FILIPINO VOTERS IN THREE YEARS INCREASE NEARLY HALF MILLION

MANILA, June 3. (AP)—Approximately 1,800,000 ballots have been printed and will be distributed to the various provinces of the Philippines to be used at the national election on June 9, when members of the House of Representatives, one half the membership of the Senate, and provincial governors and other provincial officers will be chosen. Comparing these figures with those of the election of 1922, there is an increase of approximately 446,000 voters this year. The province of Pangasinan in central Luzon heads the list of the provinces in the number of voters this year, 129,000 ballots having been sent to that province against 123,000 in 1922. The city of Manila has 70,000 qualified voters.

Man is floating on Quincy, Ill., to St. Louis on a mattress, proving dreams come true. Brooklyn man who swallowed his false teeth will recover, and green corn season is right here.

Yes, Here Is—or Was—a Polite Traffic Cop

Maybe you thought there were no polite traffic cops. Well, there are—or at least, there was one. He's Homer L. Veigh, for 10 years on duty at the busiest corner in Huntington, W. Va., and always polite. Yes, it couldn't last. The citizens were so overcome they went to the polls and elected him city commissioner, and that by a record-breaking majority.

VITAL STATISTICS SWAMP LONDON

LONDON, June 3. (AP)—Somerset House, where is stored the vital statistics of London, uses colors to facilitate its filing system. The volumes on the various subjects each has a color; green for marriages, red for births, black for deaths, brown for wills and yellow for divorces. The shelves are now so congested with 160,000,000 records that new quarters are being sought. If they ever catch a ram runner in a bay we have a wise crack about bay rum.
