THE ATHLETIC PARK

Klamath county is fortunate indeed that it has a fair board which is anxious and willing to provide an athletic field for the young men of this community.

Utilization of the county fair grounds as an athletic field will solve a serious problem which has confronted those interested in athletics for many years.

The fair grounds athletic field should be quickly popularized. The county track and field meet to be held there within the next few weeks will in itself be worth more to the youth of the county than the nominal cost to the taxpayers of fitting up the athletic field.

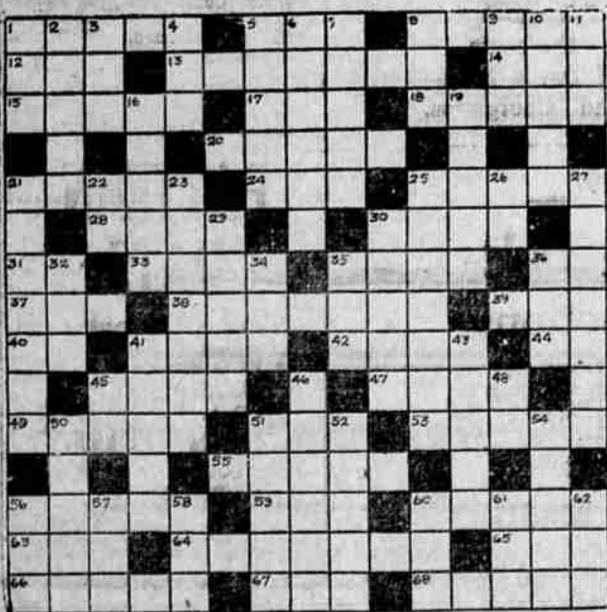

One of the leading spirits in this work on behalf of the school boys and others who will make use of the athletic field and ball park is H. N. Moe, fair director, who is deserving of the warm commendation of every Klamath resident. It is work of this sort which makes for a cleaner, better, healthier boy and young man.

FLOWER PIRATES

Residents in the section south of Klamath avenue are wondering today "what is the use" of trying to beautify their homes by surrounding them with flowers, shrubs and plants. Last night most of the homes in that part of the city were visited by someone who carried off flowers and plants, and this morning not a bloom greeted the eyes of the householders. It is supposed that the depredations were committed by children and if this surmise is correct, parents should make inquiry as to the source from which have come any bouquets reaching their home during the last day or two. If any of their children are guilty, proper steps should be taken to prevent a recurrence of the offense. There are already few enough homes in the city where the owners have made an effort to beautify them, and these should have the support of every resident in an effort to protect them from this wanton pilfering.

TODAY'S CROSS WORD PUZZLE

The famous animal, OO, and the hypothetical power, od, combine to make this puzzle unique in crossword history. There are other words found only in dictionaries and crossword puzzles.

HORIZONTAL

1. Idol.
5. Grain (esp. horse's food).

YESTERDAY'S SOLUTION

KLAMATH NINE SCORES AGAIN WITH HENLEY

High School League Upset When Local Boys Defeat Neighbors

Henley, which has been favored thus far in the baseball circles, for copying the county honors among high school circles, was brought down to a quick and decisive defeat on Monday afternoon when they traveled over to Klamath Falls to meet the Klamath county high school nine on enemy territory.

According to witnesses, the game was hot and heavy and tied in the eighth inning. In the ninth, the Klamath boys managed to stop the pill on its way to the catcher's mit, and sent one out on the diamond, netting them a run which left the score in the ninth and final inning, 5-6 in favor of the Klamath aggregation. This upsets the dope in baseball circles to a decided degree. Henley, all set and prophesied to win, has lost to Klamath high, and the Klamath boys are out more than ever, after the 1925 spring baseball title.

In the Klamath county league, Klamath has lost one game, and that contest to Henley, whom she defeated earlier in the week. In the Southern Oregon league, she has one loss slated against her, when Hammond and H. E. Wilson. All urday in Grants Pass. Friday she meets Malin at Modoc Park, this contest promising some real seasoned thrillers. Both Henley and Klamath are out to win and the play off, if neither loses another

WILL GET DATA ON LAND COSTS

Very few were the complaints received on land classifications on the Klamath Irrigation project, by the local cooperative board, who with the appraisal board met yesterday afternoon in the offices of the Klamath Irrigation district, for the purpose of reviewing the land classification work and listening to complaints of farmers who were not satisfied with the value placed on their land.

What few there were, were satisfactorily amended by the cooperative board. Present at the meeting were the members of the board; J. L. Jacob, chairman; Burrell Short and H. D. Newell; and five members of the appraisal board, H. L. Jones, U. E. Reeder, James Dixon, E. M. cost, crop production, total indebtedness and other phases must be covered. With these facts before them the survey board will be able to act with foresight in fixing relief measures.

L. E. Thayer, accountant, is now at work in the irrigation offices figuring out the total indebtedness of the Klamath Irrigation district.

BONANZA TO DECIDE ON COMMUNITY CLUB

Whether or not it would be best to remodel two buildings for the community club or to put up a new building, will be decided tonight by active members of the Bonanza community club, who after going into the proposition carefully will submit their findings to the Bonanza community club at its next meeting, Thursday evening, May 7.

The Bonanza community club, recently organized, is sold on the proposition of a community club. L. E. Thayer, prominent member of the club said today. The only question before the community is what site should be chosen and what sort of building should be utilized. One structure, the James building, was held to be satisfactory if the building were remodelled.

FIGURES GIVEN IN MARCH-APRIL

Noticeable Increase Found in Compilation of Statistics in Schools

Final reports from the various public schools in Klamath Falls compiled in the offices of Superintendent J. P. Wells, show the banner school of the month of April, as Riverside. Riverside school, for the highest percentage in attendance has won this banner for two consecutive months, having had the honor in March.

In every school in the city, one room is given a pennant for the highest average in attendance and lack of tardiness. In Central school the grade taught by Miss Anna Mae Johnson received the pennant; in Fairview, Miss Rena Goers' room; in Mills school, Miss Augusta Clinch's pupils; Mrs. Myrtle Helm's students in Pelican Bay school, and the room under the tutelage of H. W. Keese, the eighth grade students, won the pennant awarded in Riverside school.

With the completion of the tabulation for the month of April, the enrollment was found at 1385, showing an increase over the month of March, when the enrollment mark only reached 1227. Other figures show, April average of students belonging, 1095; March 1071.8. Average attendance for April, 1927.6; for March 1030.9. Number remaining at end of month, 1121 for April; for March 1083. Percentage of attendance in April, 94; in March 95.4.

DINNER DANCE

Reservations Made For 140 Guests For Affair Tonight

Plans are complete for the dinner dance to be given tonight, from 7:30 p. m. to 12 midnight, in the White Pelican hotel under the new hotel management of Mrs. Hope Kilbourne. More than 140 reservations have been made and the affair promises to be one of the most delightful of the season.

MALIN RESIDENTS

Number of Visitors Spending Week in Klamath Falls

With the final arrival of good weather, the number of visitors from the neighboring towns is increasing due to the improvement in the roads. Miss Eva Myers of Malin is spending the remainder of the week in Klamath Falls visiting with friends.

A New Yorker bet three taxicabs he could get married in 26 hours, this being a sign of spring in New York.

Maintain Oregon's Highways

Destruction Must Be Repaired

It Costs Millions Each Year to Maintain Our Highways

The Highway Commission finds 90% of the damage is caused by 4% of the traffic. This 4% includes for-hire trucks and busses operating as common carriers for their private gain.

CAUSE AND EFFECT

The last Legislature passed a law requiring these for-hire busses and trucks to pay a moderate charge to reimburse the State and Counties in part only for the damage these heavy busses and trucks are doing to the highway. Whether this law becomes effective May 28, 1925, rests with the people.

The Motor Bus and Freight Truck Association are circulating referendum petitions to hold up this law until November, 1926. If the people sign these referendum petitions, the private car owners and the general taxpayer will continue to pay the tremendous cost of maintaining these highways without receiving substantial help or aid from these for-hire trucks and busses that are doing most of the damage.

When you are asked to sign one of these petitions remember that it is a commercial bus or truck company that is asking you to relieve them of paying for the great damage that they are doing to our roads.

Refuse to sign these petitions and advise your neighbors to do the same.
