

Albers flapjack flour

Here is the pancake flour the West takes to its heart—and its stomach. And you don't have to be a "sharp" at cross-word puzzles to figure out the reason: **flavor!**

No other pancake flour can hope to rise to the flavor-heights of Flapjack; because no other pancake flour is blended in quite the same way. For instance:

No cornmeal or other heavy ingredient goes into Albers Flapjack Flour. The leavening is highest-quality. Even the salt used is as fine in texture as the flour itself. Everything that goes into Flapjack Flour goes in for just one reason:

To make sure you'll get light-and-airy, tender-and-tasty hot cakes every time. Simply add a little water or milk and bake on a hot griddle.

Albers stands for better breakfasts
