The
BREAKFAST OF THE
"regular fellers"

Real red-blooded boys like to *chew* their breakfast cereal. No soft, mushy dishes for them!

That's why they "holler" for **SHREDDED WHEAT**. And the chewing of these crisp, oven-baked shreds of whole wheat insures thorough mastication—most important for youngsters.

Children brought up on **SHREDDED WHEAT** are thoroughly nourished because **SHREDDED WHEAT** contains all the body and muscle-building properties of the whole wheat grain. It's the balanced food.

ONE OF AMERICA'S STRONGEST COMPANIES

The Screen

At the Pine Tree

Cecil B. De Mille's latest Paramount production, "The Golden Bed," at the Pine Tree today, is a story of Admah ("Candy") Holtz, rian to fortune from "poor white trash."

"Candy" Holtz is infatuated with Flora Lee Peake, alluring beauty and hope of a family which is decaying because of its preference for a great name rather than useful toil.

Margaret Peake, equally arrogant at first, learns the emptiness

of unearned wealth and high social position and works for the regeneration of Admah, after the young fellow is brought to ruin by a sister who accepts luxury from a husband while sneering and flirting behind his back.

As Flora Lee and Admah, Lillian Rich, De Mille's new "find," and the popular Red La Roche have two characters which book reviewers called "outstanding pen portraits," following publication of Wallace Irwin's novel which Jeanie MacPherson adapted for the screen.

As Margaret, Vera Reynolds, whom De Mille introduced to the picture-going public in "Feet of Clay," has a sympathetic role.

Famous names bristle in the cast which includes Warner Baxter,

Theodore Kosloff, Julia Faye, Henry Walthall, Robert Cain and Robert Edison.

Proof that he is master of all the tricks of stage technique is given this week at the Pine Tree by George X. White, who has prepared and presented a prologue to "The Golden Bed" that is said to equal in scope and effectiveness any prologue put on for this picture in any of the metropolitan theaters in which it has appeared.

Walte took as the subject of his prologue Kipling's "A Fool-There Was," adapting the vampire theme to make it strikingly effective and applicable to the picture it precedes.

Miss Nolda's rendition of the vampire song, as well as the efforts of other members of the company, aided by unique special lighting effects, give added attraction to the prologue.

Mr. White is now at work on a prologue for another picture, "The Days of '49."

AT THE LIBERTY

In "His Majesty, the Outlaw," now playing at the Liberty theater, Ben Wilson does some of his best work of his career.

The plot contains fast action, tense situations and heart interest to hold the audience intent to the last foot of the film.

Yakima Canutt as the pal who sticks to Carson through thick and thin is extremely good and adds some humorous touches by his habit of stuttering.

Ever since America was born the whole world has bowed to Yankee speed. In every walk of life, in every business, and in combat, the speed of the Yank has electrified all nations. No more appropriate subject could possibly be conceived for a motion picture, and advance reports state that "Yankee Speed," which comes to the Liberty Theater Saturday easily lives up to the Yankee traditions.

Of all the film stars Kenneth McDonald, the famous stunt man of the movies, stood out as the ideal personage to typify the real young American "go getter." The speed with which he cavorts through this remarkable picture will enthrall the picture-going public. Marvellous settings were constructed for the feature and a cast of stars was selected to support McDonald. "Yankee Speed" is an adaptation of the famous story, "The Mystery Castle," by Robert North Bradbury, who also directed the picture. No one can afford to miss this new screen revelation.

Viola Yorbk, famous Spanish beauty, is in support of McDonald.

PINE TREE THEATER VENTILATION COMMENDED BY HEALTH OFFICER

Dr. Newsom, county health officer inspected the Pine Tree Theater yesterday as to sanitation and ventilation and pronounced it to be in wonderful condition. The big ventilation plant changes the air every two minutes and with additional draw fans in the ceiling it is proclaimed to be one of the best ventilated theaters in the state. The floors are scrubbed with a special Phenol compound that acts both as a cleanser and disinfectant. Patrons of the theater are to be warned about the coming hot season in that the Pine Tree with the ventilation system will also have the theater cooled by having the air forced into the auditorium over ice cooled grates. These new features will be installed in the near future and everything that is possible will be done to further the comfort of the Pine Tree guest.
