announced last night that Governor Fields had ordered that an autopsy be held on the body by three physicians to determine the cause of death, and locate any possible injury and find if there is any trace of poison.

Dr. Hazlett, Dr. McWilliams of Hoodhead, Ky., and Dr. W. C. Simmons of Vine Grove were selected for this purpose.

Meantime, tentative arrangements for the body to lie in state in the Cave City high school for two days were announced by T. G. Gorbey, a friend of the family.

Four ministers, pastors of churches in this region, will conduct the funeral service and the body taken to Mammoth Cave burial ground and laid to rest beside those of his mother and sister.

Previously it had been announced that E. Collins, father of the victim, was considering having the funeral services in Crystal Cave, which Floyd discovered, and interment at the cave where Collins died.

Johnny Gerald, one of the outstanding engineers in the early rescue efforts, will be the first to go through the victim's clothing. In doing so, Gerald will abide by the wishes of Lee Collins.

"Floyd had a habit of carrying everything he had with him," Mr. Collins told Gerald. "He carried his money, his deeds and any other valuables he owned. I want you to go through his clothing for me the first one."

It had been intimated by some that Floyd and Gerald had not been good friends and by others that he

had hindered, rather than helped, in the rescue work.

Faith in Friend
Now with Floyd dead, Mr. Collins took this means of expressing his faith in Gerald by asking that he represent the family.

Several hundred men participated in the rescue work at one time or another and the names of the outstanding ones alone would make a long list.

Interest compelling because of the unusual circumstances attendant to the accident and the long struggle to extricate the prisoner, Collins' story attracted and held the attention of the entire nation for two weeks. Newspaper men came for distances of more than a thousand miles to "cover" the story and day after day the newspapers printed columns of news concerning the rescue efforts.

BASEBALL GETS IMPETUS HERE

Formation of League in This Section Gets Tentative Start Today

Tentative plans toward the organization of a Klamath Falls baseball team and the formation of a league in this part of the state were considered today noon at a meeting of the chamber of commerce directors. Dr. G. A. Massey was named to make further inquiry and report back at the next meeting.

It was suggested that the chamber should at least foster the movement and get the ball club started, after which it probably would be self supporting. Belief was expressed that the industrial plants would be glad to cooperate in the movement.

Medford, Ashland, Grants Pass, Bend, Prineville, Lakeview and Roseburg were suggested as cities which might cooperate in the formation of a good baseball league.

From Chiloquin—
Chris Chrones of Chiloquin is among the out of town visitors in the city for several days.

ISSUE PERMITS FOR BUILDING

Spring building has already been given an active impetus according to figures read last night in the city council session by Police Magistrate Lem Gaghagan, when eleven persons filed petitions for permits to erect, remodel or repair structures. The permits came to the sum of \$11,150 and all but one was granted, that referred to the city fire chief for further investigation.

C. E. Jay granted permit to erect an apartment building in Nichols addition on 11th street, sum of \$1500. Charles Linden granted permit to erect \$1000 frame structure for dwelling on Eldorado street to be used as a dining hall. A. E. Westman granted permit to erect three garages in back of Scandinavian hall at a cost of \$950. J. S. Rentro was granted permit to erect a dwelling at a cost of \$1200 on Darrow street in Mills addition. P. J. Gerges granted permit to erect a dwelling and garage at a cost of \$700. P. J. Gerges granted permit to erect a dwelling on Mt. Whitney street at a cost of \$1500. Charles H. Landis granted permit to remodel structure at a cost of \$600. Roy Call was granted permit to erect a paint shop at a cost of \$400 on Commercial street in R. R. addition. Bert C. Thomas granted permission to erect two frame structures on Fourth street at a cost of \$2500. The petition of John C. Cleghorn for repairing a structure on Main street was referred to the city fire chief.

HEALTH INSPECTIONS MADE BY DEPARTMENT

Class rooms in which diphtheria has broken out in Central school and rooms in which there are pupils who have been exposed to the disease, are being given daily inspection by Miss Agnes B. Covall, city school nurse working under the county health unit.

Two cases of diphtheria were from two children at Central school and the health department is making every effort to forestall any possible spread of the disease.
