P. O. BUSINESS IS INCREASING

Receipts for First 1925 Quarter Exceed First 1924 Quarter

Significant as an indication of increased population and business development in Klamath Falls, is the report made this morning by Postmaster John McCall that postal receipts for the first quarter year of 1925 exceeded by 17 per cent the postal receipts collected in the first quarter of 1924.

Klamath Falls at the beginning of the fiscal year of 1925, July 1, will become a first class post office, Mr. McCall said. During the calendar year of 1924, the postal receipts of the local office exceeded \$40,000. Whenever a post office exceeds this mark in receipts it automatically becomes first class.

The first batch of mail order catalogues has arrived and been distributed, the postmaster said. The catalogues were from Montgomery & Ward company.

CULPRITS RANSACK HOUSTON RESIDENCE

Returning from a ride Sunday evening, between six and eight p. m. last night, Mr. and Mrs. Leo Houston found the dresser drawers of their bedroom ransacked, the contents of the cedar chest scattered over the floor and the room in general confusion where culprits had searched for valuables. According to Houston, only a small pearl-handled vest pocket knife was taken. The thieves are believed to have been frightened away as they had not yet touched the drawer which contained Mrs. Houston's jewelry, watches and other pieces.

From 15 to 20 matches were scattered over the house, showing that the culprits were probably young persons acting on their mission in an amateur manner. Two children's banks were overlooked on the plate rail where the glow of the matches did not reach. The Houston's reside at 601 Lincoln street.

YOUNGSTER HAS NARROW ESCAPE IN STEEP FALL

Serious injury and possibly worse was narrowly avoided yesterday morning at Klamath Hatchery on Crooked creek, when little four year old Ernest Short, son of Mr. and Mrs. Jud Short, slipped from a board over the Hatchery fish troughs and fell 12 feet into one of the troughs.

Had the little fellow missed the trough and struck the floor, the accident would probably have resulted in a broken leg. But plunging square into the trough, about two feet wide, the injury was avoided.

His father rescued him from the trough with nothing by a thorough drenching to testify to the experience.

INSANITY CASE NEARING CLOSE

State to Put on Testimony in Hearing of Dorothy Ellingson, Aged 17

SAN FRANCISCO, April 6.—Shortly before noon today the defense closed its case to prove Dorothy Ellingson insane, and the prosecution began its effort to establish mental competence in the 17-year-old girl, who killed her mother last January 13 in a quarrel over the girl's devotion to the night life.

While Dr. Jau Don Ball, a defense alienist, was being cross-examined the better part of the morning, the girl, displaying perfect composure, smiled broadly at some of the psychiatrist's statements and several times shook her head emphatically. The defendant, recovered from the serious state of hysteria that brought on a dozen fainting spells last week, folded her hands calmly and followed the testimony closely. Once, when a date was mentioned, she turned around and studied a calendar on the wall behind her.

GIRL'S DEATH STILL MYSTERY

Pennsylvania Police Without Clues in Revolting Murder Case Sunday

POTTSVILLE, Pa., April 6.—Mystery surrounding the death and identity of a girl whose body was found yesterday in the mountains near Gordon, Pa., remained unsolved today.

The body was badly charred from the knees to the head and physicians said there were evidences that the girl had made a desperate struggle against an attack. The girl, apparently was between 16 and 19 years old.

As clues the police have a strip of clothing and several rings.

DEER KILLING TO BE PROBED

District Game Warden to Make Thorough Investigation in Jenney Basin

Whether or not deer killed recently in the Jenny creek water shed, 35 miles east of Klamath Falls, came to their end through the ravages of a cougar or the attack of a band of coyotes, will be the question that District Game Warden Marion J. Barnes, will endeavor to solve tomorrow. Mr. Barnes plans to leave tomorrow morning for the scene of the deer killings.

Possibility that the deer came to their death through the attack of coyotes, was admitted by Mr. Barnes. Cougar are very scarce in the Klamath country and seldom are seen in this county. If investigation does disclose the presence of a cougar in the Jenny creek country definite steps will be taken to kill the beast.

FAMILY RECOVERS Mrs. Ferguson and Two Children Weather Serious Illness

After a serious illness from pneumonia, Mrs. Bert Ferguson and two children, Arthur and David, have each recovered and this morning left the Klamath General hospital where they have been convalescing for some time. The mother and her two sons were very seriously ill at one time but managed to pull through. Mr. Ferguson is connected with the Merrill creamery.

CHURCH PLANS NOW ASSURED

Pass Subscription Quota at Meeting of Christian Church Members

Building of the \$35,000 superstructure of the First Christian church is now assured, according to announcement made today. At the Sunday service, the church set out to raise \$6000 among the members and their success was manifest with the subscriptions signed passing to \$6578. A number of the members are yet to be heard from. When the entire membership of the church has responded to this call the sum will be materially increased.

Money raised so far has been entirely within the church, nothing so far has been asked from the friends, although they will be given a chance later. After the business of the day was dispensed with, a pot luck dinner was served at 2:30 p. m. Communion services were held. More than 300 persons heard Rev. W. E. Bobbitt last night in an able sermon on the first verse of the twelfth chapter of Romans.

RETURN FROM CAMP AT LAKE OF WOODS

Mr. and Mrs. R. L. Nichols returned last night from ake of the Woods, where they had been for two days, being the first to make the trip into this popular resort this year. The Nichols' have a summer lake was made by auto over the home at the lake. The trip to the new highway to the foot of the canyon, from which point they hiked to their cottage, a distance of nine miles, taking five hours to do it. In the canyon there was three feet of snow and four feet at the summit. The lake is still frozen over, except about two feet at the shore, which is slush ice.

Most of the lake shore is covered with snow and the water is now about at the high point of last year. It is expected that there will be a raise of another foot. Eagles, sea gulls and camp robbers were quite numerous, but there were no signs of wild animals. The house cat belonging to D. B. Campbell was on the job waiting for the season to open and its master to return.

Three trees obstructed the highway but it was necessary to remove only one, the others being in such shape that they could be driven around.

Mr. and Mrs. Nichols were the first to make the trip to the lake last year.

LEG IS CRUSHED BY FALLING TREE AT EWAUNA CAMP

Hans Anderson, logger at the Ewauna Box company logging camp at Lumberton, north of Chiloquin, was severely injured late Saturday afternoon when a log rolled over his right leg, crushing the limb badly. The man was brought to the Klamath General hospital Sunday, where he will remain for many weeks recovering from the accident.

Hospital authorities stated that Anderson was suffering from a compound fracture and that the break was exceptionally serious. There is no indication as yet that amputation will be necessary.

SNEAK THIEVES STEAL COATS AS LIGHTS GO OUT

Sudden darkness, caused by lights going out at 3 o'clock Sunday morning, produced the opportunity to sneak thieves at the Chiloquin dance hall to make way with overcoats of pleasure seekers, according to word received from Justice of the Peace R. C. Spink of Chiloquin today.

According to reports received by the Justice of the peace, no disturbance precipitated the lights going off.

CENTRAL P. T. A. TO MEET Plans Will Be Made for Program Which Will Be Given Soon

All members of the Parent-Teachers' association of Central school are requested to attend an important meeting of the association which is scheduled for tomorrow afternoon at 3 o'clock in Central school. Plans will be made for an extensive program which will be given by the association later in the month.

An implement has been invented to spread folded collars so that neckties will slip through them.

Sold in blue and gold cartons, in 4 1/2 lb. boxes
and in 5-lb. half caddies.

TRU-BLU BISCUIT COMPANY—Spokane and Portland

Tuberose Vegetable menu for every day in the week

KEEP THIS HANDY IN YOUR KITCHEN

1925 +		APRIL		+ 1925	
SUNDAY	Beets	--- BEET SALAD	The small, tender Tuberose Baby Beets are picked at the height of their perfection and canned immediately to retain their freshness. These Beets are delicious served hot with butter as a vegetable, or diced cold and combined with either left-over vegetables or meats and sliced hard-boiled egg in a salad.		
MONDAY	Succotash	--- DELICIOUS	A delicious change in the vegetable menu is to serve the sweet, tender Tuberose Succotash made of finely-flavored corn and tender, young, green Lima Beans. You know it's genuinely good because it's guaranteed by the TUBEROSE label.		
TUESDAY	String Beans	--- STRING BEAN SAUTE	Put six slices bacon, cut in inch squares, in frying pan and when nearly done add contents 1 can Tuberose String Beans, after rinsing. Let cook slowly, stirring occasionally until beans are well heated through and have absorbed bacon flavor. Serve hot.		
WEDNESDAY	Sauer-Kraut	--- WITH THE HOME-MADE FLAVOR	Here's a real surprise and treat—the good, old-fashioned Sauerkraut that was "the making" of a real German dinner. Tuberose Sauerkraut is rightly made; you'll say you never tasted any better. Serve it hot for dinner with wienies.		
THURSDAY	Lima Beans	--- BUTTERED LIMA BEANS	Rinse contents 1 can Tuberose Baby Lima Beans, and heat in fresh water, but do not boil. Serve hot as vegetable dish; salt and dot with butter. Very delicious with ham knuckles. If any Lima Beans remain from dinner, use them in combination salad for lunch next day.		
FRIDAY	Hominy	--- A POTATO SUBSTITUTE	Serve hot with butter; especially good with pot roast. Tuberose Hominy has the real corn flavor, being made by the old-fashioned lye process from rich, yellow maize. You never would believe hominy would taste so good as the TUBEROSE brand does.		
SATURDAY	Tomatoes	--- SCALLOPED TOMATOES	Arrange in alternate layers in casserole, contents 1 can Tuberose Tomatoes and 3 level cups dry crumbs. Season every other layer with salt and pepper and onion salt; garnish with chopped green pepper and mushrooms. Dot with butter. To whole mixture add 1 level tablespoon mild vinegar. Bake 45 minutes.
