TOLL QUESTION DEFERRED TILL JUDGE'S RETURN

Question Thoroughly Aired in County Court Rooms Saturday Afternoon

With the statement that "it was not the county court's intention to work a hardship on the Klamath public by the establishment of a toll road," County Commissioner Burrel Short deferred action on the toll road contract between the county and the Central Auto Service, until the return of the county judge.

Heavy artillery, from nearly every class of people in the county, was brought to bear upon the county court at the hearing in an attempt to quash the proposed contract without further ado. Railroad companies, the chamber of commerce, Deschutes county, railroad construction concerns, lumber companies by proxy, livestockmen and farmers, business men all added their bit to the general whole which in brief, was a blanket condemnation of the toll road system in general and of the Klamath toll road contract which is now up for consideration by the court in particular.

It is generally understood that the court, Commissioners Short and Martin, are not in favor of the contract. From extemporaneous remarks made during the hearing and from certain assurances given railroad construction companies, it is deduced that the quashing of the contract is merely a matter of time.

The hearing Saturday was one in which the fur flew thick. The question was thoroughly aired and then set out to dry. Among those who spoke at the hearing were C. C. Kelley, state highway engineer; S. P. Miller, representing the Utah Construction company; R. C. Groesbeck, representing the chamber of commerce and the ranchers of the Fort Klamath country and the Southern Pacific railroad; A. C. Yaden, representing Fred Duke; L. Antles, of the Bend Commercial club; Clyde McKay, Bend business man; Mrs. F. M. Cleave from Crescent; E. L. Clark of La Pine and others.

TWO ARRESTED

N. F. Sargent was arrested early Sunday morning on a charge of being intoxicated while driving. His companion, Lee Harrington, was charged with being drunk. The arrests were made by Traffic Officer Knowles as Sargent and Harrington were returning from the Keno dance.

THIRTEEN KILLED

FRANKLIN, La., March 23.—A heavy fog which enveloped a stop signal was responsible for a head-on collision of two fast mail trains on the Southern Pacific railway yesterday, causing the death of 13 persons.

Terrible Russian news today. They are making autos there. Bet the darn things will be contrary.

PELICAN BAY CLUB DONATES FLOOR FOR BIG GAME TOMORROW

Through the courtesy of the Pelican Bay community club, the championship game of the high school basket ball league between Klamath Falls and Merrill will be played on the Pelican Bay club floor tomorrow night, it was announced this afternoon. Officials of the club made it clear that the granting of the club floor for the championship game was an exception rather than the rule.

Students and faculty at the Klamath county high school expressed gratitude to the lumber company club for the cooperation shown. The game is a play-off to decide the championship.

The first hydroelectric plant in the German province of Brandenburg has been placed in operation and others will be built to lessen the consumption of coal.

An electrically operated machine for setting type has been invented that is operated by connection with a typewriter, reproducing manuscript as it is written.
