

—how they satisfy the "inner man"!

GOOD MORNING! Good cheer! Good nourishment! All three piled high on a man's plate when mother turns out Flapjacks!

How they satisfy the "inner man"—these fine, upstanding hot cakes! How they start the sunshine ball a-rolling! Notice the men who go in for Flapjacks in the morning. They're the men who "eat up" work the rest of the day!

And—just this word of friendly caution to mother: don't make the mistake of serving Flapjacks at the end of a hearty breakfast. They deserve first place on the morning menu.

Fruit, Flapjacks, syrup and coffee are enough for any man with a right good morning appetite. Easy to make. Economical to serve. Simply add a little water or milk and bake on a hot griddle.

Say "Flapjack" to your grocer—he'll know.
