A PARTNER OF SUNLIGHT

Cod-liver oil has aptly been called the partner of sunlight. Both out of Nature's storehouse of energy are of supreme importance to a child with rickets.

Scott's Emulsion

and sunlight have been used for decades to give strength to weak-bones. A little of Scott's Emulsion with each feeding does wonders for a malnourished child or adult.

Keep your boy or girl out in the sunlight and give them Scott's Emulsion every day—regularly!

Price

The price any merchant must ask you to pay for merchandise is—his cost—his expense of handling and his profit.

Our store is equipped to handle half the grocery purchases of Klamath county and do it at a small cost.

When you patronize this store you only pay one set of store expense.

Our store expense never changes—our profit never changes—consequently the only thing to change our price is the change of the market—you will notice by comparison that we do not make you a price today and raise it tomorrow, or make you a price this week and raise it next week—you can rely on the price we offer you.
