KLAMATH FALLS ONLY TEAM WITH STANDARD FIELD

City Nine Will Have Big Advantage in Having Best Diamond

Klamath Falls will have the only standard baseball field in the Klamath-Siskiyou league, officials of the local team proudly announce.

All other ball fields in northern California are either too short or do not live up to the standard requirements of a standard diamond.

With a scraper, removing all weeds, roots, rocks and other ob-

stacles that would give the ball an unfortunate bounce at the wrong time, the field will be in excellent shape by the time of the first game, Manager Fred Glover said today.

The county fair board, who donated to the ball team the county fair grounds for the ball grounds, have shown every possible cooperation with the team officials in smoothing up the field for the first game, it was said. All ready the team is practicing regularly on the field.

J. N. Givans Says Outlaw Horses

According to J. N. Givans, the president of the Big Rodeo association, there is no alternative for the Big residents to take in regard to the outlaw horses, and some measures must be taken whereby the show will pay for itself. It is the possible plan for the show to be taken on the road, ending up with the Pendleton round-up in September.

GOLF IS CLAIMED UNDOING OF JOHN BULL IN SPORTS

LONDON, April 30. — England's deterioration in athletics, as measured by international contests, is due to paying too much attention to golf, in the opinion of Leo Maxse, editor of the National Review.

England has been beaten year after year by the Australians at cricket, avers Mr. Maxse, who goes on to say: "We play second fiddle to America at polo, and third fiddle to America and France at lawn tennis, and we cut a poor figure at the Olympic games in Paris last year, all because the talents and enthusiasm that we ought to devote to real games have been wasted on that lazy, selfish, paltry pastime of golf."
