FROM LOS ANGELES

D. G. MacDonald registered last evening at the White Pelican from Los Angeles.

WHY SKINNY FOLKS TAKE COD LIVER OIL

Gain 5 Pounds in 30 Days or Get Your Money Back

Because it is richer in vitamines than any other food in the world.

Doctors prescribe it for rickets and anaemia in children and for tuberculosis, malnutrition and convalescence in grown up people.

As a produced of weight—good healthy flesh—there ih nothing in the world so good.

But it's nasty tasting, horrible smelling stuff that often upsets the stomach so doctors now are ordering cold liver oil in tablet form.

You've got to take on weight when McCoy's Cod Liver Oil Compound Tablets are taken regularly—you simply can't help it.

It's so good that if it doesn't put on five pounds of good healthy flesh on any skinny man or woman in thirty days the McCoy Laboratories of New York authorize The Stir Drug Store, Underwoods Pharmacy, Whitman's Drug Co. and all druggists to return the price you paid for it.

Be sure to ask for McCoy's Cod Liver Oil Compound Tablets—sixar tablets—60 cents. One woman put on fifteen pounds in five weeks, and they are especially valuable, to weak thin children.

RIVAL CHINESE ARMIES BATTLE FOR SUPREMACY

Fight for Possession of Canton Continues Bitter Both Day and Night

CASUALTIES ARE BIG

Many Bodies Seen Floating in River at Dawn Today Following Skirmish

CANTON, China, June 11.—Fighting day and night, armies of rival military leaders continued their battle for possession of Canton today with new fury as telling blows were reflected in increased casualties.

A force of Kwongtung troops in the attacking Cantonese army was shot in the river last night when an attempt was made to make a surprise landing which was discovered by the defending forces. Heavy casualties resulted and at dawn many bodies were seen in the river.

Gunboats Arrive

Additional foreign gunboats arrived today, making a total of 10 in port.

The foreign war craft are being used today to administer medical assistance to wounded residents of the river front.

Eighteen members of the Chinese chamber of commerce here today waited on British consular authorities, presumably regarding the present situation, but the result of the call was not made known.

Offers Are Made

The defending Yunnanese troops assert their willingness to hand over the government to the Kwangtung wing of the attacking forces. The Yunnanese leaders agree the Kwangtungites are competent to handle government affairs and the defending forces would be willing to support them.

Public opinion favors the retention of the Yunnanese forces in charge of the government at Canton.

The Associated Press correspondent was approached with a request today to interview General Yang Hai-Min of the attacking forces stationed at Shaho, six miles outside the city. The interview will be held later.

JAPANESE DIVERS TRAVEL FAR TO RECOVER SUNKEN TREASURE

TOKYO.—A party of Japanese, including expert divers, expects to leave soon for Port Said to engage in salvaging the government transport Yasaka Maru, which was sent to the bottom of the Mediterranean by German submarines during the world war. The transport had on board gold bullion valued at $500,000.

The Japanese will attempt also to salvage the British liner Egypt, which was sunk by submarines near Marseilles with $1,000,000 aboard.

John L. Sullivan knocked out 165 men on his famous tour.

HARRY THAW IS STEPPING AGAIN

NEW YORK, June 11.—(A.P.)—Traffic was jammed this morning when Harry K. Thaw, who came back to Broadway last night after a week's absence at Winchester, Va., emerged from a cabaret. He spent the evening and early morning there doing nothing much but responding to welcomes by Rialto belles and sipping ice water and orangeade. Several hundred curious persons crowded to the doors to see him. He seemed startled and fled to a taxicab. Curious folk pursued him through Central park and then left him alone when he returned to the cabaret.

His bill for the evening, which included $2 table d'hote dinners for himself and two male companions, amounted to $35. Of this amount $5 went for a tip to the head waiter, $3 to his table waiter and $1 to the hat checker.

Chorus girls amused him during the evening and he was introduced to all who took part in a revue. He told one she reminded him of Lillian Russell.

Thaw declined to dance, as he said he had not kept up with the modern steps. Even an old-fashioned waltz, played for his benefit, failed to shake his determination not to appear on the floor. He said he was going to stay in New York until he had seen every cabaret.

Cascara bark, quiet. New peel, 8@9c; Oregon grape root, 3 1-2c.

JUDGE ORDERS RETURN OF CAR

That the state must return to the owner a car in which Samuel L. Woodward was arrested while in possession of a pint of liquor was the verdict of Circuit Judge A. L. Leavitt yesterday in circuit court.

Woodward forfeited $500 bail which he posted on the charge of possession of liquor and the state subsequently issued a warrant charging him with transportation.

Inability of the state to locate the missing man for service was no factor in the case, Judge Leavitt ruled. He held that the question at issue was whether or not Woodward had actually transported liquor, as charged by the state. Attorneys Duncan and Marx represented the defendant.

France produces 700,000 met. tons of paper annually.

Third Naval Plane Completes Journey

SQUANTUM, Mass., June 11.—(A.P.)—The Na-3, third of the amphibian airplanes which will accompany Commander Donald B. MacMillan's expedition to the Arctic next week, arrived today from Philadelphia, after alighting at Sagamore Point, on Cape Cod, last night.

The plane was forced down last night by a heavy squall, but the aviators had no difficulty in landing. They tied the plane to the beach, passed the night ashore and resumed their trip today.

The other planes, Na-1 and Na-2 arrived yesterday. Two of the planes will be taken to the navy yard and placed aboard Commander MacMillan's ship, the Peary, while the third will be flown from Boston to Wiscasset next Wednesday when the Peary sails from that point.
