Brooks-Scanlon Will Start Operations In Klamath, Says Report

Another Large Lumber Concern Plans on Extensive Work When Hill Lines Come—Negotiations Reported Pending For Purchase of Booth Timber

Another extensive lumber operator is planning an invasion of the Klamath territory by reason of the projected coming of the Hill lines to this part of the state. Information received from authentic sources today indicates that the Brooks-Scanlon company of Bend is looking with longing eyes toward the pine timber of Klamath county and will start gigantic operations here in case the Hill lines are given authority to build from Bend to Klamath Falls.

It was reliably reported that the Brooks-Scanlon interests are now negotiating with Robert A. Booth for the purchase of the Booth-Kelly timber holdings in this section, and that some definite announcement can be expected just as soon as the rail controversy between the Hill lines and the Southern Pacific is settled by the interstate commerce commission.

Big Holdings

The Booth-Kelly interests own extensive pine holdings in this county, and one of the projected surveys of the Hill lines cuts through their tract which comprises millions of feet of timber.

Coincident with this announcement, it was reported that the Shevlin-Hixon company, also of Bend, has just about completed negotiations for the S. O. Johnson mill site along Lake Ewauna and will announce plans for the building of its mill within the next few days.

To Ask Extension

The Shevlin-Hixon company is under contract with the government to begin cutting timber in this county during the present year, and it is believed that it will shortly start construction of the mill to show good faith, and will then petition the government for an extension of time on its projected logging operations.

Both of these big lumber projects are planned for Klamath county by reason of the determination of the Hill lines to build to Klamath Falls. These operations, together with the known coming of the Weyerhaeuser company, will make Klamath county one of the largest timber centers of the west.

CHINESE ARMIES ENGAGE IN HARD FOUGHT BATTLES

Many innocent Persons Are Stoned to Death on the Streets of Canton

LOOTING IS REPORTED

Defeated Yunnanese Troops Slain After They Surrender to Victors

CANTON, China, June 13.—(A.P.)—The attacking Kwantung and Canton forces under Bolsheviki officers after a fierce attack on the defending Yunnanese army today forced them to surrender Canton and today imposed extreme cruelties on soldiers and civilian population as well.

The attacking forces landed 2000 soldiers at Tung Shan and from that point they attacked, leaving the defending forces without river transportation facilities and therefore unable to launch a counter attack.

After landing the Kwantung troops gave the surrendering forces no consideration, although the defendant troops had voluntarily given up their arms.

Loot the City

The winning forces then began looting the city. This was not confined to stations of opposing army forces, but extended to homes of non-combatant citizens.

Revolting scenes followed in all parts of the city, many of which were witnessed by foreigners. Innocent people were stoned and beaten by mobs, members of which seemed to have lost their senses.

Beaten to Death

The bodies of slain innocent persons are strewn along the roads. The surrendering Yunnanese troops in many cases were beaten to death by the Kwantung forces.

From Shamen, the foreign population saw a conquered soldier commit suicide by diving into the river after witnessing the killing of his comrades.

The winning forces either shot defeated troops or threw them into the river after beating them with bamboo, stones and rifles.

Looting was carried on in an extensive manner. The winning troops took even petty articles of household property in their campaign of terror.

Soldiers Are Traitors

The principal cause of the defeat of the Yunnanese troops, now driven out of Canton, was the treachery in the ranks of the Kwantung troops, who quit for a cash consideration.

Considerable damage was done to buildings owing to heavy gunfire. The most revolting scenes inside the city were caused by the Kwantung troops.

The defeated army leaders swore they would return to avenge the wrongs done today.

Genna is believed to have been a brother of Angelo Genna, gangster recently assassinated, and the killings are believed to presage a bitter police war against gunmen and beer runners.

Myers Resigns as Prosecutor to Bring Suit

Acting District Attorney Quits Office Under Fire

Acting District Attorney W. P. Myers last night wired his resignation to District Attorney William Ganong, who is ill in a veterans' hospital at Walla Walla, Wash. in order that he might be free to begin libel proceedings against the Evening Herald.

This action by the acting district attorney occasioned no surprise in legal circles, as the Evening Herald on June 2 forecast the impending retirement of Myers from the district attorney's office.

As also forecast by the Evening Herald, Caleb Jones has been agreed upon by a group of local attorneys as suitable for the vacant post, and his elevation to the place within the next few days is considered a certainty.

It has been known for several weeks that strained relations existed between District Attorney Ganong and Myers, and that Myers would either be "fired" outright or given an opportunity to resign some time during the present month.

In a purported statement given out last night, Myers is quoted as saying:

"I have stood all from the Evening Herald in the way of abuse that human nature can endure."

Rescue Workers Work Feverishly For Man In Cave

SACRAMENTO, Calif., June 13.—Rescue workers, delving into a mass of fallen earth and rock in the Baltic tunnel of the Alta Combination Mine, three miles west of Grass Valley, California, this morning had picked and shoveled away between 45 and 50 feet of a cave-in which last Thursday imprisoned Robert Hill, a miner, says a telephone dispatch from a staff correspondent of the Sacramento Bee.

Cheered by reports that early last night sounds believed to have been Hill tapping on the rock walls beyond the cave-in, the relay of miners, working three at a time in the face of the tunnel cave-in renewed their efforts. It was estimated today that the cave-in had covered about sixty feet of the long tunnel into the Sierra Nevada mountains, although estimates varied.

Bud Hodges Caught Red-Handed While He Is Delivering Booze

Clever Coup by Jackson County Authorities Lands Four Klamath People in Jail—300 Gallons of Moonshine Taken—Guns Also Found

MEDFORD, June 13.—Another important step in his policy of ridding Jackson county of liquor violators, during the Oregon National Guard encampment, was taken last night by District Attorney Newton C. Chaney, when, assisted by Sheriff Jennings and the Medford police he arrested B. J. Hodges, Mr. and Mrs. R. Dawson and Mrs. Betty Hodges, all of Klamath Falls, as they were engaged in dispensing moonshine to the Hut candy store situated on the Crater Lake highway near Camp Jackson.

The arrests were the result of a carefully conceived plan worked out by the district attorney several weeks ago when he learned there would be a concerted attempt to flood Camp Jackson with liquor.

The Hut candy store and soft drink establishment was established by him at a strategic point on the highway and then nature was allowed to take its course. The proprietor of the store was soon approached by the moonshiners, and last night was made the date for delivery.

Chaney and Sheriff Jennings assembled seven men fully armed in the building and as Hodges walked in with the liquor, he was covered and disarmed and his car confiscated. Mr. and Mrs. Dawson were given the same reception. A third car was scheduled to arrive but apparently the operator grew suspicious and thus escaped.

In addition to the automobile and three automatic revolvers, 300 gallons of moonshine were secured. The Dawsons, Hodges and Mrs. Hodges will be given their preliminary hearing in Judge Taylor's court this afternoon.

Klamath Elks to Hold Flag Day Services

Judge R. R. Butler of The Dalles to Deliver Speech

Fires of patriotism will burn a little brighter in Klamath Falls tomorrow night when the Elks' lodge will gather at their temple for the annual flag day services. They will start at 8 o'clock.

In addition to the address by Judge Butler, there will be the impressive flag day ritual of the lodge, a history of the flag by Francis Olds, commander of the American Legion post, and special music by Borel's orchestra.

The services are open to the general public, but special invitations have been sent to members of the G. A. R. Spanish War veterans, Indian war veterans, and world war veterans.

Defense Loses in Legal Tilt

Prosecution Scores in Shepherd Murder Trial Today

CHICAGO, June 13. (A.P.)—The defense of William Darling Shepherd, on trial for the murder of his millionaire foster son, William Nelson McClintock, lost another hard fought battle today.

At the opening of court, William Scott Stewart, chief of the defense counsel, sought to have erased from the record the testimony yesterday of Estelle Gehling, Shepherd's "Sunshine girl", and a quotation from a letter he had written to her admitting financial insolvency and an intention to close his office here and drift away from it all.

Judge Thomas J. Lynch agreed face of the tunnel cave-in renewed, that while the letter was highly prejudicial against Shepherd, it was pertinent in that it confessed, in his own handwriting that he was bankrupt and his outlook was hopeless one month before young McClintock died and left him an estate of more than a million. It was agreed that only a portion of the letter should be permitted to go into the records, and that the parts of the letter which identified it as a "love letter" should not be read.
