

NOTICE

Owing to our inability to collect for milk delivered to the homes of Klamath Falls residents, we the undersigned distributors hereby agree to retail the milk products handled by us for cash only.

This agreement to go into effect August 1, 1925.

The dairymen of this city are losing many dollars each month through people refusing to pay the milk man. Therefore we are forced to ask everybody to pay cash in advance, as in other cities, for the milk we deliver.

We will consider the 15th of August as the last date for cash settlement for the month of August. Thereafter we will expect all accounts to be paid for on the first of each month. If accounts are not paid by the 10th of each month we will discontinue the serving of milk and notify the credit association of our action that all dairymen in the city may know.

SPRAGUE RIVER

The contract for the drilling of a deep water well at this place has been let and work will begin within the next 10 days. The purpose of this well is two-fold—to furnish water for the city and the O. C. & E. railway. Some drilling company now operating at present in Lake county has been awarded the contract.

It is reported that the prospects for grain are so good that the Klamath Agency Superintendent, Mr. J. D. Arnold has decided to put a threshing rig in operation this fall. This is very pleasing to the Indians on this end of the reservation as the ex-

pense of buying grain every spring is quite an item.

Mr. F. A. Hutto was a business visitor at Lakeview on Wednesday of last week.

Mr. and Mrs. E. E. Holland, the newly married couple have arrived in Sprague River, and are very comfortably located in their new home. We are glad to have them with us and we wish them a very happy and prosperous married life. As Booker T. Washington so often would say in addressing his pupils "your future is before you, make of it what you will," so this newly married couple's future is before them so we feel like saying to them, it will be what you

make it.

Miss Mable Turner of Portland is visiting at the home of Mr. and Mrs. W. N. Sharp of this place.

Mr. and Mrs. Dennis Crawley and family from the Williamson River district are here for a short time putting up hay.

Erskin Beal is in Klamath Falls on business, being called as a witness.

Mr. F. A. Hutto of Yainax made a business trip to the Klamath Agency on Monday of last week returning the same day.

Mr. and Mrs. A. H. Allen, who have been visiting their parents, Mr. and Mrs. Ivey C. Clark of this place, returned to their home in Compton, California. Mr. and Mrs. Allen were very highly impressed with this country. Mr. Allen with his brothers own and operate a machine shop in that place where they manufacture oil tools. Mr. Allen remarked that to his opinion some day oil would be taken from this valley as it was much like the formation of the earth on the Standard Oil company lease in the Santa Fe Springs, and Compton field. Mr. Allen has just got a patent on a core barrel. This is an apparatus for running in the hole and picking up the cuttings of the earth so as to get a direct log of the hole. In some instances the formation of the earth changes as much as three times in a foot.

Mr. Dave Skeen of the trout creek vicinity made a business trip to the Agency on Monday of last week.

Henry Shadley and Walter Ruff, of Chiloquin, were in Sprague River on Monday of last week, being called on business. They returned the same day.

The Campbell-Towle Lumber Co. has a planer running and shipment of lumber has started. It is reported that ten carloads will be shipped at once.

Mr. Joe Jackson of Chiloquin passed through Sprague River on Saturday of last week on his way to Beatty.

Rev. and Mrs. Peffley of San Pedro, California left on Thursday of last week to visit friends in Salem, after visiting several weeks on the reservation. The Peffley's were one time missionaries on the reservation and their influence can still be felt.

Dr. Rodgers from the Agency was calling on the sick of this end of the reservation on Thursday and Friday of last week.

This is hay makers week and every old mower and rake that can be found is put in operation. The Indians are good haymakers and seem to enjoy it. Now if they could get a fair price for their cattle it would be some encouragement for them.

Mr. Frank Cobern has temporarily moved to Yainax to harvest his hay and grain. Mr. Cobern has a very fine crop of both hay and grain.

Mr. and Mrs. A. B. McNair has purchased the dwelling and garage of Mr. Walter Gregg and has moved his family to this place. Mr. McNair now has charge of the business. We wish them success.

Mr. Daniel Clinton has completed his well at his home in west Sprague River, at a depth of thirty feet.

We are glad to report that the infant of Mr. and Mrs. D. L. Smith is improving.

Mr. Fackett, who has a logging camp at Cherry Creek was in town one day last week.

C. A. Sconchin, who had the misfortune to get his arm hurt a few days ago is improving and will soon be able to work again.

Mrs. Bertha D. Wallace, the field matron, and Mrs. F. A. Hutto of Yainax made a business trip to the Agency one day last week returning via Klamath Falls.

If the new school building is not completed by the time school begins the people at Sprague River will be disappointed.

Seiberling Cords

Are still answering the call of "Old Man High-Rubber", and it impossible to foree when they will take a drop or two—but in the meantime—we are not following the dictates of the wholesale prices and if you will act quick you can save some money.

Remember This

You will see more SEIBERLING CORD tires on the roads of Klamath County than any other make. That more people are equipping all around with this famous all tread make than any other tire you can buy.

It's all because they will stand the gaff

SEIBERLING CORDS

Your ICE man performs a real service

Did you ever consider what would happen in this country if the supply of ice were suddenly cut off?

Such a catastrophe would mean thousands of untimely deaths, untold suffering and sickness, and the waste of millions of dollars in food. Manufacturers and distributors of ice know this, and they have invested large sums of money to prevent any such calamity. Civilized humanity owes much to the ice industry. Its men are engaged in a real service to the public.

Your ice man is more than a tradesman. At a nominal cost he renders you a service whose value cannot be computed in dollars and cents.

B. E. Wolford is giving his roof a coat of paint.

Sprague River now has a commercial club and we will soon be able to give the desired information to the many inquirers that are being made by the visitors who pass through here.

LAKEVIEW

C. W. Reynolds, a prominent dairyman of Lakeview, Oregon has placed an order for a fine pure-bred Holstein bull of the Judge Segis breeding, the sire of which is now owned by the Carnation farm. This is the second purebred Holstein bull to be shipped into Lake county within the last six months. The other one was shipped in by Mr. J. P. Todd of the West Side in March of this year. Both animals were purchased from the Oregon Holstein Association.

J. F. Hanson of the Point Ranch on the west side of Goose Lake, this week delivered a bunch of lambs to the buyer. They were February lambs and weighed an average of 82 pounds each.

Mr. P. T. Fortner of Thermopolis, Wyoming, has been appointed as county agent of Lake county, Oregon, to fill the vacancy created when Mr. R. G. Larson resigned the first of July to take a position as manager of the Lakeview Mercantile company. Mr. Fortner will arrive in Lakeview to take charge of the office August tenth.

Mr. and Mrs. Earl Garrett of the West Side are the proud parents of a baby girl born July 23.

The sportsmen are greatly enjoying the excellent fishing in Campbell lake. Most of them are getting "their limit" without any trouble. This lake has only recently been opened for fishing, and will be closed after a period of thirty days. Since fish do not propagate in these waters it is necessary to plant a supply of the fry occasionally in order to keep the lake well stocked.

Mrs. Z. T. McCabe, a resident of Lakeview for the past fifteen years, passed away at the family home on South Water street in Lakeview, Oregon, after an illness of several months.

The Sanitarium at the Hunter Hot Springs, north of Lakeview is rapidly taking on a finished appearance and will probably be ready for occupancy early in September. This hospital, situated as it is, at the very edge of one of the largest geysers in the United States, is very picturesque and is certainly a credit to the entire community.

Arnold Johnson, who has been connected with the Lakeview Garage for several years, has purchased a half interest in the Pioneer Garage of this city and is now on duty at his new location.

Mr. J. A. Speier was badly injured at the Bagley sawmill last Thursday when a log struck him in the back. He is still in a critical condition at the Lakeview hospital.

Plans for the Lakeview Roundup are rounding into shape rapidly and the Sixth Annual Roundup promises to set an enviable record for roundups in the future.

POSTPONE HEARING

WASHINGTON, July 28, (AP)—A hearing in Washington's evolution suit was postponed today until Friday.
