Today and Tomorrow

THOMAS MEIGHAN
"Coming Through"
with LILA LEE

If Meighan were not the big star he is today, "Coming Through" would make him a favorite overnight.

In the role of a young man grappling with life in the lawless mining camps, clashing with many enemies and "Coming Through" Tom is superb. Filmed with a big cast of favorites.

Store News

There is a reason for everything—and the reason people all over Klamath County are coming to Currin's for Drugs is because they get drugs plus

Service, Quality, Economy

We own three stores. We have one buyer for all three. Wholesalers, because of this greater buying power, give us better prices than we would get if we had but one store. That means a saving for you.

These same three stores provide us with a quick outlet for our merchandise. No stock remains on our shelves for long. That means fresh goods for you.

Ten Thousand Cops

That's a lot, but even that many wouldn't give you half the protection you receive in our prescription department. For one thing, the department isn't conducted as an experiment station for the benefit of aspiring youths who think they would like to learn the drug business.

We employ none but registered, graduate pharmacists—men who have passed rigid state tests which prove their ability. We put out prescriptions according to the doctor's orders.
