CAUTION

The thin, extremely flexible balloon casing, repaired by the old methods, leaves a hard, stiff section which throws the tire off balance and quickly ruins it. The Hawkinson System eliminates this difficulty by making a repair of remarkable strength—yet just as thin and pliable as the balloon tire.

Badly injured balloon tires are not "through" if they are repaired the Hawkinson way. A trial will convince you. We guarantee each repair to **OUTLAST THE TIRE**, or your money back. All tires inspected **FREE**.

At The LIBERTY

Richard Talmadge's advent into pictures was made through Douglas Fairbanks. Being a great friend and admirer of Doug, Dick spent a great deal of his time at the Fairbanks studio. One day on the lot Dick engaged in an athletic contest and the ease and grace with which he executed the most difficult stunts induced Fairbanks to encourage Dick to enter moving pictures. His super-feature, "Taking Chances," bears out Doug's confidence in this star. You will be treated to a thrill a minute and witness stunts never before attempted on stage or screen.

At the PINE TREE

Beautiful June Marlowe, the first screen actress to make a feature picture in Klamath Falls, shares honors

with Irene Rich in "A Lost Lady" which opens at the Pine Tree theater tonight. In Hollywood June is known as "the girl with the soulful eyes" and she has made wonderful progress in her profession during the past year. To be chosen to play with Irene Rich, Matt Moore, George Fawcett, and the rest of the stellar cast of "A Lost Lady" is indeed a privilege.

One of the most popular novels of last year furnishes the story for the picture, and the exterior scenes were made at Convict Lake, California. Irene Rich plays the part of Marion Forrester, who fights vainly and bitterly against relentless fate, losing youth, beauty and caste in the struggle, but finally wins out in the end. She is ably supported by June Marlowe. Klamath Falls will be interested in seeing the progress made by this winsome young actress since we met and knew her here.
