The West is the Mecca of men of vision,

THEY FELL in love with the West... can you blame them?

Akron tire engineers with records of success running back a quarter century, knew the future held much in the East.

Yet when the West won them, they gladly transferred their training, skill and resources to the Pacific Coast.

Today C-T-C tires bear testimony to this pioneer move! Thousands of motorists in nine Western states have discovered that C-T-C engineers have put something into these tires that makes them outrun others.

We shall be glad to give you expert information about your tires, and - if you need them - put on C-T-C's - either balloons, semi-balloons, heavy-duty cords or oversize cords!

CHILQUIN ROAD TO BE SURFACED

Following out their original plan sooner than first contemplated, the county court on Saturday afternoon authorized the surfacing of the Chilquin-Williamson river market road. Urgent need of a good road to Chilquin has been brought to the attention of the court for several years, and a traffic census discloses that the greatest part of the traffic from the north into Klamath Falls originates at Chilquin.

CHURCH DIRECTORY TO BE CIRCULATED

According to members of the Church Women's Service League of St. Paul's Episcopal church, the church directories are completed and off the press. They will be circulated among the parish members within the coming week.

LADIES! DARKEN YOUR GREY HAIR

The use of Sage and Sulphur for restoring faded gray hair to its natural color dates back to grand-mother's time. She used it to keep her hair beautifully dark, glossy and attractive.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.
