TELEPHONE PENALTIES

Parisians have been growing impatient with their telephone service—and from what we have heard of it, we should think they would. But it will do them no good at all to kick about it to the operator. The telephone company has devised an ingenious method of punishing patrons for such audacity.

There will be even less pretense of immediate connections than there has been. Calls coming into the exchanges will be numbered and, other things being equal, handled in order of their reception. But when any subscriber, annoyed by the delay in giving him his party, begins to grow obstreperous, the exchange girl will quietly switch his call to the end of the list and make him wait accordingly.

They will probably get away with that, too in France. Still, it isn't essentially different from what happens over here. An American operator usually takes matters into her own hands when a patron grows abusive, and administers punishment to fit the crime.

HUNT'S WASHINGTON LETTER

By HARRY B. HUNT
NEA Service Writer

WASHINGTON, March 7.—Many members of congress, first and last, have been accused of patronizing bootleggers, but Tom Blanton of Abilene, Texas, is the only member on record as having been held up by officers of the law on suspicion of being one.

It happened while Blanton was on a recent auto trip up into Pennsylvania. As he was coming down one of the long, precipitous inclines in the Cumberland mountains a couple of men in uniform stepped out into the road and signaled him to stop.

"At first I thought they were chauffeurs," said Blanton, in telling of his experience. "Anyhow, they looked like chauffeurs' uniforms. But when they said 'stop' I stopped, as well as my brakes would enable me to do on the steep hillside.

"As the men moved toward the car the brakes began to slip and the car started ahead.

"The car that car or I'll blow your tires out with this gun, one of the men said, dragging a 45 out of its holster, I stopped.

"Then the men said they were prohibition officers and wanted to see what I had aboard.

"I said, 'all right, help yourselves I'm with you on that proposition. I'm a prohibitionist, too.'"

"Humph! granted one of the men 'We're not prohibitionists. We're just enforcing the law.'"

Members of the Senate seem to offer particularly attractive marks to reckless prohibition agents and automobile drivers.

Recently Senator Frank Greene of Vermont was shot and seriously wounded by a "dry" officer in pursuing a bootlegger. Now Senator A. Owsley Stanley of Kentucky, as he leaves the Willard hotel at midnight, homeward bound, is knocked sprawling into Pennsylvania avenue by a speeding motorist.

The irony of Stanley's accident, which sent him to a hospital for repairs, is that it followed within two days after he had fought on the Senate floor against drastic penalties for motorists who run down pedestrians in the District of Columbia.

NEWS OF THE KLAMATH COUNTRY

LAKEVIEW

J. C. Mitchell, vice president and general manager of the Lake County Land and Livestock Company, who arrived in Lakeview a short time ago to look after his property interests in this county, left on this morning's train for his home in Willows, Calif.

A petition asking for the removal of barns and other objectionable out buildings from the heart of Lakeview, is being circulated about town for signatures of the taxpayers. The petition will be presented to the Town Council at their next meeting for consideration.

J. F. Hanson returned last Saturday from Berkeley, California, where he spent the winter months with his family. Mr. Hanson is one of the successful sheep growers of the Goose Lake Valley and usually tops the market with the earliest lambs from this section of the country.

A large number of Lakeview people took advantage of the beautiful weather last Sunday and visited the newly located "gold field" near Paisley, Oregon. They report quite a lot of activity in connection with the staking out of claims in the hills has been uncovered which, according to reports, has been assayed and found to carry quite valuable deposits of both gold and silver.

The Forest Rangers of the Fremont National Forest will leave for Medford Thursday morning where they will meet with officers and Rangers of other national forests for the purpose of discussing matters pertaining to forest ranger activities.

Squirrel poisoning operations in Lake County will start in earnest within a short time if the present weather conditions continue. Mr. Larson, the county agent, has already mixed the first lot poison grain, and will keep a supply of this material on hand at all times from now until the season for poisoning the squirrels has past.

OUT OF THE AIR

Bertha Michaelson, pupil of the great Belgian Master, Eugene Yaayo will be heard over KPO on Saturday evening on March 7th, offering violin selections which she has selected to please the great mass of radio listeners. Miss Michaelson began violin playing when 10 years of age and her love of music comes from a long line of musical ancestors. Her father being a harpist, at 15 she appeared on the Orpheum circuit, and she is now director in one of San Francisco's orchestras. Her playing will bring to radio fans of today some of the results of the years of labor and genius of Eugene Yaayo a man who really mastered the violin.

Warner Brothers new station at Hollywood has been very favorably received, its formal opening being on March 6th. This station is the official broadcast station for all Hollywood movie celebrities, and talent furnished for this new studio will consist almost wholly of talent from movieland.

Sam Warner, vice president of Warner Bros. Pictures Inc., in discussing the new station, declared: "Millions of our picture fans are interesting in hearing the voices of actors and actresses who appear in our productions. The industry tried to satisfy this desire by having the stars make personal appearances, but owing to the limited seating

capacity of theatres throughout the country and the impracticability of extending engagements in each city by these high salaried stars, only a limited number of the millions were able to hear or see their favorite players.

"We have solved all this through the new deluxe broadcasting station, and all that the fans have to do is to tune in on KFWB on 352 meters and listen to their favorite movie stars' voice. Other motion picture producers are to cooperate with Warner Brothers in carrying out the plans so as to be able to meet with the request of fans for stars regardless of which company they may be connected with."

A definite schedule will be directly announced for this new station.
