LEGION TO PUT ON AUTO SHOW

Plans Made Last Night for Best Display Ever Shown in Klamath

Assured of the support of local auto dealers and promised adequate space in the new Paul Johnson garage on Klamath between Seventh and Eighth streets, the American Legion last night at a post meeting announced an auto show to be put on by the legion March 19, 20 and 21.

The legion, in shouldering the project, is planning to have an auto show that has had no peer in this years past. Space will be adequate, as the Johnson garage is larger than space available at the legion auto show last year.

Another feature that will lend the show popularity is the fact that the auto show will be free of charge and dancing will be conducted while the displays are being made.

Francis Olds, H. E. Getz and A. D. Collier were appointed as a committee on general arrangements, with Mr. Olds chairman.

H. E. Getz, past commander of the legion and present adjutant, received the whole-hearted indorsement of the legion as a member of the Klamath county appraisal board of the World War Veterans' State Aid commission.

40 Kinds of Pain quickly stopped in this way

There are countless pains which one can stop—stop them in a moment. The pains allied to rheumatism, to soreness, lameness and chest colds. Millions of people have done this, and for 65 years, by rubbing with St. Jacobs' Oil. They have saved eons of suffering. It is folly not to do St. Jacobs' Oil acts in two ways. First, it causes counter irritation which relieves countless pains. Then it brings the blood to the surface to relieve the congestion which causes other pains and dangers.

Rub it on the sore spot whenever a pain appears. Rub it on the chest as soon as a chest cold starts. Don't suffer, don't take risks. And don't be forced to wait for relief. Keep St. Jacobs' Oil on hand. Nature will deal with the cause of the trouble. Or perhaps other helps may be necessary. But the first thing is to get relief. Stop the pain. Some may suggest other ways to do this. But St. Jacobs' Oil has done it for millions—done it for 65 years. You can rely on it—your druggist guarantees it. Let this time-tested way draw out the pain at once. Get it before the pain begins. Have it ready. You may in that way save many unhappy hours.

worthy of receiving unqualified superlative praise—that it is a distinct pleasure to see Harold Lloyd's latest comedy, "Girl Shy," at the Liberty theatre today only. Here is a picture that may be recommended to anyone as being the most worthwhile thing that we have had the enjoyment of viewing in a long, long time.

Lloyd is seen as a small town tailor's apprentice, who, bashful to an extreme degree, is trying to make a secret study of girls. And the more he studies them, the more he fears them. He makes the part one calculated to win the sympathies of any audience at the outset. Besides being one long laugh, "Girl Shy" has added merit of possessing a really dramatic story as its background. The supporting cast, a small but entirely capable one, includes Johnny Ralston as the feminine lead, Richard Daniels and Carlton Griffin. Fred Newmeyer and Sam Taylor co-directed from a story by Taylor, Ted Wilde, Tim Whelan and Tommy Gray.

For many years speculation has been rife as to the filming of Harold Bell Wright's valuable and world-famous stories. Then came announcement that they were to be given everlasting life on the silver sheet. The first is completed—"When a Man's a Man," and the Liberty Theatre announces it as its stellar attraction for its screen tomorrow.

AT WHITE PELICAN

"Outlaws of the Sea" is a timely picture. It deals with the rum-runners operating between Miami and Bimini, an island of the Florida coast, and is splendidly acted by Marguerite Courtot, Pierre Gordon, Gordon Standing and H. J. Pattee. The story is one which blends appealing moments with big thrills and should delight all who love the water, for much of the action takes place there.

"Outlaws of the Sea" is playing at the White Pelican Theatre today only.

DOCTORS SAY: DON'T NEGLECT COUGH OR COLD

Physicians warn against neglecting coughs and colds and tell of the serious lung complications that may result. Leading physicians now prescribe BALSAMEA for all bronchial affections. BALSAMEA is a pure vegetable preparation made from a newly discovered plant, Dr. Saml. F. Crabtree, Anderson, Mo., writes: "I use it exclusively for my practice and my family. It is quick, sure and safe in its action like nothing else."
