**BUSINESS IS ACTIVE  
SAYS NATIONAL MFG.  
ASSOCIATION REPORT**

WASHINGTON, D. C.—Reports to the National Lumber Manufacturers association here from 373 of the chief commercial softwood lumber mills of the country indicate a marked expansion of the lumber trade during the week ending April 25. Production, shipments and orders all were much larger than at this time in 1924. Compared with the preceding week there was little change; a smaller number of reporting mills showing some decrease in new business and production, and some gain in shipments.

The unfilled orders of 250 southern pine and West Coast mills at the end of last week amounted to 619,127,577 feet as against 668,663,540 feet for 251 mills the previous week. The 128 identical southern pine mills in this group showed unfilled orders of 245,122,762

**foot last week as against 245,435,322 feet for the week before. For 122 West Coast mills the unfilled orders were 354,004,815 feet as against 423,228,148 feet for 123 mills a week earlier.**

Altogether the 373 comparably reporting mills had shipments 105 per cent and orders 100 per cent of actual production. For the southern pine mills these percentages were respectively 99 and 98; and for the West Coast mills 123 and 116.

Of the comparably reporting mills 350 (having a normal production for the week of 223,464,031 feet) reported production 101 per cent of normal, shipments 109 per cent, and orders 103 per cent thereof.

**BACK TO OSHKOSH**

Delwih Towle and Edw. W. Koehn, secretary and treasurer respectively of the Campbell-Towle Lumber company, left Saturday morning for Oshkosh, after spending several days here looking over the company's holdings.

**EWAUNA CAMP**

Fred Schallock was up this last week from the mill to see the new McGilliff loader in operation.

Ewauna has been shipping entire output of logs for past several days to Klamath Lumber & Box company.

Jack Villair, Ray Cyr and Joe Truchon were driving in from work the other evening in the Gray when the battery dropped out of the car. It was too near supper time to stop and put it back, so they dove home on the Gray's reputation.

Harry Messner and Mr. Kennedy, who is interested in the Trout Creek unit, visited this logging operation for an afternoon this last week.

Ray Cyr and Joe Truchon drove to Medford Saturday evening, returning Sunday night. Mr. Cyr's family returned with him.

Mrs. J. J. Villair left Friday morning with a carload of ladies

**as delegates from the Women's Community club of Chiloquin for the convention of Federated women's clubs of Southern Oregon held at Rogue River Saturday. Mrs. Tenbrook, Mrs. Prime and Mrs. Brandenburg accompanied Mrs. Villair.**

Shaw-Hertram's men may lead in cross-word puzzle activity, but Ewauna's men can go one step higher in the scale and render marvelous sounds by night by way of banjos, violins and trombone. It is customary to give "Nancy" preference in numbers, at least every other selection.

**BELLINGHAM LOGGERS ORGANIZE LOG PATROL**

Bellingham loggers have organized a Puget Sound Log Patrol, which will have for its purpose the inauguration of a system of preventing the stealing of logs and the reclaiming of logs which are lost. The incorporators are E. J. Cleary, John McMahon, T. F. Norman, L. G. Shampian and E. G. Griggs, Jr.

**MANLEY PUCKETT TO LOG FOR CAM-TOW.**

Manley Puckett, well known logging contractor, who has been logging for the Sprague River Lumber company, has contracted to do the logging for the Campbell-Towle Lumber company.

Puckett will use a Best Sixty cat with hydraulic wheels, and employ from twenty to twenty five men.

**PUZZLE**

Speaking of puzzles, cross word or otherwise, the men of Pelican Bay are trying to solve the riddle of Jack Nelston's age. By accurate computation, the number of years spent by the Pelican Paul Bunyan in various occupations and adventures all over the world totals 101. In addition, the men are offering a prize to anyone able to solve the following:

"When I mushed in Alaska during the winter of '73 the snow was six feet deep. I killed six wolves with one shot that winter"

ALSO

From \$1 to \$2.50 reduction on each tire if you put it on your car yourself.

ALSO

Tire insurance, saving you from worry about any road hazard. Ask about it.
