News of the Klamath Country

MIDLAND

Teachers and children in Midland are very much dissatisfied with the decision in regard to the track meet. The registers of the teachers will prove that every pupil entered by Midland had been regularly enrolled since September with the exception of Gregory, who entered in January. There is no just way of taking Midland's twelve points away from her. Central school according to the rules and regulations printed in the newspapers and those sent out to the teachers, would have to have received seven or eight times as much as Midland which would be eighty four or ninety six points. Midland's teachers would like to see how Central earned them.

A number of families from this section attended the track meet Saturday.

Tom Lyon, who has been absent for several months visiting at his old home in Grant county, has just returned to his ranch in the lower lake country.

Sing Kee, accompanied by Eddie McGrath of San Francisco, arrived in Midland Friday and is preparing to resume farming operations immediately on his ranch south of town.

A party of gypsies appeared in our midst last week but we are glad to say they did not tarry long in this neighborhood.

Mrs. O. P. Couchman spent Sunday with friends in Klamath Falls.

Mrs. A. C. Spence and daughter Velma, were school visitors Friday afternoon.

Geo. Ager passed through Midland Saturday on the way to visit his sheep camp in the lower lake country.

Barnes Bros. and J. Manning are among those who have recently driven their stock to Miller Island for summer pasture.

KENO

Roy Clevenger was a caller at the Puckett home Sunday afternoon. Mrs. C. E. Burton and children of Plevna have gone to Ashland to spend a few weeks. They were accompanied there by Mrs. F. T. Nelson and son, Roy who drove home again Thursday.

Mrs. Grant Nelson has been staying in Klamath Falls the past week with her mother who is seriously ill. Mr. and Mrs. D. J. Puckett and son were in Keno Sunday from their logging camp at Rocky Point.

Mr. and Mrs. Charley Behn and children of Klamath Falls visited at the Anderson home Sunday.

Frank Sexton, county club leader, made a brief visit to the Keno school Monday morning.

Mr. and Mrs. R. A. Broyles called at the C. Snowgoose home Saturday evening.

Ed Simmons of Bonanza was in this vicinity last week.

Ben Snowgoose recently completed a piece of work which may benefit humanity in general but car drivers in particular. He cut out the brush which formerly covered the hillside on the curve in front of the Snowgoose residence. The road may now be seen ahead for considerable distance from either side of the curve and the danger of accident is greatly lessened.

At a recent meeting of the high school board Miss Sylvia Erdmann was re-hired to teach the school for the coming year.

Mr. and Mrs. Bernard have moved from their apartments on Main street over to the Highway cottage on the river bank.

Mrs. Ed Seaver spent Sunday with Nellie Doten at the latter's home.

James and John Kerns, small sons of J. W. Kerns of Klamath Falls are staying at the Ben Kerns ranch at present, and are attending the Keno school.

Preparations are being made for the Commencement exercises of the graduating class of the Keno high school to be held May 20. The class which is the first to graduate is also the smallest of small classes for it consists of one student.

Another dance is scheduled to be held at the Keno hall Wednesday evening.

D. R. Doten accompanied T. A. Grubb to the Malin country during the week-end. They visited the section where Johnnie Aekley and Lee Doten are putting in a thousand acres of grain.

An employe of the Kesterson logging camp near Worden was the victim of an unpleasant but lucky-ending accident Saturday. He was driving along the road at a fair rate of speed when he decided to get the wheels of his coupe out of the rut in which they were running. He escaped from the rut but the car landed on its side on the edge of the road. The driver climbed out and on investigating found that no
