LIGHTWEIGHTS START TOURNEY

NEW ORK, Feb. 24.—Three candidates among them one of the hardest hitters of the class, today are far removed from the lightweight boxing crown which Benny Leonard let fall recently.

The first three elimination matches in the New York state at Madison Square to name a new champion, were: George (K. O.) Chaney of Baltimore, Eddie (Kid) Wagner of Philadelphia and Jack Silver of the Pacific coast. The first two went down to defeat here, while Silver bowed to Joe Benjamin in San Francisco. Sensation entered the squabble when Chaney was knocked out by Tommie O'Brien of Milwaukee, who recently lost on points to Jack Bernstein of New York. Up to the sixth round, when the final punch arrived, the Baltimore veteran had ruled with a flat of iron. But in the sixth, a circling right caught Chaney off balance and he went to the floor but was up again only to meet another jolt. Up to this time O'Brien had taken considerable punishment.

Jimmy Goodrich, Buffalo newsboy, gained a decision over Wagner after two extra rounds had been fought. The decision threw the fans into an uproar which lasted for fifteen minutes. At the end of the tenth the battle was so close that for the first time in a professional tournament the extra time became necessary.

Tonight George (Kid) Lee of Worcester, Mass., and K. O. Clyde Jenkins of Toledo, meet here in a tournament contest. Lee has taken the place of Rocky Kansas of Buffalo, who injured his right hand in a recent bout.

Over a period of years

THE Ford car has remained the undisputed leader for value in the motoring world. There are certain fundamental reasons why this is true. It is a car, properly designed and staunchly constructed, having a motor which has proved itself reliable, long-lived and economical.

It is adequately serviced by an organization reaching to every community and neighborhood. These combine to give the Ford car the highest resale value in proportion to list price.

And as production volume of the Ford has grown the purchase price has been steadily reduced.
