## CHILDREN LEFT FATHERLESS IN LOVE TRIANGLE

### Tacoma Man Kills Divorced Wife's Husband and Then Shoots Himself

TACOMA, Wash., April 14.—Two men are dead and two children are fatherless following a shooting affray last night when a divorced husband stormed the home of his former wife on the first anniversary of her second marriage and shot himself after killing her husband.

The dead men are Fred B. Arnold of Tacoma and H. A. Winston of Aberdeen.

The killing occurred in view of several children who were playing with Iwanua Winston, 13, in front of her home. Shortly before 8 o'clock Winston, the father of Iwanua and the divorced husband of Mrs. Arnold, appeared and took Iwanua by the arm.

Spurred By Child  
"Leave me alone, I don't want to see you," the girl is alleged to have said as she jerked away from her father and ran.

Arnold stepped from the house and according to police, met Winston at the foot of the porch steps. The men faced each other angrily and Winston accused Arnold of prejudicing his children against him and preventing Iwanua and her brother, Horace, 15, from writing to him.

### Rival Is Slain

A few angry words were spoken and Winston drew a pistol from his pocket and shot Arnold twice through the stomach. Arnold staggered down the walk and fell dying in the parking strip.

Winston stepped around to the side of the house as Mrs. Arnold came to the door.

He entered the house by the back door and committed suicide in the kitchen.

### COMMISSIONERS ARE NAMED BY LEAVITT

Due to the fact that two vacancies existed on the park commission of Klamath Falls caused by the resignations of Commissioners Fran's Ward and W. A. Delsell, it has been ordered by the circuit court that O. D. Mathews be appointed in the vacancy of Ward and Roy F. Durbin in the stead of W. A. Delsell. The order is signed by A. L. Leavitt, presiding judge of the circuit court.

### WOMAN CONVICTED

PORTLAND, Ore., April 14.—Mrs. Jean Kautto, who operated a hotel at Warrenton, Oregon, was convicted today by a jury in federal court of using the mails to defraud. She was charged with having attempted to blackmail Dr. E. S. Hamel, a dentist and editor of Warrenton.

## OREGON MASONS NAME OFFICERS

### John H. Kollock of Portland Is Chosen Head of Royal Arch Branch

PORTLAND, Ore., April 14.—John H. Kollock of Portland was elected Grand High Priest of the Grand Chapter of Royal Arch Masons to succeed Wayne Standaard of Brownsville, Oregon, at the business session here yesterday at the 65th annual convocation. Other officers elected were: G. B. Swafford, Oregon City, deputy grand high priest; Frank S. Ballie, Portland, grand king; Thomas Stimms, Woodburn, Oregon, grand scribe; Frank J. Miller, Albany, Oregon, grand treasurer; D. I. Cheney, Forest Grove, Oregon, grand secretary; George Walton, Klamath Falls, Oregon, grand orator; E. Northrup, McMinnville, Oregon, grand chaplain; Herbert C. Toney, McMinnville, Oregon, grand captain; Milton L. Meyers, Salem, Oregon, grand royal arch scribe; D. B. Stewart, Corvallis, Oregon, grand master of the third veil; Carl W. Evertsen, Marshfield, Oregon, grand master of the first veil; Lloyd Scott, Portland, grand scribe.

## ARMY PLANES TO PATROL FORESTS DURING SUMMER

EUGENE, Ore., April 14.—Four United States army airplanes will be stationed at the Municipal aviation field in Eugene this summer for the forest fire patrol base for western Oregon, according to word received from United States Senator Charles McNary. Each of the four planes will have a personnel of three fliers, according to the announcement.

Although it had been recently assumed that Eugene had been selected as forest air patrol base again this year, the details of the organization were not given.

The reserve corps of the army air service will provide the aviators on patrol duty for the first time since the establishment of the patrol base here five years ago.

## LEWISTON WILL GET 2 BIG PLANTS

LEWISTON, Idaho, April 14.—The Lewiston city council last night accepted the proposals of the Clearwater Timber company and the Inland Power and Light company in the matter of establishing mills, power plants and log storage in the Clearwater river at Lewiston.

The city is bound to give assistance in the matter of securing sites at reasonable prices and the companies agree to begin operations at once and to have the plants in operation by the spring or early summer of 1927. The investments of the two companies at Lewiston will be more than five million dollars.

## R. R. FRANCHISE UP TO GODDARD

### Strahorn Road Gets Sixth Street Permit Without Common User

Persistent rumors current on the streets today that the resolution granting the O. C. & E. railroad permission to cross Sixth street without the inclusion of the common user clause would be vetoed were neither affirmed nor denied by Mayor Fred R. Goddard this morning.

"My mind is open on the question at this time and I plan to consider every angle before taking action," he said.

The mayor's veto would defeat the resolution granting the O. C. & E. exclusive franchise to cross Sixth street. The three new councilmen elected last November voted in favor of the exclusive grant. They are E. H. Balster, Charles I. Roberts and C. E. Stucker. The two senior councilmen, Merle West and Fred Cofer, who have served the city two previous terms, voted against the exclusive franchise.

In event the mayor vetoed the resolution, it would necessitate a four-fifths vote of the council to pass the resolution over his disapproval. Assuming that the present vote of the council would remain the same, the necessary majority to pass the resolution over the veto could not be obtained.

Whatever the future developments may bring, the mayor holds the whip hand at this time. Ex-temporary remarks made in council session indicate that he favors the grant to the Strahorn railroad to cross Sixth street, but not without a common user clause.

Whether or not Councilmen West or Cofer would change their minds can only be surmised. Since the recent move of the Hill lines brought the common user clause question to an issue, the two councilmen have taken the position that a common user provision was the fair way to dispose of the question. They could not perceive, according to their views as expressed around the council table, why the common user privilege should not be included.

## BETTER TRAFFIC REGULATIONS IS AIM OF CHAMBER

### Public Meeting to Be Held Next Thursday Evening to Discuss Subject

Preliminary measures toward relieving Klamath Falls of congested traffic conditions on Main street will be taken next Thursday evening by Mayor Fred R. Goddard and J. J. Parker, local manager of the American Express company, met with the directors and told them that something should be done.

The mayor's position was that whatever business men decreed, in regard to traffic regulation, should be done, as long as the measures toward traffic control were feasible and law abiding.

Something Must Be Done  
J. J. Parker told the directors that unless the measures were taken to facilitate traffic movement and to allow more parking spaces on Main street, that the time would soon come when the American Express company would be forced to suspend deliveries.

The general sense of the meeting was that something should be done. Rather than have the movement for better traffic regulations emanate from the chamber of commerce only, it was decided to call a meeting of business men and the general public that would be affected by the change and take the matter up in a business like manner. After the subject is aired Thursday evening, a committee will be appointed to take up the more technical phases of proposed changes and the movement will be pushed to completion.

Time Limit  
Necessity of revising parking regulations was mentioned by E. B. Hall, who claimed that not only should automobile parking be limited to 30 minutes on Main street but that automobiles should be forced to park flush against the curb in order that more space be allowed for bus travel in the middle of the street.

R. C. Groesbeck who presided at the luncheon, called attention to the thousands of tourist cars that would crowd the city streets the summer long.

With the granting of a bus franchise looming in the near future, it would be necessary to guarantee the bus line easy movement up and down Main street, Mr. Parker said.

Directors in Favor  
Many phases of the auto traffic situation were discussed informally by the directors and all stood unanimously in favor of sponsoring some movement that would relieve poor traffic conditions.

Inasmuch as the movement for the building of a golf course seemed a more or less private enterprise, it was decided that the chamber of commerce should not become actively connected with the matter.

"It would be different if it were a municipal golf course," W. O. Smith pointed out. "Besides we have enough projects on hand already."

## ELWOOD HAYNES DIES FROM FLU

### Man Who Invented "Horseless Carriage" in 1894 Passes Away

KOKOMO, Ind., April 14.—Elwood Haynes, 68, who in 1894 invented the "horseless carriage," is dead at his home here, a victim of influenza. Mr. Haynes, who had never fully recovered from a previous attack of the disease, was ill but a few days. Funeral arrangements have not been made. Mr. Haynes suffered an attack of influenza while on a trip through the southern states and on the advice of a physician whom he had consulted, he returned home. He died, with which he long had been afflicted, also contributed to his death.

Few friends knew of the serious illness of the pioneer automobile manufacturer who also gained international reputation as a scientist. His widow, son and daughter were at his bedside when death came.

## Pine Tree Is Bought By Poole

### Affiliation of the Liberty theater with the Pine Tree theater and assumption of active management and control of the Pine Tree theater by Harry W. Poole was announced last night following a business conference in San Francisco. The transfer of management and control of the Pine Tree theater goes into effect tomorrow night. Mr. Poole will take charge Thursday morning.

No figures concerning the transfer were announced by either Mr. Poole or Frank Cassidy, who is representative of the George Mann company which owned the Pine Tree theater. It is understood that the George Mann company will retain an interest in the Pine Tree until their lease on the property expires.

Better Pictures  
"Klamath Falls is so far out of the regular circuit of our moving picture theaters that we have concluded that Klamath Falls could be best served by an affiliation of the two theaters, rather than have the two houses competing," Mr. Cassidy said today. "We have found that we could not serve our theater here as well as our theaters in northern California, owing to the difficulty in transferring equipment such a long distance. The change, I am sure, will mean an improvement in moving pictures in this city that will be appreciated by the general public."

Now Has Three Theaters  
Harry Poole, pioneer theater man of this county, is now in control of three moving picture theaters, the Pine Tree theater, the Chiloquin theater in Chiloquin. He has been in the motion picture business in Klamath Falls for seven years.

Beyond the retirement of E. F. Moe as manager of the Pine Tree theater, no change will be effected at the Pine Tree, Mr. Poole said.

Mr. Moe's plans are as yet indefinite, Mr. Cassidy said. It is not known whether he will remain with the George Mann company or whether he will enter some other business in Klamath Falls.

The Pine Tree theater was purchased from the Hart brothers by the George Mann interests a year ago.

## GORDON HART TO BE SPEAKER AT LUNCH

F. Gordon Hart of Grants Pass will be the speaker at the chamber of commerce forum lunch tomorrow noon. He will speak on the problems of youth. Special musical numbers will be given by Mrs. Babcock, vocalist, and Harry Borel, violinist, and W. Sward, flutist.

## NOTICE TO SUBSCRIBERS

The carriers are having vacation this week and I am planning a picnic for the boys. There are going to be hot dogs, and candy and a lot of other stuff that boys like and I want everyone of my boys to be with the bunch. But there is a condition. They must clean up their collection books. Now, they made a wonderful record a week ago and for some of them the "clean-up" will be easy. But few of the boys had hard luck finding some of their customers at home. Won't you help these kids out, you who have not yet paid for this month? The boys will call at your home tomorrow and if right now you will fix it so they will get their money, there will be no "vacant chairs" at the picnic. I know there is not a single subscriber who deliberately neglects this little matter—it is just that thoughtlessness that we are all guilty of at times. This one time, however, let us make it 100 per cent.

## GRACE CONBOY

Circulation manager.  
P. S. If you are not going to be at home, we will keep the office open for your convenience until 8 o'clock tonight and tomorrow night. You can either bring in the money or send it, but at any rate, don't forget your carrier.

## COUNCIL FAVORS STREET PROJECT ON E. MAIN ST.

### City Attorney Will Draw Up Papers Setting Im- provement in Motion

Approval of one of the longest street improvements ever undertaken in this city—the macadamizing of East Main street—was given by the city council last night when City Attorney J. H. Carnahan was authorized to draw up the necessary papers which will set the machinery for the improvement in motion.

The improvement includes an extra heavy surfacing of East Main street which leads from Main street at the Big Basin Lumber company south through Mills addition south past the Mills addition school house and joins south Sixth street south of the S. P. railroad crossing. The improvement will represent an investment of approximately \$27,000, City Engineer E. B. Henry estimated.

In order to obviate the necessity of two reverse curves the Klamath Development company will be asked to deed to the city a small parcel of land at a point just east of the junction of Michigan avenue with Main street and the city school board will be asked to deed another small piece of the Mills addition school property.

Frederick S. Harrison, architect, Sacramento, appeared before the council last night and asked that he be appointed the architect to draw up plans for the city library. Mr. Harrison's proposition was that he should be reimbursed six per cent of the construction cost of the building.

## BOY SCOUT LEADERS TO ATTEND MEETING

Jack Kimball, Julius Mueller and Rev. W. E. Bobbitt to be in Medford Thursday

Three men representing Klamath county will journey to Medford Thursday to meet with a group of men representing Jackson county and will complete the final organization of the boy scout organizations of both counties. The three men who are expected to represent Klamath are Jack Kimball, one of the originators of the movement; Julius Mueller and W. E. Bobbitt, pastor of the First Christian church.

It is hoped to secure Cecil Cook, scout executive, to speak before the chamber of commerce forum a week from tomorrow and to outline his plans for the boy scout movement in Klamath and Jackson counties.

Mr. Cook will be the only paid official of the boy scout organization. His time will be divided between Klamath and Jackson counties. The other officials of the boy scouts will donate their time free of charge.

## PRESBYTERIANS MEETING HERE

### Spring Meeting of Southern Oregon Presbytery Starts Tonight

Ministers and laymen representing the Presbyterian churches in the southern Oregon will gather today for the opening session of the spring meeting of Presbytery at the local Presbyterian church. The opening session is at 7:30 tonight, when the Rev. R. W. Nelson will deliver the sermon "The Faith Once Delivered to the Saints," after which the Lord's supper will be observed and the new moderator elected. The pastor of the local church, the Rev. Arthur L. Rice, is retiring moderator, having been elected one year ago at the meeting at Sutherlin.

Miss Eloise McPherson will play the organ tonight and a vocal duet by Mrs. Bert C. Thomas and Mrs. Harry Robbins. "The Lord is My Shepherd," by Smart, will be a musical attraction. The public is welcome to attend this service and the Wednesday evening meeting at 7:30 o'clock.

## NEW RATES FOR POSTCARDS WILL START TOMORROW

If you figure on mailing a picture post card tomorrow, don't put a one-cent stamp on it. Or if you want to mail a home newspaper to somebody in a distant city or state, don't slap on the usual one-cent stamp and expect it to get away. Which means that the new postal rates become effective tomorrow morning, and the rates on various classes of matter take a jump upward.

All post cards, except the government postal cards will require a two-cent stamp. Newspapers and magazines which have been sent at four ounces for a cent in the past will cost two ounces for two cents.

There are various other features to the new regulations which Postmaster John McCall will explain to those calling at the office.

## BIG WINDSTORM DOES DAMAGE IN INDIANA

INDIANAPOLIS, Ind., April 14.—A windstorm that, almost attained the proportions of a tornado, hopped about over Indiana last night, leaving in its wake a number of damaged homes, uprooted trees and levelled power and communication lines.

Apparently entering the state from the west, the storm passed over Sullivan in the southwestern section only a few miles north of the territory hit by last month's disastrous tornado, then moved northward, tracing a path through Indianapolis, Kokomo and South Bend, and veering eastward to Fort Wayne. The damage will aggregate several thousand dollars.

Roofs were blown from a few houses in Fort Wayne.

## CAUSES TWO DEATHS

BENTON HARBOR, Mich., April 14.—A high wind and electric storm caused two deaths, wrecked a partly completed factory building and snapped off numerous telephone poles in Berrien county last night.

## MAJOR LEAGUES STAGE OPENING CLASHES TODAY

### Baseball Fandom Starts Annual Pilgrimage to Parks in the East

CHICAGO, April 14.—Baseball fandom today started its annual pilgrimage to National and American league arenas for the initial battles of a six months' campaign for baseball leadership.

Fresh from weeks of limbering up in southern and western training camps but handicapped also by an unusually long list of injured players, 16 major league teams were prepared for the opening affair that will bring the national game back into the limelight.

A quarter million enthusiasts welcomed the return to baseball normalcy. Good playing weather was in prospect in most of the eight opening cities. Predictions of unsettled weather, however, came from Cincinnati, Boston and Detroit.

(Continued on Page Three)

## FORT KLAMATH TRIP FAVORED BY DIRECTORS

The long discussed trip of the chamber of commerce to Fort Klamath to meet and dine with the residents of the northern Klamath basin will soon materialize into something definite, it was announced this noon at the chamber of commerce board of directors meeting. A tentative date of Friday, April 21, was set. The trip will be the third "Get Acquainted" caravan which has left Klamath Falls for outlying rural communities.

## BUSINESS MEN URGED TO GET NIGHT POLICE

### Present Force Doing Every- thing Possible, Delegation Is Informed

If Spring street business men are not satisfied with police protection that is accorded them at this time, they will have to hire their own watchman as the Main street business men have been forced to do, Mayor F. R. Goddard told M. F. Loosley, part owner of the White Pelican Iron Works at the city council meeting last night.

Mr. Loosley, representing Spring street business men, asked that more police protection be given the Spring street section.

"It is my opinion, and also the opinion of the rest of the business men of Spring street, that patrolmen seldom venture into the Spring street territory, either during the day time or during the night," Mr. Loosley said.

The Mayor demurred.

Police Active  
"Why I myself, Mr. Loosley, have driven up and down that street as late as 2 a. m., just this week and I know for a fact that Chief of Police Loucks has done the same, and so has Patrolman Cooper. The beat from the Superior Laundry to the Ewauna mill is too long to handle on foot. I know for a fact that most of the patrolmen have been working over time in their attempt to patrol the town properly."

"Now if you Spring street business men feel that you are still not accorded sufficient police protection, the best thing you can do is make some arrangement like the Main street business men, who several years ago hired a special watchman to patrol their stores against robbery."

Mr. Loosley agreed with Mayor Goddard.

"If you haven't got the money for our protection from thieves, the best thing we can do is to get together and hire our own policeman," Mr. Loosley said. "The way we look at it is that something must be done to stop this burglarizing in not only the Spring street section but also the residence section."

Merle West, chairman of the finance committee, said that funds were not available to hire another policeman for the city.

"Our police force is right up to maximum at this time," he reported.

## INQUIRY SHIFTS IN POISON CASE

### Physician in Texas to Be Questioned Concerning Death of Woman

CHICAGO, April 14.—Investigation of the death of Mrs. Emma Nelson McClintock, whose exhumed body was found to contain mercury poison, has shifted temporarily to Galveston, Texas, from where in 1909 a physician was summoned to attend her in Bay View, Texas, when she was attacked by her final illness.

Galveston authorities have been asked to question Dr. William C. Fisher, who was practicing there in 1909 if he attended Mrs. McClintock and what he prescribed for her. Physicians who attended her after she returned to Chicago to die have said they prescribed no mercury.

The coroners jury later this week will resume its inquiry into the death of William McClintock, son of Mrs. McClintock, as the final step preceding the arraignment of William D. Shepherd, his foster father, on a charge of killing him with typhoid germs.

## JONES ARRESTED

SALFEM, April 14.—Bert Jones, who on March 28, 1924 escaped from the state penitentiary by going over the wall with five other prisoners, is under arrest at Sacramento, California, according to information received by Warden Dairymple today from California state bureau of identification. Jones is in the Sacramento jail on a thirty day sentence for petty larceny.
