Every Woman should have a Savings Account

Whether she receives a house-keeping allowance or has an income of her own, she should open a savings account and accumulate a substantial sum of money. Only the woman who has a savings account can fully realize the feeling of independence.

Your account can be opened with one dollar, or more. Then you take home the artistic little book bank. Put in spare change whenever it's convenient. It's almost startling the way your account will grow.

Gene Tunney Knocks Out Tommy Gibbons in Twelfth Round—Now Wants Match With Jack Dempsey

NEW YORK, June 6. (A. P.)—The shadow of a heavyweight who climbed to pugilistic fame out of the trenches of the world war today stretched across the path of Jack Dempsey.

Gene Tunney has done what no other heavyweight, not even Dempsey himself, has been able to do—conquer Tom Gibbons by a knockout.

After 11 rounds of fighting without thrills at the Polo grounds last night, the former A. E. F. light heavyweight champion sent the game veteran from St. Paul down for the count under a smashing right to the chin in the twelfth.

The crowd was stunned. In the round before it had booed the two men for failure to put up the hot fight which had been expected, but apparently Tunney alone was aware that his foe, a veteran of 25 years, was willing under the gruelling fire at close quarters. After one minute and 26 seconds of the twelfth round Tunney put out one of the most formidable heavyweight contenders in the country.

A right which felled Gibbons in a neutral corner so dazed him that he was unable to get his bearings as he arose. Tunney landed another wallop to the chin and this time Gibbons was finished. The winner whom Dempsey has promised to meet, fought well throughout, but Gibbons appeared only a shell of the greater boxer who stood off the champion at Shelby. Only in the eighth did the St. Paul man treat his audience to fireworks.

While Gibbons fought, his wife lay ill in a St. Paul hospital. The fighter's friends and that worry over her condition undoubtedly had

something to do with his defeat.

Post-fight statements follow:

Tunney—"If the fans think I should fight Harry Willis first, I am ready to take him on at any time this summer, but I really think the knockout over Gibbons is enough to earn a match with the champion."

Gibbons—"I don't remember what round the bout ended in. I fought the best I could, but the best I had was not good enough. That's all."

Begin Work On Lettuce Ground In Wocus Marsh

Work of preparing ground for Klamath's first commercial lettuce ranch has begun on a 109-acre tract leased from Geary brothers by Sandey & Hunt of Los Angeles, California.

Intensive preparation is necessary. To successfully raise lettuce it is stated that the entire tract to be planted must be prepared as a monster seed bed.

Credit for attracting the attention of the California men to the possibilities of this section goes to Roy Nelson, Worden rancher, who while on a visit in the south convinced them that conditions here were ideal for lettuce culture.
