KLAMATH BOYS TO GRADUATE

Kenneth Perry and Ernest Miller Named on List of O. A. C. Students

OREGON AGRICULTURAL COLLEGE, Corvallis, May 1.—Kenneth S. Perry and Ernest LeRoy Miller of Klamath Falls are members of the 1925 graduating class, the largest in the history of the institution. The number for graduation is conservatively estimated at 530.

The record class up to this time was that of 1922, the big war group numbering 522. Last year 422 were graduated. The only possible explanation for so many seniors this year is that a larger per cent of those entering college is remaining to finish, believes E. B. Lemoa, registrar.

Seven students are candidates for the master of science degree, 12 for the degree of pharmacist, chemist, and some 520 for the regular bachelor of science degree.

Mr. Perry, son of James A. Perry of 237, Ninth street, is majoring in civil engineering. Though earning almost his entire expenses he is an active member of American Society of Civil Engineers. He has had three years of practical experience in surveying. While a student in Klamath Falls high school Perry was on the basketball squad, vice-president of the student body, and vice-president of the junior class. During the war he served two years with the thirty-eighth aero squadron. Perry is a member of the Sigma Nu fraternity.

Miller, son of W. A. Miller of 421 North Tenth street, is majoring in electrical engineering. Though earning his entire college expenses he has been active in his school work. While a student in the Klamath county high school Miller played on the football team two years, baseball team for three years, was president of the senior class, and was editor of the high school annual. Truth in Advertising

AT THE PINE TREE

Recent months have brought to the silver-sheet many historical photographs so obviously produced only because of their costume possibilities, that the regular picturegoer is entitled to be skeptical of any offering that dates further back than the world war. Indeed, in their abundance the costume spectacles have become almost a drug on the market.

It is as with a collective sigh of relief and a maximum of pleasure, therefore, that the fans greeted "Barbara Fretchie," which opened at the Pine Tree Theatre today. Not that the picture lacks costume possibilities. For it does not. But, wisely, the producers have refrained from smothering a perfectly

good story in a heap of fancy raiment—even when tempted by one of the most colorful periods in American history.

"Barbara Fretchie" makes its appeal for popularity solely through the medium of a really great story, simply and directly told, with a wealth of "human interest" of the kind that stirs the most unresponsive heart—and in its lighter moments brings unexpected smiles to route the tears.

There must be a division of the laurels, too, for Edmund Lowe, whose appearance as "Capt. Will Trumbull," the soldier sweetheart, is one of the particularly bright features of the production.

They are padlocking bootleg joints in New York, so now a man must carry a key as well as a corkscrew.

AT THE LIBERTY

"Renegade Holmes, M. D." an Arrow-Ben Wilson "Great Western" again shows the advantage of the "straight and narrow," over the underhand and scheming.

It is a subject that will always draw an audience, because the decision often seems in doubt, but being honest in thought and deed will always triumph.

This story is no exception. In the long ago, Marie Holmes had met Albert Barton, with no pleasant recollections to follow, and when her husband brought him home and introduced him, she kept silent.

Playing at the Liberty tonight.

Philadelphia has 100 public libraries; so she must have about a million picture shows.
