

WESTERN OILS CALLED EQUAL OF EASTERN

It is generally held to state that the quality of motor oils is not equal to that of eastern oils...

A \$10 Tax On Motor Oil

That's what you pay each year—purely for prejudice—you who prefer eastern to western motor oil.

The only difference between the two is that of price. The western product costs less for two reasons: First, volume production. Second, low freight rates.

All motor oils have one thing in common—carbon. There are two kinds of carbon. All motor oils deposit one kind or the other.

One is hard and gritty. It clings and stays. It is an abrasive. It causes wear and loss of power. It requires frequent removal which means lost time and expense.

Not so with Aristo Motor Oil—a product from the finest western crude.

The residue from Aristo is soft and fluffy. Most of it blows

out with the exhaust. It cannot scratch or wear. Your motor runs thousands of extra miles without a sign of carbon if you use it. Users testify to 10,000,—20,000—50,000 miles.

Aristo is a perfect lubricant—the product of one of the largest and best equipped refineries in the world. That is quality insurance.

Use Aristo regularly if you want protection, and less carbon trouble, at a minimum of cost. You can pay twice as much for "Eastern," and not get as good an oil.

"Cupid's Cage" Traps Lonely Postoffice Folks

SAN FRANCISCO, Feb. 19.—"Cupid's Cage" they call it in the San Francisco post office.

For whoever has entered the cage single has come out married!

The man reads the figures. The girl says, "Check."

The why and the wherefore of this strange post office romancing seems to have but one explanation.

"The girl and the man get used to each other," he says, "and marriage seems to be inevitable."

Four times have unmarried folk being paired in the cage, with all the rest of the employees betting on how long they would hold out against the ultimate, and each time the ultimate has been the same.

"Cupid's Cage" has become so famous throughout the western division that lonesome single persons employed elsewhere are applying for the job in the accounting cage.

Why wouldn't the couple look at the camera? Because they are in "Cupid's cage," trapped, as it were, for romance and marriage. It's only an ordinary office cage but something has imbued it with romance until now it is legend that all who enter there sible shall come out married!
