WAR LESSONS

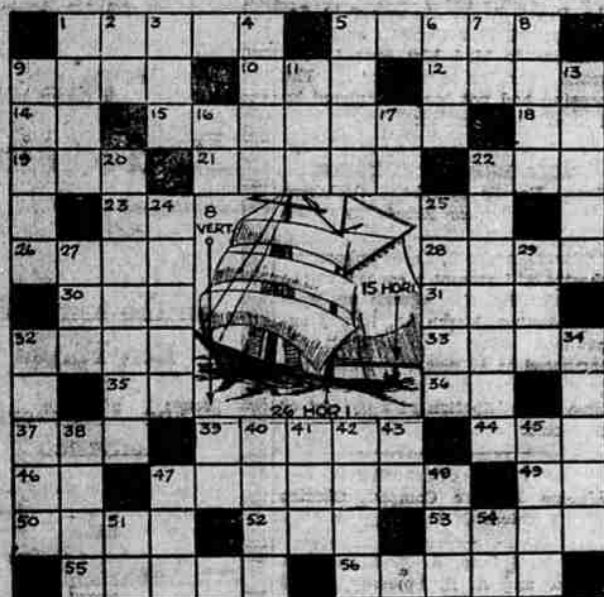

The official Medical History of the Great War, in eleven volumes, has now been written and published. It is a British publication and deals with the mistakes in the medical system of the British forces. It also suggests remedies and better methods for "next time."

And so the public of all the civilized nations goes on trying to profit by the lessons of the World war. More effective weapons of destruction are sought, and also more effective means of protection and healing.

The greatest lesson of the war appears to remain unlearned. That is that war, at best, is horrible, painful and wasteful. Laying down rules for it, exerting human ingenuity to make its effects less far reaching, seeking to check its most hideous phases, are all small things to accomplish in comparison with the one great thing which needs to be accomplished—the elimination of war.

It is foolish to say that human nature is as it is, and always will be so, and that therefore selfishness and greed will always exist and must always be expressed at intervals in the form of warfare. History teaches us that human nature can be changed for the better, though very slowly, and that in private affairs, at least, mutual agreement and arrangement have taken the place of forceful grabbing for individual gain. It can be so with nations.

TODAY'S CROSS WORD PUZZLE

The illustrated crossword puzzle now takes the floor. Many of the words in this puzzle refer to the sketch in the center. Only three are designated by arrows, but there are more.

- 50. Violin selection played by one man.
- 52. To dine.
- 53. Units of electrical resistance.
- 55. Heathen.
- 56. Regulate sails on No. 26 horizontal.

HORIZONTAL

- 1. Shrewder.
- 5. Pierced with horns of tusks.
- 9. Assembled facts.
- 10. Instrument for rowing No. 26 horizontal.
- 12. The weather side of No. 26 horizontal.
- 14. Atop.
- 15. Commanding officer on a No. 26 horizontal.
- 18. Half an em.
- 19. Lyric song.
- 21. Abounds.
- 22. Imitate.
- 23. Father.
- 25. Point of compass.
- 26. See picture in puzzle.
- 28. Sea-sick passengers on No. 26 horizontal have food brought to them on one.
- 30. Yourself.
- 31. Spike of corn.
- 32. Indebted.
- 33. Newspaper paragraph.
- 35. While.
- 36. Direction of sailing toward Scandinavia.
- 37. Measure.
- 39. A rope for catching cattle.
- 44. Perched.
- 46. Negative.
- 47. Instrument for determining direction on No. 28 horizontal.
- 49. Musical note.

VERTICAL

- 1. A magician's rod.
- 2. Neuter pronoun.
- 3. Bag.
- 4. To sew a bolt rope on a sail.
- 5. 15,432 grains.
- 6. No. 26 horizontal sailed before the wind.
- 7. Hebrew for Delty.
- 8. Where No. 26 horizontal travels see picture.
- 9. Portals.
- 11. Devoured.
- 13. A hostile ship.
- 16. The point or place where a thing occurs.
- 17. Exists.
- 20. Living near the ground.
- 22. Charges with air.
- 24. Animals without feet.
- 25. Beer mug.
- 27. To fell trees.
- 29. .025 acre.
- 32. When No. 26 horizontal comes in sight of a bay.
- 34. Officers ranking next to No. 15 horizontal.
- 38. A bend of a river.
- 39. Behold.
- 40. So be it.
- 41. A mineral spring.
- 42. To glut.
- 43. Bone.
- 45. Inlets from No. 8 vertical.
- 47. Small fishing boat.

- 48. When in danger of No. 26 horizontal the cry for help.
- 51. Sixth tone of diatonic scale.
- 54. Masculine pronoun.

Through an unfortunate mistake, the key to the cross-word puzzle in The Herald yesterday was wrong, and puzzle fans naturally were unable to solve the puzzle. That the cross-word puzzle is a popular feature was evidenced by the many telephone calls received regarding the mistake. The Herald will make every effort not to let such a mistake occur again.

HUNT'S WASHINGTON LETTER

By HARRY B. HUNT
NEA Service Writer

WASHINGTON, Mar. 12.—A Tennessee Yankee, John Quillen Tilson by name, will succeed Nicholas Longworth as majority floor leader in the House when the sixty-ninth Congress convenes next fall.

A Tennessee mountaineer by birth, but a Yankee by adoption and a product of Old Eli Yale in education, Tilson presents a sort of composite nationalism that should enable him to unite the Republicans of north and south, highbrow and lowbrow, behind party measures in the next Congress.

Tilson was born and reared in a log mansion on a farm near Clearbrook, Tenn. The phrase "log mansion" may seem paradoxical, as does that of "Tennessee Yankee" but no other terms seem to fit. He's a sort of paradoxical fellow.

While Tilson's boyhood home was made of logs, it wasn't a log cabin. It was a big, spacious, roomy residence—the biggest place for miles around—where Squire Tilson, the future congressman's father, lived and entertained in simple but feudal style.

Getting an education was not an easy thing for Tennessee mountain boys in the days following the Civil War. There were few elementary schools in the country districts, and secondary schools were practically unknown.

Sending children away to private schools or colleges was an unheard of thing. John walked three miles to and from school each day to get his "Three Rs". And at the age of 20 he struck out from the farm to get "more larnin'."

He paused for a while at a little Tennessee school, now known as Carson & Newman College. There he worked while he studied, saving money to pay his way "north," for he had determined to try his talents at one of the big eastern universities.

Then Yale, and six years of "digging" during which time he divided his energies between his studies and his work in the circulation department of a local newspaper.

Graduation found him happy but broke. Train fare back to Tennessee was lacking, so he hung out his shingle in the same college town where he had got his degree, and buckled down to building up a practice.

AND IN THE MEANWHILE

OUT OF THE AIR

The "Cuckoo Club" has been a popular feature with this station and has proven entertainment to thousands of listeners to this station at regular intervals.

Program for Friday

- KFI—Los Angeles, 7 to 8 p. m. Los Angeles Examiner program, 8 p. m. program of the Aeolian Pipe Organ studios, 9 Kennedy Broadcasters from Long Beach.
- KHJ—Los Angeles, 8 p. m. Hensley & Scott, Insurance Co., sponsor studio program, 10 Art Hickman and his Dance orchestra.

 KOA—Denver 7:10 Foster Sup- ply Co., featuring Hawaiian selections, vocal numbers and solos.

COUPON Good for New ENLARGED DICTIONARY

TO READERS OF **THE EVENING HERALD**

Old dictionaries should be discarded, as recent activities have brought additional words into our language, and the publishers had to discard their old printing plates. Here is the newly compiled dictionary—larger and more complete than any similar one—enlarged vocabulary—all the new words and new special features—now ready for every reader.

EASY FOR YOU TO GET

Three of these coupons, presented or mailed to this newspaper with a nominal sum to cover cost of handling, packing, clerk hire, distribution, etc., amounting to only **98 Cents**

Mail Orders
 If by mail, include 7 cents postage up to 150 miles; 10 cents up to 300 miles; or for greater distances ask your postmaster for rate on 3 pounds.

Entitles every reader to this New **Enlarged Universities Dictionary**
 Without Further Expense or Obligation—and Money Back if Not Satisfied.

Your Old Dictionary is Now Out of Date
 This is the ideal book for solving Cross Word Puzzles

LOS ANGELES

WESTERN OILS' BASE EXPLAINED

Chemist Straightens Out Misconception

That the entire public of the Pacific coast region has a mistaken notion of the significance of western lubricating oils is the opinion of Thomas G. Hill, prominent chemist of the University of California, who has just published a pamphlet explaining the difference between western and eastern oils and the reasons for the difference.

There being no one else in the country who has taken the trouble to explain the difference between western and eastern oils, Mr. Hill's pamphlet is a most timely contribution to the knowledge of the general public.

Mr. Hill says that the western oils are made from the best quality of crude oil, and that they are refined to a higher standard than the eastern oils. He also says that the western oils are more stable and more resistant to oxidation than the eastern oils.

Mr. Hill's pamphlet is a most valuable contribution to the knowledge of the general public, and it is a pity that it is not more widely distributed.

The Only Difference is 15c a quart

So far as their actual lubricating value is concerned, the difference between eastern and western motor oil is about 15c a quart.

This 15c saving is represented in two natural advantages of the western product; volume production, and low freight rates.

Whether eastern or western, authorities will tell you that all motor oils deposit carbon.

But there are two kinds of carbon. One is hard and gritty, an abrasive which scores and scratches metals. You must remove it every few thousand miles at considerable cost.

Not so with Aristo Motor Oil—a product from the finest western crude.

The residue from Aristo is soft and fluffy. Most of it blows out with the exhaust. It cannot scratch or score.

Motors run 10,000—20,000

—50,000 miles without the need of cleaning—so scores of Aristo users testify. Thus to avoid hard, gritty carbon forever, simply use Aristo motor oil.

Aristo—a perfect lubricant—is the product of one of the largest and best equipped refineries in the world. That is quality insurance.

Use Aristo regularly if you want protection and less carbon trouble at a minimum of cost. You can pay twice as much for "Eastern," and not get as good an oil.
