MALIN

On Tuesday evening March 10, the Malin people welcomed delegates from the Czecho-Slovakia chamber of commerce of Chicago, Ill., Springfield, Mass., Portland, Ore., and Seio, Ore. They came by cars to look over the country. Arriving in the late afternoon they were served dinner at the hall where later the following program was carried out. Mr. Albert Plasil as chairman introduced the speakers; after two selections by the Sokol band, first America was played and then number followed by the Czecho-Slovakian national hymn.

Dr. Trout, mayor of Malin, made a stirring address on the need of further colonization of this country and Mr. Joseph Ottoman gave a history of this country's development from its start of sage brush land to its present settlement. In his usual enthusiastic manner Dr. Trout told the need of a railroad in this section. Mr. Zerzan, representative from the Portland state commercial club, spoke on the character of the Czecho-Slovakia people as good farmers, loyal citizens, as proved by their enlistment into the war at the very start. Dr. A. Norris of Maryland, wondered why with so good a country more advertising was not being done, urging more in the future that a wider knowledge be given out. Mr. Prasal of Chicago, secretary of the National chamber of congress, said now we have heard all of the good things, tell some of the bad. Judging from the feelings of the delegates after the social evening following the program and the next morning spent looking over the valley, the delegates found much to commend and were favorably impressed with the country.

E. A. Brown, George Tiffany, J. W. Bramsted, Frank E. Roberts, Rudolph Larson left Wednesday for Seio. The men have been working under Mr. Darley, on the Shasta View ditch and as the dirt work is completed they are leaving with their teams for other work. The work here is progressing rapidly and culverts are being now put in. Little daughter of Mr. and Mrs. Ransler had an unfortunate accident Wednesday noon, when she fell and broke her arm, while playing.

Mrs. J. W. Taylor entertained at luncheon Thursday. Covers were laid for Mrs. G. W. Myers, Mrs. E. L. Stevens and daughter, Betty Jane, Mrs. J. A. McComb and Mrs. Taylor the hostess.

Mr. and Mrs. John Reber spent Thursday in the county seat. Mrs. John L. Bailey of Shasta View was shopping in Malin on Thursday.

There are several cases of grippe in the community.

The regular meeting of the Social Welfare club met at the home of Mrs. John Reber on Wednesday afternoon. The afternoon was spent in sewing, after which light refreshments were served. The April 1, next meeting will be held Wednesday afternoon at 1 o'clock at the home of Mrs. Freda Hoolbrook. The ladies of the club will

be glad to get any sewing, darning or making comforts, if any one has such work to be done, funds are being raised for payments on the piano at the community hall. Every one should be interested as the hall is used both afternoon and evening most of the time by both school children and the men's ball team.

The death of Mr. Albert Garlick Thursday night of pneumonia, following an attack of the grippe, came as a great shock to the community. He is survived by a wife and three children, Irene, Earl and Houston. A brother, Ray Garlick, made his home with them and a sister, Mrs. E. D. Smith lives a half mile south of town. The family are living on the Gregory ranch a mile west of town. Mr. and Mrs. Garlick and children came several years ago from McMinville on account of Mr. Garlick's health, he was troubled with the asthma and quite recovered in this climate. They have quite a dairy herd. Mrs. Garlick and family have the deepest sympathy of the community in their bereavement.
