The Edlow-Spring mattress is made with many layers of cream-white, felted, staple cotton—interlaced curled hair and the patented Edlow-Spring.

As handsome in daytime as restful at night

An Edlow-Spring mattress when "dressed up" for the day will give many a fussy housewife a "pleasurable thrill." No bumps or hollows. No sagging over the edge of the bed.

The Edlow-Spring is the only basic improvement in mattress construction for many, many years. A series of flexible, piano-wire springs are built between many layers of snow-white, felted, staple cotton and interlaced curled hair.

Every Edlow-Spring mattress bears a label guaranteeing it not to sag, stretch or lose its resiliency for 20 years. In case of failure, a new one free of charge.

Costs less than 1 cent a night.

Hearse Driver Defeats Ambulance in Fast Race To Scene of Accident

There are professions in almost every walk of life—the medical profession, the second story profession, the no less admirable newspaper profession and so forth. All of them are all bound around by a code of ethics that prevent a man freedom much the same as a stiff collar or a stiff "buzzom" shirt. In each profession there is the unpardonable, the mortal-est sin. Doctors shall remain at least 50 feet behind the ambulance. Newspaper men must at least know how to spell the word TRUTH. Lawyers must address the judge in court as "your honor" no matter how they sling mud at him outside the court. The ethics of that admirable profession of undertaking, set forth in the first of their ten commandments: "Thou shalt await full ten minutes after an accident before betaking thyself to the scent of the unfortunate (?) occurrence."

"Nat" Towey, zealous understudy of County Coroner Earl Whitlock, recently, it is regretted to record, broke this vital commandment of his profession. It was hardly three minutes after Walter G. Folsom, Copco employe, received his near-fatal shock when Towey and his joyful band wagon "The Hearse" arrived on the scene. Not only that, but he beat the ambulance to the scene of the accident!

MERRILL

The annual congregational meeting of the First Presbyterian church was held in the club rooms Thursday evening. Owing to so much illness in the community the regular church supper was not had. The reports showed the various departments of the church in a satisfactory way. N. E. Woodhouse and J. W. Taylor were elected new members of the trustees. Held over trustees are W. F. Jinnette, G. W. Offield and C. N. Haskins. New elder elected in place of J. H. Hobbs, who recently died was W. F. Jinnette. The other elders are W. F. Hill and J. W. Haskins.

Friday evening April 3 at 6:30 o'clock the Merrill Basketball team who won the county high school championship and the Glover cup were entertained at a banquet given by their mothers at the high school. All the basket ball players of the school and the teachers were also present. The banquet hall was decorated for the occasion with the school colors and alfalfa. Alfalfa was very appropriately used in the decorations as the Merrill team was cheered on to victory and the Klamath Falls team to defeat at the final game to the tune of "alfalfa hay," sung by the Klamath rooters. The tables were arranged in the form of a cross. The loving cup was used as a center piece. Over which was suspended a basket ball, streamers in the school colors extended from the ball to place cards representing tiny basketballs. The players favorite nick name was used on the cards. Four of the teachers dressed in black dresses, white caps and aprons tied with the school colors acted as waitresses. Creamed chicken, hot biscuits, potatoes, peas, salad, olives, lettuce, radish, ice cream and cake were served.

The ice cream molded in the school colors was donated by Mr. Murray of the Klamath Falls Creamery. The following were seated at the tables, Mr. and Mrs. Turnbaugh, Mr. and Mrs. Hendrickson, Kenneth

The Merrill Library club will give a card party at the library Saturday evening April 11. Mr. and Mrs. J. H. Martin were in Merrill Sunday from Klamath Falls.

The work of the community hall is progressing rapidly. During the past week considerable labor was donated. The greater part of the money has been secured for the building and was furnished by home people. However two donations were from Klamath Falls, E. M. Bubb, of the American National Bank and the Ford Garage. These were very much appreciated by the Merrill people.

Miss Mary Taylor who is teaching at Bryant Mt. spent the week end in Merrill.
