

# SCHOOLS HELD TO BE LACKING

LOS ANGELES, Feb. 27.—Surveys among prisoners in the Los Angeles county jail indicate that there is something wrong with present educational and religious methods, in the opinion of Raymond I. Turney, director of the Los Angeles Crime Commission. He expressed this view at a recent meeting of the Southern California Academy of Criminology.

Seven percent of the inmates of the county jail, Mr. Turney said, were college graduates, as against 8 1/2 percent in ordinary civil life; 12 1/2 per cent of the prisoners had college training; 45 per cent were high school graduates, compared with 25 per cent outside the walls.

All the prisoners agreed, added Mr. Turney, that there had been a lack of moral training and a defect of character building training in the schools, and that the same thing was true of the religious, a majority of which were represented.

Mr. Turney declared that most of the prisoners concerned in the belief that habitual criminals should not be allowed to bring children into the world. All believed in punishment, he continued, but favored institutions where prisoners could be employed in producing some commodity.

## REDS NOTABLE FOR THEIR ABSENCE AT RUSSIAN MASK BALL

LONDON, Feb. 27.—Vodka grog and vodka egg nog were featured at a "bolshie ball" given in Hammer-smith, London, recently in aid of the West London Hospital. There were a great many Russian costumes on hand among the dancers, but no Russians.

A bomb was exploded on the dance floor at midnight but its contents did no damage as they were nothing more than numerous Russian novelties which were distributed to the women guests.

## PIONEER STOCK OF AMERICA IS PASSING AWAY

URBANA, Ill., Feb. 27.—The size of the American family of native stock in one generation has decreased 33 1/2 percent, according to R. E. Baber, professor of sociology at the University of Illinois, who added that today the native stock family has less than three children, while it requires four, under the present mortality and marriage rate, to replace the stock without increase.

"It is not necessarily a tragedy that much of our native stock is dying out and that our increase comes wholly from foreign stock, for foreign is certainly not synonymous with inferior," said the professor. "Yet few will admit the desirability of such rapid replacement of our native stock, for it contains some of our most precious population elements. When we see 13 percent of our native families childless, and 18 percent more with only one child each, it seems to be

significant." Turning to the education side of the situation, Professor Baber declared "far too many of our educated people either staidest marriage or marry too late in life to have a family. From one half to three-fifths of our best educated women are having no share in producing the next generation, due either to non-marriage or childless marriage.

## FAMOUS CLOCK TO BE GIVEN TO CITY

ALBANY, Feb. 27.—The tower clock that won the highest award and special bronze medal at the centennial exhibition at Philadelphia in 1876 will be given away to the municipality or building, which will provide it with the most suitable home.

This announcement was made today by Dudley F. Fasold, 1333 N. Pearl St., Albany, N. Y., a nephew of Charles Fasold, pioneer clockmaker who constructed the clock mechanism. The present owner is not a tower clock manufacturer.

The famous old clock is today existing away in a back room, its existence practically forgotten despite the fame it won in competition. Its owner said he was moved to make the offer only by the desire

# The woman who entertains well--

There's something indescribably fine about the woman who entertains well. From the cheery appearance of her home to the service she so deftly affords—everything is so natural—yet so charmingly different.

Such splendid hostesses, once very rare and belonging only to the idle classes, are now to be found everywhere. They grace homes in every walk of life—making them happier through the many friends they attract.

Advertisements keep these women ahead of the commonplace. Advertisements tell of the newest and most delightful things. Advertisements announce new customs and practices. They tell what the world approves as correct.

The woman who entertains well must read the advertisements. Not only to keep pace with progress—but to learn how to do so on a limited purse. For advertisements are more than harbingers of style—they are announcements of economies that may be practiced safely.

Read the advertisements—to know what is new, what is correct and what is economical
