## News of the Klamath Country

(Continued From Page Three)

ments about the place. Mike Murphy has moved his sheep from Horse Mountain to the lake land, near Douglas Bussy, where he is feeding.

The new garage under the management of Mr. Ward and Mr. Worden, is opened as the Tule Lake garage. They are established in the old Highway Garage building.

The play to be presented by the High school this year is entitled "Home Acres." The cast selected is: Ann Pickett, a dressmaker who generally has her say—Rachel; Jane Whitman, rooked in the suit—Montana Rouny; David Holden, a young farmer—Tinsmen Craig; Rose Whitman, a county flower—Ruby Rouny; Lib, out of her element—Hosie Houzik; Enoch, the chore boy—Earl Wilson; John Whitman, who has been to college—Neil Craig; Wilfred Clay, a New Yorker—Percy McNeill; John Ferguson, a schemer—Vaclav Kalina; Helen Dalton, a product of the gay white way—Navoni Posvar.

### KENO

Augusta Puckett was a caller at the Vail home Monday afternoon. Mr. and Mrs. L. W. Anderson and daughter Esther were shopping in Klamath Falls Saturday.

Ben Snowgoose and Merle Anderson enjoyed a visit with Edward Stocker Saturday.

Ray Stiffler and A. Shaw of Worden were in this vicinity one day last week draining and otherwise improving the roads.

Following the usual custom of wells in the springtime, the well on the Stocker, ranch caved in last week.

Miss Helen Cowgill of Corvallis and Frank Sexton, boys' and girls' club leaders, visited the Keno school Tuesday morning. Miss Cowgill gave an interesting talk on club work in general and sewing in particular. She also complimented the local sewing club on their progress and inspected the articles they had completed.

Mr. and Mrs. Kimsay, Mr. Prather and Mr. and Mrs. Ross Simmers were all county seat visitors Tuesday.

Augusta Puckett and Sylvia Erdmann transacted business in Klamath Falls during the week-end.

### MI LAKI-FAIRVIEW

Willard and Georgie Dawson are sick with scarlet fever.

Mr. and Mrs. C. A. Hill gave a party at their home one evening last week. The guests spent a pleasant evening playing "500." Refreshments were served at 12 o'clock.

Mr. and Mrs. Ray Cooper gave a dance at their home last week. Mr. Orville Elliott and son, Harry from the Agency spent the week-end with J. R. Elliott and family.

Mr. and Mrs. John Matney gave a dancing party last week.

Eldon Kaylor has been absent from school on account of sickness.

Merrill High and Henley High played basketball at Henley Friday evening.

The next meeting of the Ladies Aid will be with Mrs. Iven Leebeyce the second Wednesday in March.

The community meeting which was to be held at Mt. Laki church February 27, has been changed to Henley. One of the numbers on the program is the play of "The Ruggles Family." Also, members of the chamber of commerce will speak. After the program a lunch will be served. Those on the east side of the highway are asked to bring cake and those on the west sandwiches.

often relieving bladder weakness. Tad Sells is imaginative, can not figure and makes a delightful effervescent tubular-water drink. By all means have your physician examine your kidneys at least twice a year.

### "Forty Winks" at Pine Tree Success

Viola Dana and Raymond Griffith in the Paramount Picture "Forty Winks"

A wet time was had by all when Anna May Wong lost control of a fire hose during the making of first scenes for "Forty Winks" on one of the huge enclosed stages at the Paramount studio in Hollywood. Under the tremendous hydraulic pressure the hose writhed and snapped on the floor, smashing furniture and driving the water in every direction with wall breaking force.

Miss Wong, Eric Mayne and other players were drenched as were Paul Tribe and Frank Urson, co-directors of "Forty Winks." The set musicians, script clerk and almost every one else tumbled and ran, putting emphasis on speed rather than grace. The cameramen, electricians and property men alone held their ground, three of the latter rushing in and tacking the hose a la football. Someone finally figured it would be a good idea to turn off the water and did so, averting a possible repetition of the Johnstown disaster.

Raymond Griffith received his share of the deluge while standing on the side lines. Viola Dana and Theodore Roberts, featured with Griffith in the cast of "Forty Winks," which comes to the Pine Tree on Tuesday and Wednesday, were fortunate in being absent from the set at the time.

### At the Liberty

Vera Gordon, who plays an important role in "In Hollywood with Potash and Perlmutter," which is the current attraction at the Liberty Theatre, started her screen career as a dramatic actress, but her two most recent successes have been in comedy pictures.

"In Hollywood with Potash and Perlmutter" gives her the role of Reese Potash, wife of the senior partner of the famous cloak and suit firm, who in this new picture, are shown as motion picture magnates.

Then I ducked my head, And the lights went out, And two gurgles blazed in the dark, And a woman screamed, And the lights went up, Two men lay stiff and stark, Pitched on his head, And pumped full of lead, Was Dangerous Dan McGrew, While the man from the creeks Lay clutched to the breast, Of the lady that's known as Lou. —From "The Shooting of Dan McGrew" at the Liberty Tuesday only.

### RODENT CONTROL WORK PROJECTED BY COUNTY AGENT

Scores of letters, advising Klamath farmers to cooperate in the control of the ground squirrel pest in Klamath county, have been sent to different sections of the county. The letter which is being sent by County Agent C. A. Henderson to all farmers who are troubled with the squirrel pest is as follows:

"Dear Friend—During the past week or two it has been noticed that squirrels are coming out in certain sections of the county and no doubt this number will increase very rapidly as soon as the present damp weather we are having is over. Consequently it is necessary at that time that poisoning be undertaken by every resident and land owner in Klamath county. As you no doubt know, due to the dry weather last year squirrels were driven from the higher lands due to lack of feed onto the lower and irrigated lands, consequently poisoning was a continuous procedure from the time the squirrels first came out until they 'holed up' during the summer. As a result of this a good many squirrels were left at the end of last year's poisoning season, particularly in certain sections. If a good kill can be made early in the season followed by additional poisoning work a little later, we will have fewer squirrels to poison during the coming year.

The purpose of this letter is to bring this matter to the mind of every land owner both resident and non-resident in Klamath county, requesting the necessity of a very thorough poisoning on their property.

Poison is most effective on warm sunny days with very little wind. Where squirrels have been out for the past ten days it is a good indication that the majority are above the ground and poisoning should be undertaken on the first favorable day. This varies in different districts as squirrels do not come out at the same time in every section of the county. The first poisoning should be very thorough, no holes being overlooked. Poisoned oats will again be used and should be scattered just in front of the hole, eight or ten grains being sufficient around any one hole. Squirrels will usually take

the poison most readily in the early part of the day, as they are hungrier at that time. Poisoned oats can be secured at a reduced cost this year, at the county agent's office, Mac's Cash Store, Mt. Laki; and Merrill Mercantile Co., Merrill, and in a few days a supply will be left with Kalina's store, Malin; Prather's store, Keno; Tom Jackson's store, Ft. Klamath; John Sparretorn's, Bonanza, and perhaps Chilcoquin and Bly a few weeks later in the season.

Inasmuch as squirrel poisoning is an annual event, it is desirable that poisoning be undertaken before a large amount of green feed is available, as it can be done easier and at a lesser cost at that time. Poisoning is effective throughout the season but more poison and time is required at a later date. Everyone should keep in mind the necessity of doing a clean job at the start, as this represents a saving of money, pasture and crops, also labor.

Where poisoning is not being done on the adjoining lands, please advise us and we will further take the matter up with the property owners and try to secure their cooperation in this work, and if this cannot be done the necessary steps for enforcement will be taken. Thanking you for your fullest cooperation in this work.

### LANE COUNTY HOPS BRING GOOD PRICE

EUGENE, Ore., March 2.—Contracts for 50,000 pounds of Lane county hops as 17 cents per pound have been closed between the John Seavey hop island ranch east of here and Rhodes & Jackson of London, England. The hops are to be delivered on the cars at Springfield between October 1, 1925 and December 1, 1925.

The order is the largest for hops in Lane county for some time and is one of the first of the large contracts on the present year's crop.

### DAMAGE SUIT WON

MEDFORD, March 2.—A jury in the circuit court yesterday returned a verdict in the damage suit of Mrs. Viola Blackburn versus the Medford Irrigation District, awarding Mrs. Blackburn \$1,313.59. She sued for \$5,413.50. The amount awarded is practically the amount Mrs. Blackburn claimed she had expended for medical service resulting from injuries when the car in which she was riding jolted over a irrigation culvert.

### SLAYER IS HANGED

MONTGOMERY, Ala., March 2.—Clarence Bailey was hanged in the Montgomery county jail this morning for the murder at Kilby prison in November, 1923, of James Calpepper, fellow prisoner. Ballo mounted the scaffold at 5:54 and the trap was sprung at 5:59. He was pronounced dead 39 minutes later.

### PASS GRAZING BILL

WASHINGTON, March 2.—The house today passed and sent to the Senate a resolution to authorize the secretary of agriculture to waive one half of the grazing fees on national forests in drought stricken regions during the current year. The measure was a substitute to bills by Senators Phipps, Colorado, and Cameron, Arizona, Republicans.

## KLAMATH HI MEN WIN FROM MALIN

Swift Contest Sends Malin Hoopsters Down to Defeat Friday Night

One game behind the league leader, Klamath county high school scored another victory over Malin Friday night by the score of 29 to 18. The game was played at Malin and was much closer than the score would indicate.

But while the local high school was winning its game, Merrill, the league leader, won a decisive victory by defeating Henley school by a score of 19 to 6. The game was played at Henley, in Lum Short's barn.

The high school basketball league now stands: Merrill first, Klamath Falls second, Klamath Agency third, Henley fourth and Malin fifth.

The deciding and most exciting game of the season will be played at Merrill, between the Merrill five and the Klamath county high school quintet. If the local team wins the game they will be tied with Merrill for first place, in which event they will fight it out to the bitter end for the championship on some neutral ground.

By the score of 16 to 15 Merrill nosed out the K. C. H. S. team several weeks ago. Merrill has a one thousand per cent average, while K. C. H. S. has lost one game and that one to Merrill.

## COMB SAGE TEA INTO GRAY HAIR

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients, a large bottle, at little cost, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of muss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.—Adv.

APPOINTED SECRETARY

Miss Katherine Lindley, daughter of Mr. and Mrs. George R. Lindley and a freshman in commerce at Oregon Agricultural college, has recently been appointed private secretary to the president of the Associated Student Body of the school. Miss Lindley is a member of Delta Zeta.

### EGG GRADING COMPELLED

SALEM, March 2.—Compulsory grading and labeling of all eggs displayed for sale is provided by a bill passed by the Oregon legislature and signed today by Governor Walter M. Pierce. The law will go into effect within 90 days.

After potatoes have been cooked a new press removes their skins and mashes them at the same time.

## PNEUMONIA USUALLY STARTS FROM COLD

Physicians warn against neglecting coughs and colds and tell of the serious lung complications that may result. Leading physician now prescribes BALSAMEA for all bronchial affections. BALSAMEA is a pure vegetable preparation, made from a newly discovered plant. Dr. Benj. F. Crabtree, Anderson, Mo., writes: "I use it exclusively for my practice and my family. It is quick, sure and safe in its action like nothing else."

Toward the end of the influenza epidemic a government physician noticed that a tribe of Indians in Nevada, by the use of oils from a native plant were immune from the ravages of influenza. He used these oils among the white patients and then in a hospital overflowing with "death" cases. None of the results swept the world and for some time it was not possible to supply the demand.

BALSAMEA has now been standardized and gives uniformly satisfactory results in four ways: 1. It soothes the inflamed mucous membrane and relieves irritation. 2. It increases secretion of mucus and permits easy expectoration. 3. It stimulates pores of the skin in throwing off body poisons and it strikes at the cause, checking germ action immediately.

Do not confuse it with ordinary balsam-cough syrups that are only soothing syrups and do not go to the base of the trouble. Unlike other cough remedies BALSAMEA is free from coal tar and other harmful narcotics. Pleasant to take and absolutely safe for all children.

Be sure you get BAL-SA-ME-A with the picture of the Indian on the package. Guaranteed to relieve any cough, no matter how what cause, or your money back. All drug stores sell BALSAMEA.

In Klamath Falls buy it from star Drug Co.

## BAL-SA-ME-A

for Chronic Coughs

### RADIO IN MAID'S ROOM

SOLVES SERVANT PROBLEM SEVEN OAKS, Kent, England, March 2.—The radio was enlisted in a novel way by a resident of Seven Oaks as an aid in solving the problem of servant shortage. An advertisement in a local newspaper included: "Wireless in maid's room," the idea was successful.
