## Men With Long Arms

YOU know how mad you get when you find a ready-made suit that fits everywhere but in the sleeves and they hike up your arms like you were going to fight.

A tailored suit would alter this defect—but of course you swelled up and said they cost too much.

You're off again—there is so little difference in the price and so much difference in satisfaction that you would never consider anything but a tailored suit.

Come in and take your pick of the beautiful patterns we have in stock.

## NEW DIRECTORY

Persons Who Have Failed to Get Them Asked to Call

The New Telephone directory has just been delivered to the patrons of the Pacific Telephone and Telegraph company. The new directory contains the complete listing of all telephones served by the Klamath Falls exchange. The directory was compiled under the direction of F. R. Dunn, local manager and was printed entirely in Klamath Falls.

Persons failing to secure new directories are asked to notify the management, and any persons having both a new and an old directory should dispose of the old one so that there may be no confusion in numbers.

Telephone patrons who are in the habit of calling certain numbers without reference to the directory are urged to consult the booklet to be certain that no changes have been made.
