Young Burglar Captured

Became Broadway Spender on Proceeds of Queens Burglaries—Lived at Y. M. C. A.

NEW YORK, Apr. 7.—Though his salary as a clerk was only \$22 a week, 20-year-old Stanley Wilson of 189 South Oxford street, Brooklyn managed to lead the gay life on Broadway, patronizing the best cabarets and the most beautiful girls. He met his White Light expenses by means of a side line—burglary.

During the last six months, until his arrest in Hillcrest, Jamaica, early today, Wilson is said to have committed at least sixty burglaries. He specialized in raiding homes in Forest Hills, Richmond Hill, New Gardens, Woodhaven and Jamaica. He was unable to describe to the police the houses he had robbed, but informed them that he "would point them out some night, because he only worked nights."

Wilson's end came last night when Detectives Werle and Barrett, patrolling the Hillcrest suburb in search of the burglar who had been active recently, became suspicious of him. The detectives said they saw a man wearing a gray fedora hat, a stylized gray overcoat, a well tailored gray suit and mouse colored spats strolling along Alsop street. He was carrying a businesslike brief case and didn't seem to be going anywhere in particular, though a clock was striking two. At first the detectives hesitated to approach such a respectable

looking citizen, but they had orders to question all who were out at that hour. So they asked the youth what he had in his pocket. He replied "nothing." The detectives searched him and said they found a revolver and a Jimmy, and in the brief case a handful of jewelry.

Had Just Robbed a House It was learned later that the man who identified himself as Wilson had robbed the home of M. Strusburg at 81 Kaplan avenue, Jamaica an hour before his arrest. The loot amounting to several hundred dollars.

Wilson was taken to the Jamaica station, where, after considerable questioning, the police said he confessed "everything." He is said to have admitted that his sixty burglaries netted him only \$1,500 in cash which he spent along Broadway, and a considerable amount of jewelry, much of which he didn't sell, but secreted in Manhattan safe deposit vaults. The police hope to recover at least \$5,000 worth of missing jewelry.

Wilson comes from a respectable English family. His father and mother, who live at the South Oxford street address, were prostrated when they learned of his criminal life. They lived in Toronto until six months ago, when they moved here. Two weeks ago Wilson's father is said to have discovered a pistol in his son's room. When questioned about it Wilson left the house in a rage and took a room at the Y. M. C. A. where he was active in religious and social work.

Had Fine Apartment The police also learned that Wilson shared a fine apartment with two other youths in Joralemon street in the exclusive Columbia Heights section of Brooklyn. Upon visiting the apartment, detectives said they found a plumber's torch. Wilson is said to have admitted using the torch to melt settings so that he obtain diamonds and other gems to sell. He also said he melted silverware which he sold to a smelting company near Toledo.

OBITUARY

JOHN C. CARTIER

John C. Cartier, a resident of Duluth, Minnesota, passed away at 11 p. m. last night in a local hospital of pneumonic complications following an attack of influenza. Cartier had come to Klamath Falls three weeks ago in the employ of the Clyde Iron Works Sales company of Duluth, as erecting engineer with log loading machinery at the Ewauna camp. He became ill immediately after his arrival in the city and was taken at once to the hospital where every possible medical aid was given him. According to the company for whom he worked he was one of their most valued employes.

Cartier was born February 10, 1880 in Minnesota. He is survived by his wife, Elizabeth Cartier and a sister and brother. His sister, Margaret Cornier, arrived from Spokane, Washington to accompany the body back to Duluth. His brother, George Cartier is expected tonight. Members of the Sacred Heart parish will meet at 8 p. m. at Whitlock's mortuary and recite the rosary for the repose of Cartier's soul.

HOTEL RAY LEASED FROM MRS. PANOS

Mrs. Gladys Panos transferred her lease on the Ray hotel to Mr. and Mrs. Earl Walker of Bly, according to announcement made this morning. Mr. and Mrs. Walker are pioneers of the Klamath country and well known in this section. The Ray hotel was the basis of heated argument in the city council during the past two months, when the place was considered a public nuisance by some. Mrs. Panos appeared before the council and succeeded in clearing the minds of the councilmen over the matter. The Panos family will leave in the near future for Seattle, where they will visit for some time, expecting to return to the city, where they will again be interested in business.

TEACHERS HIRED FOR NEXT YEAR

All teachers of the city schools, with one exception, were reelected to teach next year, at a meeting of the city school board held last night in Central school. The case of the one teacher who was not reelected will be considered further at the next meeting of the board, it was said.

One teacher of Fairview school, whose reelection was advised against by the city school superintendent, was reelected when the teacher produced petitions testifying to her popularity with the mothers and fathers.

TWO BOYS HELD BY AUTHORITIES

Only two of the fourteen young boys, between 10 and 16 years of age, who are charged with having carried on wholesale stealing in the

city under the cognomen of the "Octopus," are being held by authorities, it was learned today from the district attorney's office.

Whether or not the two boys will be prosecuted could not be learned. It is understood that the district attorney's office does not favor bringing the boys before the juvenile court.

The large pile of stolen articles ranging from iron bars to guns, will be distributed to rightful owners following disposition of the cases against the boys.

STOCK RAISERS OF KLAMATH HARD HIT BY STATE RULING

An announced in Associated Press dispatches late last week, the Oregon Livestock Sanitary board has declined to lift the quarantine on cattle from California, and as a result many Klamath livestock men are faced with a serious problem, by reason of the fact that they will be unable to bring back cattle and sheep which they sent to California for grazing during the winter months.

W. H. Lytle, state veterinarian, has agreed to aid the Klamath owners as much as possible in bringing their sheep and cattle back to this country, but each case will be acted on individually instead of the board lifting the general quarantine which is now in effect.

FIREMEN SEE FIRE FIRST AND PUT IT OUT IN 4 MINUTES

A cigarette thrown from an office above lit on the awning of the Lucas Furniture store on Fifth and Main streets at 11 a. m. today and started a fire that seriously threatened the store and office building adjacent. Firemen, standing in front of the city hall on Fifth street between Klamath and Walnut, perceived the fire before an alarm was turned in and in a few minutes the fire truck arrived on the scene of the blaze. Several applications of chemicals

extinguished the blaze which was licking window casings. No damage beyond the loss of the awning was reported.

Mrs. W. A. Whittinger is stopping in the city for several days from her home in Modoc Point.
