DIAGNOSING AGRICULTURAL ILLS

Experience having proved that many efforts to cure the ills of agriculture go wrong because no one knows what ills are to be cured, the Agricultural Bureau of the Chamber of Commerce of the United States is preparing a standard form of agricultural survey which is to serve the purpose of what the doctors would call systematic diagnosis.

Many commercial organizations throughout the country are trying to harness up with agriculture, within their trade areas. Some succeed admirably, but others fail because they have not discovered what is the matter with agriculture in their section. Crop rotation and calf clubs will not remedy a condition due to a tax system which discourages the landowner and encourages tenant farming. Nor will it compensate for a defective marketing system.

The Agricultural Bureau of the National Chamber believes that, however commendable these hit-or-miss efforts might be, much more can be accomplished by laying bare the ills of agriculture in any trade area first and then devising a remedy. The work of formulating a standard form of survey which will accomplish this purpose is now under way and will soon be available to commercial organizations interested in agricultural improvement.

HEED THIS COUNSEL!

There is a little bit of advice, which you may think sounds foolish, that all should hear and act upon. It is as follows:

Put in the hard licks in your studying and activities NOW, because in a little while the tennis court will dry off, the fishing season will open, the glorious weather with the sunshining and song of birds will beckon your minds from your books. You will find yourself continually gazing out the windows and skipping periods; you'll find it hard to go to your classroom when the bell rings, etc., etc.

Perhaps you've experienced that before, if so, this will serve as a little reminder to you. But remember that now is the time to do your stuff.

One thing we like to see in schools is class spirit. A class whose members manifest enthusiasm and interest in the affairs and activities is a class which does things. A school which is made of classes of this kind is a school which does things.

The members of a school of this kind are busy and happy, due to the competitive atmosphere.

A student who shows class spirit, and is willing to take part in activities is either popular and liked or is on the road to the game. Of course students who are oppressed with work, such as self supporting students should not be asked to do too much, but a busy person can nearly always be relied upon to do his part.

On the other hand, don't be so absorbed in your class that you forget your school, for school spirit comes ahead of class spirit.

So if school means anything to you or if you want it to mean something to you after you have left it, it is suggested that you get in with the gang, work hard, and be a part of it.

ATHLETICS

| Team | Won | Lost | Pct. |
|---------|-----|------|-------|
| Merrill | 5 | 0 | 1.000 |
| Klamath | 3 | 1 | .750 |
| Agency | 2 | 3 | .400 |
| Henley | 2 | 3 | .400 |
| Malin | 0 | 5 | .000 |

The Klamath quintet goes to Malin for the second contest with Malin High tonight. The Malin squad was defeated easily before but are doing better work now so a livelier battle is expected. A bus from Reckard's stage depot is making the trip with a number of rooters and many others are expected to be among the rooters.

GIRLS BASEBALL NEXT WEEK

Plans are being made at present to start girls baseball practice some day next week. A large turnout is expected and a good team is in sight. There are several girls who have had experience before and there are also a number of promising looking candidates who should be able to handle the stick quite lively.

You don't see basket ball games in town.

Of course you wonder why. The reason is we have no gym. For good old Klamath Hi.

So after this, about the town, let's boost and boost a gym. And then we'll need not go way down.

To a prosperous place like Malin.

BOYS TAKE TRIP

A number of boys and teachers took a trip last Friday to Corvallis to attend a convention of high school students. The purpose of the convention was to help boys choose their vocation and show them what lies in that line of work.

They started at eight o'clock Friday morning from the High school in cars. A good trip was reported by most of those who went. Exceptions to this were that Leland Otey got sick and lost his party in Eugene, and Elmer Buesing and Ralph Turner had extreme car trouble. They didn't get to Corvallis until Monday, the day when the others returned. Those who took the trip were, Fred Melhase, John Hawkins, Joe Evans, Terry Allen, Bryant Williams, Innis Roberts, Leslie Elmore, Elmer Buesing, Ralph Turner, Leland Otey, Paul Arnet and teachers, Miss Withycombe and Mr. Weiss.

CLASS NOTES

A meeting of the Freshman class was called Wednesday afternoon at 3:40 p. m. in order to elect a new class editor. The former editor, Vernon Kuykendall, having resigned. The nominees were: Eldon Baker, Robert Clave, Marjorie Fossum, Bob Zimmerman, William Mathers. Marjorie Fossum defeated Bob Zimmerman by three votes.

A change of program has been made in the schedule. Instead of having assembly periods at nine and one o'clock, all students must be in their classes. Assembly is held at three-thirty in the afternoon. All announcements and meetings are reserved for this time.

Many girls are planning to go out for baseball, which will be under the supervision of Miss Cronquist. Practice will begin next week if the weather permits. The school expects to have an excellent team this year.

Many of the teachers and students are having their photographs taken this week. Mr. Peasley is taking all the school pictures this year, in payment for a full page advertisement in the El Rodeo. To cover the cost of this each person having a photograph taken for the annual is to pay a fee of twenty-five cents to Oliver Paynter, business manager.

A debating team has been arranged for in the high school. Edna Dunbar, Oliver Paynter, Ellis Myers, and Warren Doremus are taking the affirmative side while Bill Kuykendall, Nahum McMullen and Eda Jones are on the negative. Brelmi-

nary "try out", was made this week and by next week the regular team will be selected. Mr. Darling is acting as coach for the team this year.

A lecture was enjoyed by the students of the high school last Monday morning. Mr. Darling gave a talk in the honor of George Washington. His talk was based mostly upon Green's history.

Several selections were sung by the boys' quartet. Patriotic songs also, were sung by the school.

A misunderstanding was cleared up among the students of the school as to the pictures for the annual. Mr. Peasley will make no charges for taking individual pictures for the annual this year. In return the annual staff will give him a full page of advertising in the annual.

The exact returns of the Girl's Popularity Contest are as follows: Betty Ramsby, 59 notes; Helen Abbey, 20 notes; Dorothy Dunham, 14 notes and Clover Lindsey, 11 notes. The contest was a success. Miss Ramsby's picture will appear in "El Rodeo" as a feature.

SOPHOMORE NOTES

The play, "A Box of Monkeys", given last Saturday by the Sophomore class proved a great success. The success was due not only to the cast, but also to the efforts of Anna Setzer, Esther Veatch, Gilbert Fleet, and Melvin Anderson. The play may be given at Malin or Merrill.

At a class meeting last Wednesday the Sophomore class decided to get class pins and rings from a local dealer.

SMOKEHOUSE POETRY

I cough, I sneeze
 I snort, I wheeze,
 I'm in a perfect frenzy.
 My head is dough,
 My nose won't go,
 I got the influenza.

Gordon Smith has at last decided on a vocation. When he gets out of high school he is going to O. A. C. and study nut culture. He plans on being a barber.

"Did you ever have any trouble with dyspepsia?"
"Only when I tried to spell it."

NEW BOOKS

"Ninety Nine Best Ways to Hook the Nose," by HARMOL.

What I would like to see—

Bus Christy reading fairy tales
 Dean Beckley without "Lizale"
 Miss Mack trying to buy some "using juice"
 Bob Zimmerman getting tired of doing nothing
 Don V. making less noise with his feet
 Miss Withycombe registering at the Hotel Lobby
 Forrest Colson really studying
 Mr. Wines having a spare period
 Gus Carlson real "hard-boiled"
 Miss Van Devanter not worrying about the annual.

Aunt Mandy was very cleanly and kept her house spotless, consequently Sambo was always being nagged about his untidy habits.

One day Sambo came home to find

that Mandy had presented him with a twin. He viewed this as somewhat of a calamity and said mournfully: "Mandy I've done cautioned you time and again to let dat 'ole Colud dust stuff alone—now ah reckon you'll listen to me some habitation."

A gentleman who had never been East, and who had always lived in Southern California, decided to take a trip to Washington, D. C.

He, thinking that the weather would be very cold, attired himself in heavy under clothing, woolen socks, mufflers, etc.

Upon arriving he found the weather unexpectedly warm. He sent the following telegram to his wife in California: "S. O. S. D. V. D. D. D. Q. C. O. D."

HIGH SCHOOL GIRLS FORM SEWING CLUB

Klamath Falls high school girls not to be outdone by the girls of the grammar grades, have formed a sewing club exclusively for high school girls under the local leadership of Mrs. H. L. Newby. All the devoting their activities to division I sewing with the exception of their president, Helen Couchman, who is an old club worker formerly enrolled at Midland. Mary L. Hawkins is vice president of the organization and Janice Newby, secretary. Elva Lewis and Elizabeth Newby complete the enrollment.

The Weather—

The Cyclo-Stormograph at Underwood's Pharmacy shows that the barometric pressure continues at a moderately high level and a continuation of fair weather seems assured.

Forecast for next 24 hours: Generally fair with moderate temperatures and brisk winds.

The Tycoos recording thermometer registered maximum and minimum temperatures today as follows:
High 59 Low 31
