THRIFT DOES NOT MEAN how much you save but how wisely you spend your money. \$2.00 paid for rolling and heading a pair of shoes will give you more wear than a new pair of shoes and several times more comfort. Jack Frost, Sixth St., Shoe repairing. 29-23

CANAHAN ASKS HELP OF I. C. C.

Many well informed persons, including the writer, feel that the method by which Mr. Robert E. Strahorn and the Oregon, California & Eastern Railway Company secured the making of the said contract of May 29th, 1919, and the transfer of said properties, was at least constructively fraudulent. This is said because while the city theretofore had an interest amounting to \$300,000.00 in and to the railroad, without any new consideration whatsoever, so far as I can learn, it entered into and executed this contract and deed which made its holdings inferior to all bond issues, mortgages and the like that Mr. Strahorn of the Company might wish to float upon the property, as well as operating expenses, taxes and other obligations.

respectfully request that the Interstate Commerce Commission use its powers to safeguard the interests of the city of Klamath Falls, and protect it in its investment of \$300,000.00, now that this railroad is being sold to one of the great systems of the country. Very respectfully yours, J. H. CARNAHAN, City Attorney.
