BLY

The influenza epidemic has been light in our community with only a few light cases and one or two more serious ones. One of the latter being that of Mrs. Otis Osborne who on account of a complication with her ear was taken into Klamath Falls for medical care. She was accompanied on her trip to Klamath Falls by her husband and her sister Mrs. Marvin Cross. At this time Mrs. Osborne is much improved.

The sad news of the death of little Ruby Palmer was received in this valley today, and has brought sadness to the hearts of all. No other in the community was better loved than this beautiful little child, with such happy cheerful ways she made friends wherever she went. Ruby is the four year old daughter of Clarence and Pearl Palmer, and the grand daughter of Mrs. Frank Smidt of Beatty, at whose home the little girl's illness and death came. She is also the granddaughter of Amos Lundy of this valley, and Mrs. Palmer and children have made their home with him the past year or so. The deep sympathy of the entire community is extended to the bereaved family in the loss of their loved one.

Mr. Humphrey of the State Water Commission from Salem is in this valley this week attending to official business.

Truman Morris who for the past year has been working at the Givan ranch has returned to his home in Lakeview.

Marvin Coess and Dallas Givan made a business trip to Klamath Falls the middle of the week, and while there will attend the Klamath merchants-Bly Rodeo Association meeting Wednesday.

Mr. Buckhorn, who is connected with the Pine Beetle Control project is here with a few men for a few days looking over conditions in this area.

The storm of the last few days

has made it necessary to discontinue work on the road over the mountains to Klamath Falls for a few days, and the road crew consisting of Herman Trott, Dave Campbell and Clarence Garrett, under the supervisor Tom Garrett have moved camp back home.

A number of men under the direction of Mr. McGee were stationed here a few days to start a survey of the State Highway from Bly east to the Lakeview line, but were ordered on to begin work west of Beatty.

Mrs. T. E. Wallis has returned from Roseburg where she went for a short visit with relatives.

Harley Keady, who a few days ago sustained a badly broken leg, and was taken to Lakeview for treatment is now up and about on crutches, and is reported as doing nicely.

Everett Bell has returned, with the cattle that he has been feeding at Tule Lake, to his home here.

Friends here are congratulating Mr. and Mrs. Harold Thurston on the arrival of a baby son.

Mrs. O. W. Howard is in Klamath Falls visiting her daughters Mrs. Harold Thurston and Mrs. Bud Bell. While there Mrs. Howard has been ill with influenza and is improving at this writing.

HENLEY

The senior class has started practicing the play "The Fascinating Fanny Brown" which will be given at Henley the 21st of April.

The Henley basketball teams were victorious again Monday night in the game played with the Agency. The girls game was of short duration and ended with a score of 46 to 19 in favor of Henley. Quite a number of fouls were made in the boys game but there was fast action all the time making the game very interesting. The final score was 20 to 14 in favor of Henley.

Mr. Chas. Latta is suffering with a badly sprained ankle.

Mr. Durant had the thrilling experience of having his team run away Monday afternoon when they became frightened. There were no serious results.

The first baseball game of the season was played last Friday between Henley and Malin. Both the girls and boys of Henley carried off the honors of the afternoon. Alma McClay is absent from school on account of illness.

Thelma Lewis has returned to school after a few days absence on account of illness.

Being Original Is a Fine Thing

About one year ago STONE'S opened their first store in Klamath Falls.

We do not claim to be the original cash store here. Such claims are obsolete. The man who originated the steamship did not perfect it. Being original in opening a cash store here has no connection with selling groceries cheap today.

Deliveries Are Very Expensive

Any grocer operating an extensive delivery system must charge you more. The price any grocer must ask is his cost, plus his expense and profit.

STONE'S do not operate a delivery. Our chain store buying power enables us to buy cheaper. Our low operating cost enables us to sell cheaper. Think it over.

CHARLES LIFEBOAT PROVES SUCCESSFUL AFTER EXPERIMENT

LONDON, April 3.—A lifeboat without oars, which it is claimed may be propelled even in rough weather by persons without previous training, was tried out here recently in the presence of shipping experts and representatives of the government. Because of the absence of oars the inventor, J. H. Flooding, contends that one of the chief difficulties of launching a lifeboat from a vessel in distress has been overcome.

The new type of lifeboat is propelled by the occupants who, have levers which they pull forward and backward, this action through a very simple gear causing a propeller to drive the lifeboat through the water. The boat used in the experiment had 42 occupants. With one man at each of the eight levers it was possible to maintain a speed of three miles an hour, and with two men working on each of the levers a speed of six miles an hour was brought about, according to official announcement of Lloyd's agents who were present.

Representatives of the London Board of Trade, the British Corporation and 40 of the leading British steamship companies also witnessed the tryout, which was reported a success.
