every **MAN**
every **WOMAN**
every **CHILD**
is vitally concerned
in the **ICE** industry

Do you know that the man who delivers your ice represents a tremendous industry that has grown to be one of the most important in the civilized world?

Do you know that under modern conditions the ice industry has become one of the greatest single factors in guarding the health and food supply of the entire Nation?

These are facts—facts that concern everyone. In the modest home, as well as in great industrial plants, refrigeration plays an intensely vital part in the life of today.

"SING THEM AGAIN"

At The LIBERTY

Watch out for "THE MAN IN BLUE"
He's the Sworn Enemy of the Black Hand!
The Romance of a Fighting Cop

BUSINESS TRIP

O. Meyers who makes a number of business calls to the city during each month from his home at Medford is in the city today.

MERCHANT HERE

Robert Pruitt, merchant of Gold Hill, spent yesterday in the city on business from his home.

Is a Lion afraid of a cock?

Medieval wiseacres used to wag their heads and tell tales like this in the village marketplace.

An amusing superstition, of course, but is it any more absurd than the belief that there is something mysteriously "better" about eastern motor oils just because they cost more and come from eastern crudes? Professional drivers and economy-run experts out after records don't share this superstition—why should you pay tribute?

Zerolene—the choice of Western Motorists

Zerolene lubricates more cars in the Pacific Coast states than any other oil made—a better oil if it does cost less. Zerolene increases the gasoline mileage, reduces the carbon removal and maintenance costs and lengthens the life of any car in which it is used.

Zerolene checked fifteen times for quality

As a matter of fact the best crude so far discovered for the manufacture of motor lubricants is obtained on the Pacific Coast. And the most highly developed refining process is the high-vacuum process, the patents on which are held by this Company. And 15 positive checks on Zerolene at the refinery make quality control absolute.

Why pay tribute to superstition when you want the best oil you can get? Insist on Zerolene—ask for it by name.

Get the Facts!

A series of independent and impartial reports showing the experience of large users with Zerolene has been collected in our booklet, "Why Pay Tribute to a Superstition?" Ask any Standard Oil Company representative or Zerolene dealer for a copy.

Insist on
ZEROLENE
even if it does
COST LESS
