Eulogize Washington at Celebration in Capital

WASHINGTON, Feb. 23.—Pictures of the real George Washington as one whose greatness may be too vaguely appreciated in the almost "impersonal and legendary" figure he has become to many minds, were sketched in addresses at Washington's birthday celebration here today by John Barton Payne, chairman of the American Red Cross, and George W. Wickersham, former attorney general. Judge Payne, who presided at exercises held under the auspices of a committee appointed by the District of Columbia commissioners, described the nation's father as a "manly man, a man with pride and dignity of character but with that plain man without pretense."

KILLED IN CRASH KENOSHA, Wis., Feb. 23.—Four persons were killed and two injured, one seriously, when a North Shore train, northbound, struck a touring car three miles north of Kenosha today.

CRESCENT CITY DAMAGED Grants Pass, Ore., Feb. 23.—News reached here today that a hurricane hit Crescent City, California, badly damaging several business houses. The loss was estimated at \$50,000. Details are lacking due to poor communication facilities. One woman was reported to have been injured.

Main Street

(Continued from Page One) Arlet Eisel, of the Mars Barber shop— I am absolutely behind any movement of this kind as long as it is thorough in its work.

Albert Morrison of the White Pelican hotel—It is a hard proposition for the city to go up against but I am absolutely for a cleaner town in all respects.

G. A. Snelair of the Snelair Market—I am for a cleaner town absolutely.

Leo Houston of Houston and Phelps—Of course I am for a cleaner town. I always have been, and am behind the movement.

L. K. Phelps of Houston and Phelps—I believe everyone knows how I stand on the question and that it is hardly necessary to make a statement, for I am behind this movement to clean up Klamath Falls.

Miss Frances Beatty, president of the Business and Professional Women's club—I feel toward the proposition as any true American should feel on having a cleaner city.

H. W. Poole, of the Liberty Theatre—Klamath Falls is alright. This so-called clean up looks to me more like political propaganda than anything else. If Klamath Falls needs cleaning up let us go about it quietly and sensibly and not flash or wash our dirty linen for the benefit of the state at large.

A. E. Whitman of Whitman Drug Store—I am for a clean town and everything that a clean town stands for.

H. M. Lucas of Lucas Furnishings—I would rather probe into the matter more and see the other side of it before I am quoted.

C. C. Currin of Currin Drug Store—I am for a practical medium of the proposition. An absolute clean-up is not obtainable. There is a condition here that needs to be bettered and regulated.

Fred L. Houston, of the Klamath Kitching Company—Of course I have only one opinion and that is for progress, a clean town and everything that makes a town better to live in.

A. A. Bellman of the Bellman Real Estate company—Being a pay roll town I do not believe in closing up things tightly. Although not for a general clean up I believe that conditions in Klamath Falls should be remedied. There was a general clean-up three or four years ago and the men on the pay roll refused to buy articles in Klamath Falls and the surrounding towns received the benefit of Klamath Falls labor. I do not wish to see this condition repeated.

O. M. Hector, Hector's General Merchandise store—You can't persuade decent people to move to your community until you drive out the roughnecks. I am in favor of a clean-up so we can make the town attractive to the substantial citizens and their families who would come here if the community was made cleaner morally. I do not think that business would be injured thereby.

J. F. Maguire, real estate man—I favor a clean-up handled by the mayor and chief of police.

Nineteen Percent Sick

It is estimated that there are always nineteen percent out of every hundred sick nearly one to every family. These sick people need every care and attention to speed recovery.

Many things are needed for the sick room—clinical thermometers, water bags, ice bags, bed pans, cotton gauze, plasters, etc.

The department we devote to hospital and sick room needs can provide everything necessary for the comfort of the patient, or for use of the nurse.
